THE FIRST APPROPRIATION BILL.

The first special appropriation bill came

up on its final passage, in the horse, yesterday. It was to appropria e the sum of

\$6,725 for the relief of Klamath county— that sum having been expended in the construction of a wagon bridge across Link river, on the only wagon road from southwestern to southeastern Oregon. The bill was introduced by McLean, who was absent from the house at the time the vote was taken, and the bill failed to the vote was taken, and the bill failed to pass, yeas 29, nays 30, absent J. Mr. McLean then secared a reconsideration of the bill, by three votes, and then pro-ceeded to explain the bill. R. A. Miller, of Jackson, also spoke in favor of the measure. On the final vote on the mat-ter time bill secare failed to man only 300

ter, the bill again failed to pass, only 30 votes being cast in favor of it. It is plain to see that all local appropriation bills are going to have "close work" to get through the house.

THE NORMAL SCHOOL BILL.

Mr. Blundell, from the committee on education, reported the bill provididg a government for, and appropriations for the support of the state normal school at Monmouth this morning, withcut recom mendation. The matter lay in the hands of the clerks until in the afternoon, when it was called up, and several amend ments to the bill were adopted. One of these amendments on motion of Bilyeu struck out all the section which provides an appropriation for the support of the amendments; also, favorably on H. B. 93, fixing time for boiding circuit court in 93, fixing time for boiding circuit court in 1000 million of H. B. it was called up, and several amend of the bill which prescribed a religious test for qualifications to be a member of the board of regents. The bill as it now stands, gives the state entire control and management of the school, but provides no support nor financial aid for the institution.

EX-GOV. GIBBS BODY.

In the senate, Mr. Dimick,

Marion county, has introduced a bill which was referred to a special committee consisting of Messrs. Dimick, Hare and Weatherford, which appropriates the sum of \$1500, or so much thereof as may become necessary to be expended under the direction of the governor, for returning the body of ex-Gov. Addison C. Gibbs, from London, England, where his death occurred recently, to Oregon, and providing for its burial here. The bill was reported favorably yesterday, and will probably pass without material opposition.

PENITENTIARY SALARY BILL.

Mr. Gard has introduced a bill in the house, which is just from the hands of the printer, which will, if passed, increase the salary of the superintendent of the Oregon state penitentiary from \$800 to \$1500 per year. The salary has been rather "moderately low" in the past, to Mr. Speaker: Your committee on judisay the least, but in the past there have been very numerous applications made to the governor for appointment to the even at that

Hon. Edward A. Moore, Member of Assembly from Elehmond county, New York, writes: "Some two years ago I was taken with Inflam-mation of the kidneys. The pain was intense I app ied as soon as possible an Alleoct's Porus Plaster over each kidney. Wonderful to say the pain and inflamation began to abate in three soors. In two days I was entirely cured. I al-ways take great pleasure in recommending All-cock's Plasters: they are certainly the best ex-ternal remedy known. I used them as chest protectors, and found them most efficient."
