On bended knees, about an hour,
For grace to spend aright the day,
Who knows his neighbor has no flour.
I'd rather see him go to mill,
And buy the backless brother bread,
And see his children eat their fill,
And laugh beneath their humble shed.

I do not like to hear him pray, "Let blessings on the widow be," Who never seeks her home to say, "If want o'ertakes you, come to me."

Then steal the earnings of the poor.

Five minutes later seven hundred warriors, headed by Old Wolf, whom the United States soldiers and Mexicans well know to their sorrow, surrounded me, and such shaking of hands and hugging I never experienced before. The chief the next morning gave me his third daughter as a bride.

This is to certify that I have been troubled with severe pain in my chest and lung, and coording all night long, and excessive expectoration. All who are suffering from Catarrh in the head—that loathsome disease so prolific of evil consequences—can be speedly and permanently cured if they apply for treatment in season. There are thousands of cases of throat diseases, bronchitts and consumption due solely to catarrh, to say nothing of its less terrible consequences—impaired sense of hearing, smell, disgusting effluvia of the breath, the diugy complexion, dyspepsta, neuralgia, etc. These are in numberless cases caused solely by catarrh in the head. The disease afflicts thousands who have never suspected its presence. Its symptoms are so diverse in different individuals as to often mislead the sufferer and his medical advisor. The only safe and proper posty and radical cure of Nasal Catarrh, owness is to have an examination from a physical no competent to take a correct diagnosis and to cure the cell when found to exist.
