EUGENE NOTES.

The feminine part of the population of this delightful little town finds itself engrossed in preparations for commencement. Strawberries from Roseburg were in the market Sunday at 35 cents per pound. Trout from the clear, cold waters of the McKenzie are plentiful at fifty cents a string. S. Fitus is erecting a two-story brick building on the corner opposite the Hoffman House. Work will begin very soon upon the Masonic temple on Eighth st. Dr. Shelton has let the contract for an \$8,000 cottage, to be built upon his beautiful terraced grounds north of the depot. It is to be a model of elegance, convenience and architectural symmetry. Two patent medicine men were arrested Friday evening for offering their wares for sale without proper license. This so annoyed them that in a subsequent harangue they began abusing our city officials. Conflicting sympathies of the crowd on the street created some excitement. Meanwhile the fakirs were a second time arrested, when they were fined \$10 and costs. Our citizens had no lack of entertainment Saturday evening. Prof. Coolidge gave a Gottschalk musicale at the music rooms of the university. The society of Christian endeavor had a social in the basement of the Presbyterian church. There was an open air concert on the plaza. At Lane's Hall the Georgia minstrels held forth and Willamette street echoed to the unending eloquence of the patent medicine man. In the absence of Rev. McKinley, Presbyterian pastor, a large number of his congregation attended divine service Sunday morning at the M. E. church. This is the finest sacred edifice in town and is said to be as elegantly finished as any in the state. Its interior wood work is of Oregon ash, beautifully polished to show the natural grain.

IN MEMORIAM.

Brother Past Grand Master E. L. Bristow, a member of Anniversary Lodge No. 13, I. O. O. F., died at Salem, Oregon, May 21, 1887. In his death we realize that the order of Odd-Fellowship at large, as well as Anniversary lodge, has lost one whose life, exemplifying as it did the true spirit of our order, was a glowing commentary upon and a vindication of the beauty and purity of the teachings of this great fraternity. Feeling it to be meet and proper that we should give some fitting expression of our sense of the great loss we have sustained in Brother Bristow's death, and of our appreciation of his earnest and zealous loyalty to the principles and traditions of Odd-Fellowship, be it Resolved, by Anniversary Lodge No. 13, I. O. O. F., that the charter of the lodge be draped in mourning for the period of thirty days. Resolved, that the lodge deeply sympathize with the widow and family of our deceased brother in their great affliction, and tenders them its heartfelt sympathies. Resolved, that a copy of this preamble and resolutions be sent by the secretary under seal of the lodge to the family of our deceased brother and a copy be furnished the newspapers for publication, and that they be recorded on the records of our lodge.

FROM NESTUCCA.

From a letter from Geo. and William Baxter to a friend in this city, under date of May 29, at Dolph, Tillamook county, the following Nestucca items are gleaned: The Little Nestucca road is in first-class condition to the beach. Mr. Leinenweber, of Astoria, is building a large fishery on the Little Nestucca beach. Mrs. Arnell is also building a large sawmill and a hotel. She expects to have the latter open for the fall tourists. Lying on the Little Nestucca Beach is the wreck of the English ship Caermarthen Castle. She was one of the largest iron ships that ever sailed from England. Her length is about 340 feet. She can be easily boarded at low tide. While fishing up the Little Nestucca river to-day we saw several deer and bears. A man down on Slab creek caught one day last week 100 fine trout. We went out one day and caught 158. We are having very warm weather at present. It was about 80 degrees in the shade to-day, at 2 p. m. But we could easily keep cool. We have a fine sulphur spring at the toll-gate, which through the summer is almost as cold as ice-water. We expect to go over to Salem some time within two weeks, and we will take over some sulphur water.

Terrible Surgical Operation A FATAL MISTAKE.

The Cleveland, Ohio, Press, of February 23d, 1883, published an account of a fatal surgical operation which caused a great commotion among medical men throughout the whole country. Dr. Thayer, the most eminent surgeon in Cleveland, pronouncing it scandalous. It appears that a Mrs. King had been suffering for many years from some disease of the stomach, which had resisted the treatment of all the physicians in attendance. The disease commenced with a slight derangement of the digestion, with a poor appetite, followed by a peculiar indescribable distress in the stomach, a feeling that has been described as a faint, "all gone" sensation, a sticky slime collecting about the teeth, causing a disagreeable taste. This sensation was not removed by food, but, on the contrary, it was increased. After a while the hands and feet became cold and sticky—a cold perspiration. There was a constant tired and languid feeling. Then followed a dreadful nervousness, with gloomy forebodings. Finally the patient was unable to retain any food whatever, and there was constant pain in the abdomen. All prescribed remedies failing to give relief, a consultation was held, when it was decided that the patient had a cancer in the stomach, and in order to save the patient's life an operation was justifiable. Accordingly, on the 22nd of February, 1883, the operation was performed by Dr. Tuckerman, Dr. Perrier, Dr. Arms, Dr. Gordon, Dr. Capner and Dr. Halliwell of the police board. The operation consisted in laying open the cavity of the abdomen, and exposing the stomach and bowels. When this had been done an examination of the organs was made, but to the horror and dismay of the doctors there was no cancer to be found. The patient did not have a cancer. When too late the medical men discovered that they had made a terrible mistake; but they sewed the parts together and dressed the wound that they had made, but the poor woman sank from exhaustion and died in a few hours. How sad it must be for the husband of this poor woman to know that his wife died from the effects of a surgical operation that ought never to have been performed. If this woman had taken the proper remedy for Dyspepsia and Nervous Prostration (for this was what the disease really was), she would have been living to-day. SHAKER'S EXTRACT OF ROOTS, or SEIGEL'S CURATIVE SYRUP, a remedy made expressly for Dyspepsia or Indigestion has restored many such cases to perfect health after all other kinds of treatment have failed. The evidence of its efficacy in curing this class of cases is too voluminous to be published here; but those who read the published evidence in favor of this dyspeptic remedy do not question its convincing nature, and the article has an extensive sale.
