"GRANDPA" HUTTON AT POPCORN.

The Rev. J. C. Hutton of Marion county, delivered himself of his little speech at Popcorn school house on last Saturday evening, the 15th inst, to a crowd of eight republicans, two democrats, and three ——s, not counting the ladies and children. The speech occupied about two hours and a half, the greater part of which was taken up with abuse and false representations of the republican party, which he seems to think is the chief thing in the way of his being governor or sheep inspector. The Popcorn folks had listened patiently to the labored efforts of their own crank on this subject, and almost concluded that man of his stamp didn't kdow much, and after hearing Hutton, they are all, except the ——s, entirely satisfied that they don't know any thing at all. He closed up with a vigorous anathema against the STATESMAN and the Silverton Appeal which he says are in the habit of concealing the truth, and falsifying the facts, and kicking things up generally.

He didn't forget to implore the people to subscribe for the pretty little Star, but we all think the Star is most too badly eclipsed just now, to give any light on the subject. His manner of interesting an audience is very unique. The silence during the cheering was oppressive and almost painful. In fact you could have almost heard a feather drop right in the thickest part of it. His thanks to the audience for their good attention were the only sensible words he uttered during the evening, and if he should happen around this way again he would find out he had already teached the people asmuch any one could afford to on so small a salary. The prevailing opinion here is that if we could buy up such men as Hutton for what they are really worth, and sell them again for what they think they are worth, that it would beat the ordinary live stock business all holler. Y. Z.

ANOTHER CARD.

Lest Mr. Burnett's card be misunderstood, allow me to say that while those interested in building a bridge across the river at this place have not asked a pledge from candidates, yet Salem has a claim upon the county for aid in building the bridge, which I think no honest, unpledged judge or commissioner will ignore. She has been a willing contributor for years to the construction of bridges, in remote portions of the county, paying, I believe, about one-third of the entire tax, and when she shall present an equitable claim for aid, will expect justice, nothing more; nothing less.

The distribution of the county fund is one of the most important of the duties devolving upon the county court, and no prudent candidate will forestall action by airing his opinion, in a hypothetical case, and certainly will not pledge himself in advance to withhold all appropriations to this or any other section of the county; but, should there be an attempt to "boycott the bridge," in urging the candidacy of any man, the honest voters of all parties should promptly resent such action at the polls.

In common with many citizens, my zeal for the bridge, in the event of such an issue, will outweigh my interest in the political complexion of the county court.

J. H. ALBERT.

HOW TO KILL CATERPILLARS.

The festive caterpillar is again playing havoc with the frjit trees in and about Salem. An easy way to get rid of these pets is to put a heavy charge of powder in a shot gun with a light paper wad on it, place the muzzle of the gun 3 to 5 feet from the nest of caterpillars and you can make a clean sweep of them and not injure the tree or fruit. Early in the morning is the best time to find them in their nests. T. H.

A CARD.

I wish to make a statement that I have not pledged the deputyship, in case of my election, to any one, nor will I.

dw1t R. O. THOMAS.

MARION COUNTY FINANCES.

TO THE PUBLIC:—Having been requested by a number of the taxpayers of the county, of both the political parties, to make a statement of the financial condition of Marion county, I have done so, and would respectfully submit the following:

The amount of all unpaid claims against the county is as follows:

Claims allowed from May 1, 1880, to May 1, 1881,	$ 112 65
" " from May 1, 1881, to May 1, 1882,	139 25
" " from May 1, 1882, to May 1, 1883,	90 60
" " from May 1, 1883, to May 1, 1884,	162 63
" " from May 1, 1884, to May 1, 1885,	310 08
" " from May 1, 1885, to May 1, 1886,	666 87
Total am't of claims against Co.,	$1473 08
On the same day there was in the hands of the county treasurer, according to his books, applicable to the payment thereof,	$7366 70
Amount on hand over and above all claims against the county,	$5893 62

All the state taxes are paid, and the receipts for the same are in the hands of the county treasurer. All the school fund is in the hands of the county treasurer, according to his books, except what has been drawn out on school warrants, and no part of the school fund has been used to pay current expenses, nor is there any portion of the $7,366.70 mentioned above school funds. The current report that the county has funds borrowed, is without foundation. Nearly all the unpaid warrants are yet on file in my office, having never been called for.

The amount of delinquent taxes that will still be collected, will about equal the amount of the expenses for the remaining two months of the year, May and June.

The actual condition of the county at the end of the year will be about the same as at the time of this statement.

M. N. CHAPMAN,
County Clerk.

MABEL ITEMS.

MABEL, May 17.

All is quiet on Mohawk. Not even any noise on politics.

L. A. Riggs has sold his interest in the lumbering business to his son, W. C. Riggs.

Republicans up here are well satisfied with the nominations, and we say "Hoorah" for Hermann and Cornelius, and we will elect them too, in spite of the "only paper," and Harvey Scott to boot.

There is a good deal dissatisfaction among democrats over some of the nominations for county officers for Linn county. I have heard three or four men say there were men on their ticket that they could not nor would not vote for.

Mr. Brewster is going to buy a piece of R. R. Land and settle in our community. That's right, and there is room for plenty more settlers either on R. R. or government land; so come on, you immigrants.

MOHAWK.

THE LATE ELIJAH WILLIAMS.

EDITOR STATESMAN:—Elijah Williams was born in Wyoming valley, Luzerne county, Pennsylvania, August 4, 1809. In youth he enjoyed the scant educational privileges afforded by that country in the early part of this century, to those in moderate circumstances. When about twenty years of age he started west, with no capital except good habits, a robust frame and constitution, a sharp, active, and comprehensive mind, and a will to work. He settled in Fort Findlay, Hancock county, Ohio, in the year 1832, where, by persevering industry and economy he accumulated a fair share of this world's goods, and by close, careful, and thoughtful reading at odd times he stored his mind with such knowledge of men and affairs as made him a useful and influential citizen. In the course of years he read law, and was admitted to practice as an attorney, and then he actively engaged in business enterprises and professional work until the spring of 1851. He then shipped a stock of hardware from New York for Portland, around Cape Horn, and crossed the plains with his family—wife, and four children, the latter now Hon. Richard Williams of Portland, Maj. George Williams of Salem, Mrs. Milton A. Stratton of Oregon City, and Emmet Williams, Esq., of Portland. In the fall of that year he arrived in the Willamette valley, and settled in Salem. He resided there and near there until the death of Mrs. Williams and the marriage and settlement of his children. Since then his principal residence was in East Portland until death called him hence on the 16th day of May, 1886.

In Oregon, Mr. Williams engaged in trade and in farming and stockraising, until he had acquired a large capital. He then gave his time and attention to its management, with skill and success. In business matters he was just, liberal, and indulgent, and conducted them so easily and quietly that, to the casual observer, he appeared at leisure. He was charitable, regardful of the rights, feelings, and opinions of others, unostentatious and retiring, and known intimately to but few persons. To them he was much attached, and he will be held in grateful remembrance by them. He had read extensively, and was intelligent in a large and comprehensive sense, and with friends he was a most agreeable companion.

Elijah Williams was a brave, honest, large-hearted man; his duties were well and faithfully performed; the measure of his years was full; he was quietly summoned and peacefully took his place in the great procession moving from mortality to immortality. Let us not complain; the ripened fruit drops from the overloaded bough; the golden harvest bends to the sickle! A FRIEND.

COTTAGE GROVE, May 17, 1886.

DIED.

WILLIAMS.—At his residence in East Portland, on Sunday, May 16th, 1886, Elijah Williams, aged 76 years.

Deceased was born in Luzerne county, Pennsylvania, Aug. 4th, 1809. The immediate cause of his death was stoppage of the circulation, owing to general debility from old age. He became unconscious at noon on Saturday and twenty-four hours after, breathed his last, without a struggle, as he had often expressed a wish that he might. Mr. Williams came to Oregon in 1851, leaving Hancock county, Ohio, on the 14th of February, of that year, and arriving in Oregon in September following. He resided in Salem until the death of his wife in 1874. He leaves four children, Hon. Richard Williams, of Portland, Major George Williams, of Salem, Mrs. M. A. Stratton, of Oregon City, and Emmet Williams, of Portland.

His remains were brought to this city last (Monday) evening, and taken to the residence of his son, Maj. George Williams. The funeral will be held at 11 o'clock to-day, from the residence to the Odd Fellows' cemetery. Services will be at the grave.

Epithelioma !

Or Skin Cancer.

For seven years I suffered with a cancer on my face. All the simple remidies were applied to alleviate the pain, but the place continued to grow, finally extending into my face, from which came a yellowish discharge very offensive in character. It was also inflamed, and annoyed me a great deal. About 8 months ago I was in Atlanta, at the house of a friend, who so strongly recommended the use of Swift's Specific that I determined to make an effort to procure it. In this I was successful, and began its use. The influence of the medicine at first was to somewhat aggravate the sore; but soon the inflammation was allayed, and I began to improve after the first bottle. My general health has greatly improved. I am stronger and able to do any kind of work. The cancer on my face began to decrease and the ulcer to heal, until there is not a vestige of it left—only a little scar marks the place where it had been. I am ready to answer all questions relative to this cure.

Mrs. Joice A. McDonald.

Atlanta, Ga., August 11, 1885.

I had a cancer on my face for some years, extending from one cheek bone across the nose to the other. It has given me a great deal of pain, at times burning an itching to such an extent that it was almost unbearable. I commenced using Swift's Specific in May, 1885, and have used eight bottles. It has given the greatest relief by removing the inflammation, and restoring my general health. W. Barnes.

Knoxville, Iowa, Sept. 8, 1885.

For many years I was a sufferer with cancer of the nose, and having been cured by the use of S. S. S., I feel constrained by a sense of duty to suffering humanity to make this statement of my case. With the fourteenth bottle the cancer began to rapidly heal and soon disappeared, and for several months there has been no appearance of a sore of any kind on my nose or face, neither is my nose at all tender to the touch. I have taken about two dozen bottles S. S. S. and am soundly cured, and I know that S. S. S. effected the cure after every other remedy was tried and had failed.

Fort Gaines Ga., May 1, 1885.

I had heard of the wonderful cures of Swift's Specific and resolved to try it. I commenced taking it in April, 1884. My general health was much improved, yet the cancer which was in my breast continued to grow slowly but surely. The bunch grew and became quite heavy. I felt that I must either have it cut or die. But it commenced discharging quantities of almost black, thick blood. It continued healing around the edges until February, when it was entirely healed up and well. Betsy Wood.

WORTHY

Of Confidence.

AYER'S Sarsaparilla is a medicine that, during nearly 40 years, in all parts of the world, has proved its efficacy as the best blood alterative known to medical science.

SARSAPARILLA (extracted from the root of the genuine Honduras Sarsaparilla) is its base, and its powers are enhanced by the extracts of Yellow Dock and Stillingia, the Iodides of Potassium and Iron, and other potent ingredients.

IS your blood vitiated by derangements of the digestive and assimilatory functions? is it tainted by Scrofula? or does it contain the poison of Mercury or Contagious Disease?

THE leading physicians of the United States, who know the composition of AYER'S SARSAPARILLA, say that nothing else so good for the purification of the blood is within the range of pharmacy.

ONLY by the use of this remedy is it possible for a person who has corrupted blood to attain sound health and prevent transmission of the destructive taint to posterity.

THOROUGHLY effective renovation of the system must include not only the removal of corruption from the blood, but its enrichment and the strengthening of the vital organs.

RELIABLE witnesses, all over the world, testify that this work is better accomplished by AYER'S SARSAPARILLA than by any other remedy.

BLOOD that is corrupted through disease is made pure, and blood weakened through diminution of the red corpuscles is made strong, by AYER'S SARSAPARILLA.

PURIFYING the blood and building up the system require time in serious cases, but benefit will be derived from the use of AYER'S SARSAPARILLA more speedily than from anything else.

MEDICINE for which like effects are falsely claimed, is abundant in the market, under many names, but the only preparation that has stood the test of time, and proved worthy of the world's confidence, is

Ayer's Sarsaparilla,

Sold by all druggists. Price $1;

The Best IS THE Cheapest.

We want the whole earth to know that a cash customer can do better with his money, (quality of the goods considered,) at

F. D. McDowell's

Jewelry store, 221 Commercial street, than at any other place in the city.

Good Goods.

Reliable Dealer.

Cheapest Prices.

Do you go to a livery stable to buy drugs? Then why do you go to a grocery store to buy jewelry? In the line of plated ware and jewelry the only place you will find a reliable article is at the jewelry store wherein the proprietor can bring to bear his trained judgment in the selection of all his purchases, and can warrant the goods to be as represented. Call in and get our prices on watches and clocks and then after you have looked around come back and we will give our cash discount to actual purchasers. We are not, nor have we ever been, connected in any way with any other jewelry store in Salem since we commenced business in 1880, the reports of interested parties to the contrary notwithstanding. Very respectfully

F. D. McDOWELL.
