EASTERN NEWS.

PARIS, May 9.—From details of the outrage at Salonica received here, it appears that the United States consul interfered for the protection of a Greek girl, who was the innocent cause of disturbance, and conducted her to the consulate in a carriage. An excited mob thereupon surrounded the consulate, and the French and German consuls, who were brothers-in-law, and both related by marriage to the American consul, believing him to be in danger, proceeded to his assistance and on the way were attacked. The Italian consul informed the Governor of the state of affairs, and he sent troops to the relief of the American consulate, which was besieged by the rabble.

A special from Berlin says Germany has accepted the Port's offer to give satisfaction for the Salonica outrage, provided the promises be carried into effect immediately.

PARIS, May 9.—A dispatch says the reports of the outrage at Salonica received represent the French and German consuls were dragged from the streets into the mosque and there stabbed. The Governor arrived at the mosque after the murders had been completed.

Secretary DeLion.

WASHINGTON, May 9.—A statement has been published to the effect that Britton suspended proceedings against Jas. Buckner, who was collector of internal revenue at Louisville, as a defaulter to the extent of \$100,000, because Altes Foster, father of Mrs. Britton, who died recently leaving Mrs. Britton a handsome legacy, is on the bond of the defaulter. Upon this subject the treasury records show that James F. Buckner had been for several years past collector of internal revenue for the District of Kentucky. He is defaulter for an \$100,000, or any other sum; but during last summer his then employer, Jackson subsequently committed suicide. The loss was discovered by Britton before he was known at Louisville. All of Buckner's bonds are on file in the treasury here and an examination of them shows that the late Mr. Miles was never on any of them. The loss is abundantly secured to the government by the collector's bonds of \$150,000 and securities which are worth more than \$1,000,000. Buckner has now a petition for relief before House of Representatives, endorsed by citizens of Kentucky without regard to party.

The Centennial.

PHILADELPHIA, May 10.—The city presented a remarkable appearance to-day. Chestnut street and all the main thoroughfares were decorated with bunting, and Independence Hall filled up with a number of transparencies, lantern lights, etc. Great progress has been made in cleaning the exhibition buildings of rubbish. Trucks of cars loaded with empty boxes, old lumber, etc., have been going out of the grounds all day. The main passage ways of the principal buildings are now in a respectable shape for pedestrians. There remains, however, much carpentering to be done in the foreign departments. Of the great exhibition buildings, that of the government is in the finest order and the most advanced state of preparation, and nothing is to be done, but to clear away debris.

The invitation to participate in the opening ceremonies to-morrow number from 30,000 to 40,000; these include Emperors, Kings, Queens, and Presidents of foreign countries, foreign ministers, consuls, judges of the supreme courts, congressmen, etc., with their wives.

Capt. Warner, of the 4th U. S. regular artillery, arrived to-day with his command.

The Keppersons from Germany will not be placed on exhibition this week, owing to the difficulty of removing it from the vessel.

The Empress of Brazil has been requested and consented to start the machinery in the ladies' pavilion on the opening day. The Boston Lancers, Capt. Emory, numbering 125 men, arrived this afternoon. They will, during the three days of their stay, do guard duty for Massachusetts. The government work of preparation on the grand inaugural platform was finished this evening and everything is ready for the ceremonies. Most of hotels in vicinity of the grounds are crowded to-night. President Grant and wife, Secretary and Mrs. Fish, Robinson, Taft, Chandler, Jewell and their wives, and Don Pedro and members of his suite, the Supreme Court, Congressmen, army and naval officers and others arrived this afternoon.

Silver Coin Discovered.—NEW YORK, May 9.—The total amount of subsidiary silver discovered here since April 29 is \$13,515,000. The premium, however, has not yet entirely disappeared, it is today bringing a half to one per cent, which is paid by brokers, who find a profit in shipping the new coins to San Francisco, where there is a scarcity. The new silver coin, worth about 95 cents in gold, can be obtained here at par in greenbacks, or 88 1/2 gold. It is said that \$50,000 was so shipped yesterday. The Post says it is unfortunate that the tendency of the first step towards specie payment should be to level down the currency of the only section of country that has maintained specie payment throughout all our currency troubles.

Molly Maguire Murdered.—POTTSVILLE, Pa., May 9.—In the York murder trial to-day, detective Jas. McPherson continued his testimony in regard to the secret operation of the so-called Molly Maguires, or the Ancient Order of Hibernians. The witness testified to having been asked by Pierre Carbon, ex-warden at the jail, for a pistol, with which to shoot a certain party suspected of having been concerned in the killing of McCallister and of Waggon Patco. He also testified he knew who shot Gomer; that the pistol with which the deed was done was now in his possession. Witness attended the county convention at Girardville on the 4th of July last. He appeared there in the capacity of secretary of the Girardville division of the order. A number of prominent members of the order were present, among them James Ke-

sign, now in Bethlehem jail waiting the penalty of the law for the murder of Jones. Witness further testified that John J. Shattory, at one time a candidate for the associate judgeship of this county, was expelled from the order for giving information as to the intentions of the order, he having told the man that he was a member of the order, and thus frustrated their plans.

After a hot debate in which Colvin and his supporters took part, a motion was carried. To-night Colvin has issued a proclamation to the heads of departments ordering that they do not recognize Hoyne. In another proclamation, addressed "to the good citizens of Chicago," he declares the city council, proceedings illegal, revolutionary and void, and calls on the citizens to protect him in his right, and beware how they encourage such proceedings.

Lumbermen's Riot.

CHICAGO, May 8.—There was a riot this morning in the lumber district in this city. The police arrested a large number of rioters and restored order.

CHICAGO, May 8.—The riotous lumber workers held a meeting to-night, at which a conciliatory spirit prevailed. The suggestion that they form themselves into protective unions met with much favor, and another meeting was appointed for to-morrow night. One of the laborers, who was shot during an encounter with one of the firemen, died to-night. The workers are chiefly Bohemians and Germans, and have been urged to this strike by the notorious Communists of this city. Piper, the Murderer.

BOSTON, May 8.—Thomas W. Piper, son of Warren avenue church, under sentence of death for the murder of the child, Mabel Young, the belfry of the church has confessed that he was the murderer of Bridget L. Loughgan, in 1873, and the principal in the strange and nearly fatal assault on May Tyler in this city, two years ago. Piper declares he had no motive for the crimes, particularly for the murder of the child and cannot understand why he came to commit the crimes. It is supposed he was actuated only by a fiendish love for bloodshed, like the boy, Jesse Pomeroy, who is still in jail. Piper says he has hitherto lied about the matter to blind his counsel, knowing he could not get their aid if they believed him guilty. In his confession of the murder of Mabel Young, Piper said, "I took a cat from the lower room at commencement of school to kill the same. At that time I carried it up into the auditorium, but during the session of the Sunday school I took it from the auditorium and carried to the belfry. After the close of the school I came down stairs and opened the door; then I went up again. I sent away the boys who were playing in the vestibule. After the boys had gone out and I was still in the vestibule, a little girl came up stairs, and I induced her to go with me into the belfry. Then I took her with a club two or three times on the head, and she fell. I then found that I had killed her, and carried the body to the place where it was discovered.

His confession of the murder of Bridget Loughgan in 1873 was equally explicit. He was under the influence of whisky and opium, and deliberately prepared a club to kill some one, and she was the first person he happened to meet.

The Governor of Rodosto had also armed the Malionnet population of that place, but received orders to disarm them. On receipt of the News of the Salonica outrage the Insurrection in Bulgaria gained ground. The insurgents held Belles and a portion of the Roumelian railway adjacent thereto.

Case of the Jersey City Explosion.—NEW YORK, May 9.—At the investigation into the cause of the recent explosion at Jersey City heights, yesterday, con-

Prayer by Bishop Simpson at Centennial Opening.

Almighty and everlasting God, our Heavenly Father, Heaven is Thy Throne and the earth Thy footstool. Before Thy Majesty and holiness, the angels veil their faces, and the spirits of the just made perfect bow in humble adoration. Thou art the Creator of all things, the preserver of all that exists, whether they be thrones or dominions, or principalities or powers. The minute and the vast, the atoms and the worlds alike attest the ubiquity of Thy presence, and the omnipotence of Thy way. Thou alone art the sovereign ruler of nations. Thou raiseth up one and casteth down another, and Thou givest the kingdom of the world to whomsoever Thou wilt. The past with all records, the unfolding of Thy counsels, and the revealing of Thy grand designs. We hail Thee as our rightful ruler, the king immortal and invisible, the only true God blessed for evermore. We come in this glad day, oh Thou God of our fathers, into these gates with thanksgiving, and into these gates with praise. We bless Thee for Thy wonderful goodness in the past; for the land which Thou gavest to our fathers, a land veiled from the ages, from the ancient world, but revealed in the fullness of time to Thy chosen people, whom Thou didst lead by Thy own right hand through the billows of the deep—a land of vast extent, of towering mountains and broad plains, of unnumbered products and untold treasure. We thank Thee for the fathers of our country, men of mind, of might, who endured privation and sacrifice, who braved manifold dangers rather than defile their souls or bow to be untrue to their God, who laid on the broad foundation of truth and justice, the great structure of civil freedom; we praise Thee for the closing century; for the founders of the republic; for the luminous Washington and his associates, for the freedom which they planted and the firmness and heroism which, under Thy blessing, led them to triumphant success—it was their shield in the hour of danger, their pillar of cloud by day and their pillar of fire by night. May we their sons walk in their footsteps and imitate their virtues. We thank Thee for social and national progress; for laudable discoveries and multiplied inventions and labor-saving machinery, relieving the toil of the masses; for schools, free as the morning light for millions of the rising generation; for books and periodicals, scattered like the leaves of autumn over the land; for arts and science; for freedom to worship God according to the dictates of our conscience, for a church unshackled by tyrants of the State. Bless, we pray Thee, the President of these United States and his constitutional advisers, the Judges of the Supreme Court, the Senators and Representatives in Congress, the Governor of our special commonwealth, the officers of the army and navy, and all who are in official position throughout our land. Guide them, we pray, with counsel and periodicity, scattered like the leaves of autumn over the land; for arts and science; for freedom to worship God according to the dictates of our conscience, for a church unshackled by tyrants of the State.
