

FROM FRIDAY'S DAILY.

A RIDICULOUS REQUIREMENT.—A gentleman of this city, who desired to purchase two tickets to San Francisco, telegraphed to E. P. Rogers, general passenger agent of the O. & C., asking him to send him immediately two limited through tickets to San Francisco. Mr. Rogers responded that it could not be done. The gentleman insisted, and telegraphed him \$44, the price of two tickets from Portland, and asked him to send the tickets that evening without fail, as the ladies for whom he wanted the tickets desired to start the next day. The passenger agent replied, saying that the ladies could not board the train at Salem and go to San Francisco on a through ticket; but it would be necessary for them to go down to Portland, board the train there, and start from that place to San Francisco. The gentleman thereupon sent \$80 for two unlimited tickets, which can be used at any time and from any station. This is one of the methods of the present management of the O. & C. of extorting eight dollars on each ticket sold to buyers living outside of Portland. It is nothing short of robbery of time and money to require any one to go from Salem to Portland to board a train which comes immediately back through Salem.

HEAVY WHEAT SHIPMENTS.—W. F. Crosby, who has been buying wheat at Salem and other Willamette valley towns for the firm of Moore, Ferguson & Co., of San Francisco, has left for that city, going overland. He will return in a few weeks. During the past season Mr. Crosby has shipped 940,000 bushels of wheat and oats, and has purchased ready for shipment a sufficient amount to increase these figures to 1,500,000 bushels. This grain was purchased from Marion, Linn, and Benton counties and from southern Oregon, and of this amount 918,000 bushels were shipped via Yaquina and 22,000 via Portland. The cause for such a large portion of Oregon grain being shipped over the Yaquina line is found in the fact that the low rate of transportation over this shorter route has brought the price of wheat in Salem to as high a figure as is offered in Portland. This season is the first time in the history of Salem when wheat was worth as much here as in Portland.

WILL BE REPRESENTED.—For a time it looked as though Salem intended to throw off entirely on the freemen's tournament. But it now transpires that a horse team has been organized and will soon go into active training for the championship race contest at the tournament. Some time since, several of the members of Capital Engine company, following the precedent established last year by the Astoria freemen, withdrew from their company and joined Tiger's. The latter company now intends to send a mixed team to the tournament, to be known as Tiger Hose Team, which will make a noble pull for the championship of 1887. Its members are as follows: Howard, Patton, Dinsmore, Jordan, McCully, Minto, D., Martin, Thomas, Minto, H., Thornton, Long, Wagner, Nichols, Lowe.

FRATERNAL VISITATION.—The grand lodge of Odd Fellows, now in session in East Portland, learning with deep sorrow that Past Grand Master E. L. Bristow was quite sick in Salem, with but little hope of his recovery, sent a committee of past grand masters to visit him, on behalf of the grand lodge, and bear to him its sympathy and hope of his immediate recovery. The committee consisted of Judge Walton (Eugene City), P.M., Metchan, T. J. Bloomfield, John Kenworthy, and Mr. St. John. They came up Wednesday evening, and spent a good portion of the time with Mr. Bristow, returning Thursday morning, to report to the grand lodge. Mr. Bristow has long been an Odd Fellow, has received the highest honors of the order, and bears the esteem of all who know him.

STATE UNIVERSITY.—The baccalaureate sermon of the commencement exercises of the state university will be preached by Rev. John W. Sellwood, of East Portland, on Sunday, June 12. Hon. John H. Mitchell, U. S. senator, will on Tuesday deliver an address before the literary societies. On Wednesday evening H. J. Roger S. Greene, of Washington territory, will deliver an address before the university, and on Thursday morning the graduating exercises occur. There will be ten graduates, representing Southern Oregon, Eastern Oregon and Western Oregon: Eldon M. Brattain, Lake; Emily Bristol, Benton; Herbert S. Johnson, Lane; Robert C. Johnson, Lake; Jessie B. McClung, Lane; Frank L. Moore, Baker; Lura Murch, Lane; Edwin O. Potter, Lane; Edward L. Powell, Multnomah; Septimus S. Spencer, Lane.

A CONFESSION.—Since Illis Roberts, one of the men who burned W. S. Laird's barn in Multnomah county, and who with his accomplice, Robert Barney, is now incarcerated in the penitentiary, has been denied a new trial by the supreme court, a confession of Barney's, acquitting Roberts from all guilt in the matter has been opened in Portland. It is very doubtful if any reliance should be placed in the confession. Anyway, it can't help Roberts, as he is now in prison, serving out his sentence. However, he might be pardoned.

DEATH OF MRS. MARY KEYES.—At her home in Yamhill county, last Thursday, Mrs. Mary A. C. Keyes was taken suddenly ill and died. Mrs. Keyes came across the plains to Oregon with her grandfather, T. D. Kaiser, in the year 1844, and lived with her grandparents till her marriage to F. T. Keyes, Esq., of Lafayette. She has a number of relatives in Salem and vicinity.

SHORTER BELLS.—In accordance with annual custom, when getting ready for commencement, the university students will have to attend school now only in the morning, commencing, with to-day. The bells have been shortened, and the recitations commence at 8 o'clock in the morning and are finished at noon. No chapel exercises will be held for the present.

ASTRIDE THE WHEEL.—Yesterday morning at 5 a. m., Harold Fiske, Lot L. Pearce, G. H. Lewis, Bruce Riggs, Chas. Smith, David Smith, Burt Lucas, and Al. Whitaker, bicyclists of this city and Polk county, started for Portland astride their wheels. They expected to arrive at that city by 3 o'clock p. m.

BICYCLE CLUB ORGANIZED.—A number of bicyclists of Salem and Polk county met at Wale's store on Wednesday night, and organized the Chemeketa Bicycle club. The following were elected officers of the club: E. M. Waite, president; L. L. Pearce, secretary and treasurer; H. L. Hatch, captain; Glenn Lewis, 1st lieutenant; H. Fiske, 2d lieutenant; Burt Lucas, bugler. The remainder of the club is composed of the following: J. Maerer, C. A. Baker, C. M. Lockwood, Chas. M. Cox, Horace A. Willis, Jos. Albert, Herbert Wilson, Breese Riggs, Chas. Smith, Daniel Smith and Al. Whitaker. A number of others have signified their intention of joining.

NOT DROWNED.—Later information from Yaquina concerning the capsizing of the Indian fishermen's boat there, Monday, contradicts their being drowned. The boat drifted north to Cape Foulweather, where they went ashore and walked back to Newport. A factious business man of Newport slanders the fishermen of the bay by saying that very little attention is paid to these red men going down in the sad sea waves. If an Indian fisherman falls overboard he is mourned about as much as if a monkey-wrench had dropped over, and a new man is brought down from the reservation.

FOR ILLINOIS.—Dr. W. S. Harrington left yesterday morning for Sycamore, Illinois, having received word the evening before that his father, aged over eighty years, had suffered an apoplectic stroke, and was not expected to live many days. Dr. Harrington will probably be absent for four weeks.

CHESTNUTS?—"And after the chestnuts come the squirrels." But they won't come if you feed them some of that squirrel poison for sale at Port's, 100 State street—40c per can.

FROM SATURDAY'S DAILY.

Mrs. BREYMAN'S LUNCHEON.—A large number of ladies assembled at the elegant residence of Mrs. Eugene Breyman yesterday afternoon, in response to the invitation of that lady to be present at a luncheon. Preparations for the reception of the guests had been made on an extensive scale, and every means of social enjoyment was afforded. Several hours glided by in pleasant conversation, in listening to the entertaining piano renditions of Misses Kate Ladue and Jessie Breyman, and in discussing the delectable luncheon which was served at a suitable hour. Mrs. Breyman was assisted in the entertainment of her guests by her daughter Lena. At about 6 o'clock the company separated, all feeling that an afternoon could not have been passed more pleasantly. There were present: Mrs. R. P. Earhart, Mrs. Ed. Hirsch, Mrs. R. P. Boise, Mrs. F. E. Hodgkin, Mrs. W. N. Ladue, Mrs. R. E. Fleming, Mrs. W. H. H. Waters, Mrs. J. E. Dawne, Mrs. Jos. Van Wagner, Mrs. S. R. Jessup, Mrs. H. Carpenter, Mrs. I. N. Gilbert, Mrs. F. N. Gilbert, Mrs. A. N. Gilbert, Mrs. H. S. Belle.

HOUSE BURNED AT McCoy.—While G. W. Stovall, the stage driver between Salem and McCoy, Polk county, was in this city on Thursday night, his dwelling house, with all its contents, at McCoy, was burned to the ground. Mr. Stovall is a widower, and himself and son have been keeping house. His son was the only person in the house when the fire broke out, which was between 11 and 12 o'clock at night. Young Stovall barely escaped with his life, his hat, boots and all his clothing, except his overalls and underclothes, being burned. It is thought that the fire started from a stove-pipe through a partition. Mr. Stovall's loss is about \$1,500; insured in the Home Mutual for \$500. He lost all his private papers and keepsakes. About 12:30 it was discovered that the sack warehouse of Hawley, Kelly, Fletcher & Co., the railroad depot and dwelling house of Rev. Gardner were also on fire, but were promptly extinguished by neighbors. These latter fires probably caught from the first.

THE SOCIETY ENTERTAINMENT.—A good-sized audience was present at the opera house, last evening, at the entertainment of the Alka-Hesperian and Athenaeum societies. The programme from beginning to end was excellent, and listened to with attention by the auditors; while the encores were frequent. Miss Downs, who was the principal attraction, added, even, to the stimulation in which she was held by the Salem public. Her delivery is very pleasant, and her elocution finished. The remainder of the performers are all well known as being the very best in their several capacities, and words of praise concerning them are almost superfluous.

EDUCATIONAL NOTES.—Prof. McElroy has returned from Southern Oregon, where he has been in the interest of educational work. Prof. McElroy made arrangements for holding the institute of the first judicial district at Grant's Pass, on July 13th, 14th and 15th. This district comprises Lake, Klamath, Jackson and Josephine counties. An excursion to the state teachers' association, to be held in this city in July, was also arranged for. The professor leaves to-day for eastern Oregon, and will attend to some institute matters in the sixth judicial district. He will also be present at the county institute at Prineville, Crook county, on May 25th, 26th and 27th.

SALEM BICYCLISTS.—The eight bicyclists from Salem, who started for Portland at 6 o'clock Thursday, arrived at their destination safe and sound at about 5 o'clock of the evening of the same day. The trip was a rough one, but the young men stood it very well. Their names are as follows: Glenn Lewis, Lot Pearce, Harry Fisk, Salem; Burt Lucas, Al. Whitaker, Mouthouth, Charley Smith, Ack Smith, Breese Riggs, Dixie Lot Pearce returned from Portland on last evening's train, bringing his wheel with him.

APPOINTED POSTMASTER.—Chas. T. Manning, formerly employed by Litchfield & Manning, and late by John Hughes, of this city, has received the appointment as postmaster at Carbonado, Prince Co., W. T. He is clerk for the Carbon Hill Coal Co. there. He is a republican, and was appointed to the office because of the absence of competent democrats in the county, appointed about a year ago, was short several hundred dollars in his accounts, hence his discharge.

LABOR DAY CELEBRATION.—The two assemblies of Knights of Labor of this city have begun preparations for the celebration in grand style of Labor day—June 4th. The day's exercises will consist of a procession in the morning, and a picnic at Marion Square in the afternoon. Several prominent speakers have been engaged, and their addresses will add to the interest of the occasion. All organizations which have for their object the elevation of labor, temperance societies, granges, etc., will be invited to participate.

HIGH WATER IN THE RIVER.—The warm weather of the past week has melted the snow in the mountains, on all the tributaries of the Willamette, and as a consequence has caused the water in the river to rise during the past few days without the aid of rain. This is something seldom seen here, but of frequent occurrence in the Columbia. The water is falling again.

Balm odors from Spine Islands, wafted by the tropic breeze, SOLELY OBTAINABLE in healthful fragrance. Cannot be surpassed by these. Teeth it whitens, purifies; You will use it if you're wise.

STILL THEY COME.

A Still Further List of Improvements in Buildings Completed and Under Way.

A walk through the streets of Salem will convince the most skeptical that this city is enjoying a good substantial boom. On every hand improvements of some sort are being made. Either new buildings are being put up, or old ones repaired and renovated, old sidewalks are being torn up and new ones put in. Fences are also being improved in appearance. Houses are being painted, and the appearance of things generally is being improved. A list of the many improvements contemplated and under way has already been published, and there are yet more to add.

One of the most important on the additional list is the East Salem school house. It is intended to entirely finish this building this coming summer, and have it ready for occupancy by fall. All of the six rooms in the second story will be finished, and a part of them will be furnished. This school building will then be the finest in the state, outside of the Portland High school. The entire cost of the improvements will be over \$5,000. Plans have been drawn and approved for the improvements which are to be made at the state house. The large room at present occupied by the clerk of the board of land commissioners will be converted into the state treasurer's office. A fine counter of walnut finish, surmounted by ground glass, will be put in. Outside of the counter will be placed desks and other apparatus for the convenience of the public, while the space inside will be converted into two rooms, divided by a glass partition, one for the use of the state treasurer, and the other for the assistant treasurer. From the latter's room only will general business be transacted, and only a few feet of the high counter will be open for this purpose. The arrangement of the rooms is such that the vault will only be accessible in day time by going through all three rooms. An elevator, running from the bottom to the top story, will be placed in the ante-room of the present treasurer's office. The land clerk's office will be removed into the room just across the hallway. The sum of \$30,000 will be spent on the state house improvements.

Superintendent Gray, of the blind school, is now making arrangements for extensive repairs to the school building. The building will be raised, and thoroughly renovated. The cost will be \$2,000. The board of trustees of the deaf mute school has ordered the construction of a separate building to be used as an industrial department of the school. The work will be commenced soon. The cost will be \$1,000. Mr. Brey has decided to build his new brick on the southwest corner of Court and Commercial streets. The buildings now occupying that site are being moved out, and the construction will commence as soon as the plans are completed and brick can be obtained. The building will be one suitable to the location. Cost, about \$12,000. J. M. Rosenberg & Co. have been making improvements in the White Corner during the past week. An awning has been placed on the north side of the building, and a fine balcony placed on the inside.

F. J. Catterlin has bought the property just south of Jos. Baker's, on Liberty street, and is rebuilding the house. Entire cost, \$2,000. The work on the store rooms in the new brick block is going ahead. The finish will be elegant. Dr. J. A. Byrd is building quite an addition to his residence in East Salem. Mr. A. H. McCully has been repairing her residence in East Salem. Among other things a fine bay window has been put in. E. A. Kaiser is making improvements on his house in North Salem. Another new brick building is projected to be built on Commercial street, and if arrangements are all made, work will be commenced soon. The building will be a fine one.

A LIMITED RUNAWAY.—Yesterday morning, Prince Byrne, in the employ of Minto Bros., as teamster, left his team hitched to a wagon standing for a few minutes in his barn yard on Ferry street, near the M. E. Church. On the seat of the wagon were the two children of Mr. Byrne, aged respectively 5 and 3 years. During his absence the youngsters picked up the lines and whip and started in to have a ride on their own account. They had it. The team started on a run and before Mr. Byrne could return, had circled around the yard twice at a rapid rate, and brought up against the fence, and dumped the two children out in a mud hole. The tongue and single trees of the wagon were broken. The children fortunately were not hurt.

THE BAPTIST MINISTER.—Rev. Mr. Medberry, now temporarily located at Seattle, has been asked by the vestry of the Baptist church to come and officiate in their church for the two Sundays following next Sabbath. It is understood that this is a "trial trip," and that if Mr. Medberry proves satisfactory he will be retained. Mr. Rugg, the late pastor of the church, is still in the city, and has received several urgent calls. He has not accepted any as yet, but he will probably remain in Oregon.

CHAZY MAN.—John Tuck, a farm hand, aged about 46 years, was yesterday examined before Judge Shaw and District Attorney Belt, and by Drs. Hall and Chusick, as to his sanity. Tuck, who is a nephew of the only Jared Tuck, has been employed on the farm of Louis Pettyjohn, south of Salem, for some time. He is a widower with two children. He lost his balance over religious topics, and wants to be a second Abraham and sacrifice his children. He was ordered committed to the asylum.

DIED FROM HIS INJURIES.—Some time since mention was made in the STATESMAN of a boy named Charlie Card, living at Hayesville, north of Salem, who was accidentally struck in the abdomen by a croquet mallet. The young fellow has been ill for some time from the effects of his injuries, and Thursday night he died, an abscess which had formed inside his stomach having burst. His sorrowing relatives have the sympathy of a large number of friends.

FROM SUNDAY'S DAILY.

NEW PUMPS.—The Salem Water company has ordered of a San Francisco firm new steam pumps of a capacity of 2,000,000 gallons per day, which will be placed at the side of the present pumps in the pump room at the water works. These pumps are twin duplex, and are duplicates of the others, except that they will be run by steam. They will be used only in case of emergency, such as fire, break down of other pumps, etc. They will be able to give a pressure of 100 pounds per square inch at any of the hydrants of the city. A heater goes with the pumps, and whenever occasion requires, in ten minutes they can be run at their full capacity. The construction of the pumps will be begun immediately in San Francisco, and they will be placed in position in the course of a few months.

BIRTHDAY PARTY.—Miss Nellie Price gave a pleasant party at her home on Friday evening, in honor of her birthday. The evening was spent in recitations, singing, games, etc. At 10 o'clock the guests adjourned to the dining room, where the table groined with good things, which, when partaken of, were heartily enjoyed by all. Toasts and jests prevailed. The names of those present were: Misses May Jory, Alepha Waller, Mary Blount, Lena Leabo, Lottie Perry, Nellie Kennie, Annie Kennedy, Carrie Haas, Mary Coffey, and Minnie Hofstad; Messrs. J. W. Rouseau, Ed. Kelso, Reese Leabo, J. Hamilton, W. W. King, Frank Berry, Clint Kelso, Arthur King, Joe Lee, Will Perry, and Clark Rogers.

INSPIRING MUSIC.—The most inspiring of all music is that given by a chorus of many voices; and when those voices are ladies', and blend sweetly and harmoniously, the effect is grand beyond description. One of the chief features of the entertainment to be given by Miss Chamberlin and pupils on Wednesday evening, June 1st, will be the ladies' chorus, of fifty voices, which is drilling hard for its appearance on that occasion. The programme, which is now complete, and will be given to the public in a few days, is full of excellent numbers. That the entertainment will be a successful one there is not the slightest doubt.

NOTICE TO OLD FELLOWS.—All Old Fellows are fraternally invited to meet at the hall of Anniversary Lodge No. 15, I. O. O. F., in this city, on Monday, May 23d, at 1 o'clock p. m., sharp, for the purpose of attending in the regalia of our order the funeral of our deceased brother, E. L. Bristow, P. G. M. The members will march from the hall, at 1:30 p. m., to the residence of our deceased brother, on Winter street, between Center and Marion, in this city, and will take charge of and accompany his remains to the Odd Fellows cemetery, just south of this city, where the burial will take place according to the usages of the order. August Giesy, N. G.

PAID THEIR TAXES.—The Oregonian Railway Company (limited), the narrow gauge lines, paid their taxes to Marion county yesterday. The amount was \$1,504.98. Sheriff Minto has always had trouble in collecting the taxes of this company on their property in this county. This year he went down to Woodburn and attached the machine shops, section house, etc., and locked them up and put a man in charge. The payment was made by check by Hugh Reger. This company has come to believe that Sheriff Minto is a hard man to "stand off" in the matter of taxes. The delinquent list promises to be the smallest in this county for years.

ARTICLES FILED.—Articles were yesterday filed in the office of the secretary of state, incorporating the East Portland-Vancouver Railway and Ferry company; incorporators, C. B. Bellinger, J. R. Wheat, and A. J. Knott; capital stock, \$24,000. The object of this incorporation is to build and operate a railway or tramway, to be operated by steam or otherwise, from some point at or near East Portland to a point opposite Vancouver, W. T.

SCHOOL MATTERS.—Superintendent Peebles will be gone into the country all the present week, visiting schools. Most of his time during the past two weeks has been spent in this work. On Wednesday will occur at the court house the first public examination under the new law. J. T. Gregg and A. W. Mize have been appointed by Superintendent Peebles a board of examiners and will conduct the examinations at that time.

TRIALS OF SPEED.—Quite a crowd of people gathered at the fair grounds yesterday afternoon to witness the trotting race there. The race was between the Inauguration colt of Geo. E. Good, Lute Savage, and Dr. Reynolds, and the Pathfinder colt of John Griffith. The race was a mile, two best in three. Dr. Reynolds' colt took the first heat, and Griffith's the next two. The race was merely a trial of speed, without stakes.

BASE BALL.—An interesting game of base ball was played on the grounds near the depot yesterday, between the Chemawaw, of Chemawa, and the Unions, of this city. The game was a lively one, and was witnessed by a number of spectators. Several good plays were made, and more bad ones. The game resulted in a score of 18 to 1 in favor of the Chemawaw.

THE GERVAIS BENEFIT.—The entertainment given on Friday evening at Gervais, by local talent for the benefit of the Nanaimo sufferers, was a very pleasant affair. The surrounding country contributed quite liberally toward the proceeds, notwithstanding the fact that it is a very dull time amongst farmers. The proceeds will net about \$50, which will be forwarded to the committee.

A CHANGE.—Harvey Jordan, who has been in the employ of Lute Savage for some time, has resigned his position, and on Monday his place will be taken by Richard Kiley, of the asylum. The many friends of Mr. Kiley will be pleased to see him employed in the city. Mr. Jordan will remain in Salem, assuming a better position which has been offered him.

The meeting is to open on Wednesday, June 23d, to continue a week at least. The new tabernacle therefor is about made, and is said to be able to seat 800 people.

SURVEYED.—The lots for sale in the tract between the depot and the deaf mute school were yesterday surveyed and staked off by Hon. W. H. Byars. These lots are for sale dirt cheap by Hendricks & Saubert, real estate agents.

INFLAMMATION OF THE KIDNEYS.—Hon. Edward A. Moore, Member of Assembly from Richmond county, New York, writes: "Some two years ago I was taken with inflammation of the kidneys. The pain was intense, I applied as soon as possible an Alcock's Plaster over each kidney. Wonderful! In two days I was entirely cured. I always take great pleasure in recommending Alcock's Plasters; they are certainly the best external remedy known. I used them as chest protectors, and found them most efficient."
