SENATOR MITCHELL'S WORK.

The Service on the Mail Route From Salem to McCoy, to be Readvertised to six Trips a Week.

section. The route from Salem to Independence was reduced from six to three trips a week, from Salem to McCoy, reduced the same, and from Salem to Makife-handles, billiard-balls, poker-chips, cleay and Whiteaker, from three to two

yet remains at two trips, but should be

Washington, D. C., Feb. 9, 1886.

Senator John H. Mitchell, U. S. Senator-Sir:—In reply to your letter of the 28th ult., you are informed that service on route No. 44157, from Salem to Mc-Cov will be accompanying application for patent, and held down by weights in such a manner as to prevent the collar from climbing over head, will be used at the seme time. Both collars and cuffs will be made with button-holes, so that a white made with Coy, will be re-advertised for six trips a week. Very respectfully,

A. LEO KNOTT, Second assistant postmaster general.

ONLY HALF ALIVE.

There are hosts of men and women who, to coin a phrase, are only half alive. That is to say, they have seldom if ever writing from England, says that unless an appetite, are nervous, weak, fidgetty, and troubled by numberless small aches and pains. In the presence of vigorous, exuberant vitality they seem mere pig-mies. Such persons are usually fond of dosing themselves, swallowing in the course of a year drags enough to stock an apothecary's shop of average dimensions. This, of course, defeats instead of furthering the end in view, viz., the recovery of health and vigor. Were they to seek it from an unfailing course of vitality. Hostetter's Stomach, Bitters, how course of a year drugs enough to stock an to seek it from an unfailing course of vitality, Hostetter's Stomach Bitters, how different would be their case. Then vigor would return to their debilitated frames, the glow of health to their wan cheeks, their trembling and uncertain gait would grow firm and elastic, appetite, the grandest of all sauces, would give a sallah to the daily ford, were it ever so in place of ground feed. relish to the daily food, were it ever so recoarse, and refreshing sleep would crown the task of the day.

HOW LONG?

John Kuhn, of Lafayette, Ind., had a very narrow escape from death. This is his own story: "One year ago I was in the last stages of consumption. Our best physicians gave my case up. I finally got so low that our doctor said I could not live twenty-four hours. My friends then purebased a bottle of DR. WM. HALL'S BALSAM FOR THE LUNGS, which benefited me. I continued until I took nine bottles. I am now in perfect health, having used no other medicine."

Lothe life, and he is wise who remembers it. But in March of last your (188), I contracted blood poision, and being in Savannah. Ga. at the United States mint great attention is the United States mint great attention is paid to cleanliness, and even if your brains are of no use to yourself, you under the treatment there, nor was I cared by any of the usual means. I have now taken seven bottles of Swift's Specific and am sound and well. It drove the poison out through botts on the skin.

Physical Wreck—You can hardly take the ruby color out of your nose in the way having used no other medicine."

ATTENTION, RAILROAD MEN!

"I suffered more than a year with indigestion; was very billious; had dumb chills, followed by fevers, which prostrated me. I took Simmons Liver Regula-tor, and am satisfied that it is all that it is recommended for indigestion and bil-ious complaints, for mine was certainly a stubborn case. Many of my friends speak of it, and they all agree that it possesses all the virtues claimed for it.

A. H. Hightower, Conductor C. R. R., Ga."

FIFTY THOUSAND A YEAR.

To be sure. You've "only got a cold" "only a cough." "Be all over it in a few "only a cough." "Be all over it in a few days." "Don't worry about me." Well, we won't. But 50,000 people die every year in the United States from consumption. And every soul of them began that way. Better stop it now with Parker's Tonic. This remedy will expel the cold

Remember that Allcock's are the only genuine Porous Plasters. They act quick-ly and with certainty, and can be worn for weeks without causing pain or inconvenience. They are invaluable in cases of spinal weekness, kidney, and pulmonary difficulties, malaria, ague cake, liver complaint, dyspepsia, strains, rheumatism, sciatica, and nervous debility. Other plasters blister and inflame the skin so that the pores are closed and often cause serious injury. Do not risk health, and waste time and money by buying inferior articles made to sell on the reputation of the genuine. When purchasing plasters, ask for and see that you get Allcock's Porous Plasters. Each genuine plaster bears the register trademark stamp. ary difficulties, malaria, ague cake, liver mark stamp

BILL NYE'S BUDGET.

Lucretia McTwombley-1. Celluloid is made mostly of ingredients. Take about equal parts of ingredients and foreign Some time since, Postmaster General Vilas made a general cut in the mail routes of this coast, and especially of this section. The route from Salara to Inde

Celluloid is used in the construction of various articles of trade, such as combs, knife-handles, billiard-balls, poker-chips, trips a week. The service on the route from Salem to Independence has already been readvertised for six trips per week, or a daily mail each way, through the efforts of Senator J. H. Mitchell.

The service on the Whiteaker route thought.

I am now engaged in perfecting a cellureased.

The following letter from A. Leo Knott, second assistant postmaster general, to Senator J. H. Mitchell, will show to the people of this section that they really have a friend in the United States Senate:

coat in such a manner as to be independent of the indorsement of the shirt. A standing collar with a Rhine-stone button and buckskin scarf, so made as to spring around the neck, as set forth in designs Both collars and cuffs will be made with button-holes, so that a shirt may be buttoned on while in use-if it can be borrowed. These garments will be worn by American authors in case an international copyright law should be deemed inadvisable. European authors will have to economize also, but whether they will squander their royalty on such gaudy trappings as collars and bread remains to be seen. A literary friend of mine, will consist of a small haversack of snuff

to throw in the eyes of the police.
But I forgot, Lucretia, that you were
not inquisitive about celluloid only.

in place of ground feed,
I do not feel above writing for the Tin
Dipper, but, on behalf of the Nye coophegus, cardiae orifice, duodenum, ileum jejunum, I must decline.

Please state to Hydraulic Pressure

will run three years without winding.
"Great Scott!" gusped the granger;
"three years without winding! Say mister, how long will the blame thing run if it was wound up?"

In quacture would be to take a long, stiff crowbar, a two bushel bag of dynamite, and a stern resolve. Go to the mint at Philadelphia while the watchman is in Europe, pry open the door with the crowbar and dynamics, using care to close the door after you, so that you will not take cold while John Kuhn, of Lafayette, Ind., had a counting the money—take what you ab-ery narrow escape from death. This is solutely need, and go away. In going

the ruby color out of your nose in the way you suggest. The man who charged you you suggest. The man who charged you twenty-five dollars for bleaching your nose and then went away, leaving your inflamed proboscis inserted in a large plaster cast, was no gentleman, and I would be willing to have you tell him I would be willing to have you tell him so on your own responsibility. I can not hold out any glittering promises to you. P. Wreck, as regards the ultimate fading of your nose. It may fade, but you will no doubt, fade with it. It will not grow a begin to improve in a week's time, and the sares began to head, and were entirely gone in sale in time for you to marry again.

The same produced great holes in my back and chest and and removed all the hair of my head, yet a began to improve in a week's time, and the sares began to head, and were entirely gone in side of eight weeks.

Porter Union Pass, depot.

My advice, for which I charge nothing, simply appropriating the three virgin stamps you inclosed, is to so live that when you come to die you will not be ashamed to let St. Peter smell of your

Farewell, Physical Wreck. Let your nose be a lighthouse to the growing youth of our land. Do not put it under a bushel, but let it be trimmed and burning. Do not hide it behind the thick glass bottom of a beer mug, but keep it out in the open air, where the school children can look with a shudder on the hand-painted holocaust which God gave you to smell with.-[Chicago News.

AKE== SIMMONS LIVER REGULATOR

Liver, Kidneys, Stomach and Spleon.

This purely vegetable pre-paration, now so celebrated as a Family Medicine, originated in the South in 1828. It acts gently on the Bowels and Kidneys and corrects the action of the Liver, and is, there-fore, the best preparatory medicine, whatever the sick-ness may prove to be. In all common diseases it will, un-assisted by any other medi-cine, effect a sphedy cure. Gerulator is safe to administe

cine, effect a speedy cure.

The Regulator is safe to administer in any condition of the system, and under no circumstances can it do harm. It will invigorate like a glass of wine, but is no intexicating beverage to lead to intemperance, will promote digestion, dissipate headache, and generally tone up the system. The dose is small, not unplensant, and its virtues undoubted.

No loss of time, no interraption or stoppage of business while taking the Regulator.

Children complaining of

Children complaining of Colic, Hendache, or Sick Stomach, a tesspoonful or more will give relief. If taken occasionally by pa-tients exposed to MALARIA, will expel the poison and protect them from attack.

A PHYSICIAN'S OPINION. I have been practicing medicine for twenry years, in have never been able to put up a vegetable imapound that would, like Simmons Liver Regulator, promptly and effectively move the Liver to action, and at the same time aid (instead of weak; only) the digestive and assimilarive powers of the system. L. M. HISTON, M. D., Washington, Ark.

SEE THAT YOU GET THE GENUINE. PREPARED BY

J. H. Zeilin & Co., Philadelphia, Pa. PLAIN AND ORNAMENTAL PENMAN-SHIP,

A GOOD EASY HANDWRITING IS OF THE A utmost importance to all classes of persons. No other attainment assists an equal number of voung ladies and gentlemen to positions of profit or advancement or affects more satisfaction as an accomplishment; and we believe it to be an acquirement within the reach of all persons having common sense and one good hand. Every young lady and gestleman who wishes to become an element penuana or teacher of pennanship should obtain instruction of T. W. McConnell. The most admitted instruction in every department of pen and guaranteed. You now have a chance to become a good pennan at a triffing cost, much less han you would pay in New York City or Portland. I will commence giving lessons on the lat of January at 7 p. m. over Boon's book story in Pation's block, Will also give private lessons to those wishing them. Please call and see specimens of my own and my pupils' work.

Notice to Tax-payers!

THE TAX-PAYERS OF MARION COUNTY see hereby notified that the unpaid taxes will soon be defined entered and all persons that have not yet paid should come servered stone. The tax-rell may be found in the hands of the sheriff, who will be glad to write yet a receipt for your taxes before they become delingent, and you will save yourself trouble and example by attending to the matter at once.
