### News of the Week from Beyond the Rockies.

JAMES G. BLAINE.

#### Movements of the Great Republican Leader, Westward.

TERRE HAUTE, IND., March 30.—The Vandalia train, to which Mr. Blaine's private car was attached, arrived here at 3:35, one hour and twenty minutes late. No effort had been made to give Blaine a reception, yet there were 400 or 500 people at the depot. The crowd surrounded Blaine's car, and began to call for him. He appeared at the rear end of the car, and was received with cheers. He said: "Gentlemen, it gives me pleasure to see you all here. I am on an entirely private journey, and I simply desire to express my thanks for the courtesy of this call." Afterward Mr. B. stepped from the car, and was immediately surrounded, and was compelled, on account of the rush, to climb back on the steps again. The train remained at the depot fifteen minutes, during which time Mr. Blaine was occupied in shaking hands.

BLAINE AT ST. LOUIS.

ST. LOUIS, March 30.—The train bearing Blaine and party was badly delayed east of here, and did not arrive till half past 9. The party was met at the depot by two or three personal friends, and was driven immediately to the Lindell hotel. Mr. Blaine will remain here two or three days, but will make no political speeches and will accept no formal hospitalities or attention from party friends.

BLAINE GOING TO EUROPE.

NEW YORK, March 30.—The Sun this evening says that James G. Blaine has completed all arrangements for a European tour. Blaine will sail in June and remain abroad for a year.

#### A DISASTROUS WRECK.

A Steamer with Two Hundred and Fifty Men Lost.

NEW YORK, March 31.—The sealing steamer Eagle, with a crew of two hundred and fifty men, is a total loss, on the shoals of Funk island, Newfoundland. There are no particulars obtainable now. Debris consisting of deck ladders and cooking gear, with the name of the steamer on it has been found near the place, and it is the general supposition that the boiler exploded.

#### Finally Accepted.

CHICAGO, March 31.—Carter Harrison has finally accepted the democratic nomination for mayor of Chicago. He had declined twice, on the grounds that the administration at Washington was not in sympathy with his administration of the affairs of the wicked city.

#### Fairchild to Get the Secretaryship.

WASHINGTON, March 31.—It is announced that the following appointments will be made to-morrow: Secretary-treasurer, Chas. S. Fairchild, of New York; assistant secretary-treasurer, Isaac H. Maynard, of New York. Mr. Maynard is the present second comptroller of the treasury, having been appointed to that position by President Cleveland on June 1, 1885. He has made an excellent record in that position. At the time of his appointment Judge Maynard was first deputy attorney-general of New York. Two years prior to his appointment to the federal service, he was the democratic candidate for secretary of state of New York, but was defeated, owing, it is said, to his prohibition record. His home is in Delhi, New York.

#### INTERSTATE COMMISSION

Organized, and Judge Cooley Elected its Chairman.

WASHINGTON, March 31.—About 11 a. m. to-day the members of the interstate commerce commission called at the White House and paid their respects to the president. Afterward an informal gathering took place at Willard's hotel, to enable the members to become better acquainted with one another. At 3 p. m. the commissioners met by agreement at the interior department, where their commissions were handed to them and the oath of office administered.

On motion of Col. Morrison, Judge Cooley was selected as chairman of the commission. This action was unanimous, and was taken without discussion, the members having all come to the conclusion that Judge Cooley was the best fitted for the position.

Prior to the selection of Judge Cooley as chairman of the commission, Messrs. Morrison, Bragg, and Schoonmaker, the three democratic members, held a conference, at which it was decided that, in view of Judge Cooley's long experience and eminence as a judge, and in order to demonstrate to the country that it was their object to promote harmony and unanimity in the board, Col. Morrison should propose and Mr. Bragg should second Judge Cooley's nomination as chairman.

No candidates for the secretaryship have as yet been proposed, and the position is still in abeyance. Another meeting of the commission will be held to-morrow.

#### EARTHQUAKE.

An Old-fashioned "Shake" in Kentucky—Volcanic Disturbance.

CHICAGO, April 1.—The Times' Evansville (Ind.) special says: News was re-

ceived in this city of volcanic disturbances and eruptions on Blood river, near New Concord, Calloway county, Kentucky, yesterday, which scared the people there almost out of their wits. Tuesday afternoon all wells in the neighborhood were discovered to be dry. The same night, strange rumbling noises were heard in the earth similar to those preceding an earthquake shock. About 10 o'clock an explosion was heard, in the direction of Stiger's Bluff, two miles from New Concord. A column of fire was seen to shoot up toward the heavens to a height of at least 150 feet. Explosions continued at intervals through the night, and columns of fire still continue to shoot upward. Some of the more courageous people have made a visit to the bluff, but the heat is so intense they cannot get within a quarter of a mile of it; but red-hot ashes seem to be flowing down the west side of the bluff. When our informant left, a remarkable eruption was still in progress, and a majority of the people were perfectly wild with terror. The scene of the phenomenon is in one of the wildest and most rugged parts of the state. Mayfield, twenty-five miles distant, is the nearest railroad station, and efforts to reach that point by telegraph have been unsuccessful.

#### Goes Back to His Beer.

NEW YORK, April 1.—Herr Most, the anarchist, was released from the penitentiary on Blackwell's island early this morning. On his landing at East Fifty-second street he was greeted by a young woman and a number of his sympathizers. A big crowd was on the river bank and followed Most and his friends to Second avenue, where they encircled themselves in a beer saloon.

#### The Commission Signed.

WASHINGTON, April 1.—The president to-day signed the commissions of Charles S. Fairchild as secretary of the treasury, and Isaac H. Maynard as assistant secretary of the treasury.

#### Appointment of a Judge.

WASHINGTON, April 1.—The president to-day appointed Martin V. Montgomery, of Michigan, to be associate justice of the supreme court of the District of Columbia, to succeed Justice McArthur, retired.

#### A BIG SNOW BLOCKADE.

Fifteen Hundred Passengers Suffering Great Hardships.

NEW YORK, April 2.—Dispatches received in this city state that the snow blockade on the Inter-Colonial railway, New Brunswick, is the greatest of modern times. There are over fifteen hundred passengers on the blockaded train. Every effort is being made to get food to the passengers, who are suffering great hardships. It will take a week to get the road in running order.

#### Mrs. Logan a Novelist.

NEW YORK, April 3.—It is said, on good authority, that there will soon be published a novel, on Washington society, from the pen of Mrs. Gen. Logan. The publishers have not yet been selected, but the manuscript is complete and ready for the printer. Mrs. Logan is now in Washington, having recovered her health. She receives a large income from the general's book.

#### Destructive Fire.

NEW YORK, April 4.—Dispatches state that a number of buildings burned at Nashville, Tenn., yesterday. Loss, \$250,000.

#### Dynamite Outrage.

NEW YORK, April 4.—Several torpedoes were placed on the street car track at Patterson, New Jersey, by some unknown persons last night. In the explosion the car tracks were smashed. No one was hurt. There is no clue to the perpetrators of the murderous act. This is the third attempt made recently to up the street cars at Patterson.

#### Too Fastidious by Half.

WASHINGTON, April 4.—It is learned from reliable sources that two companies of militia at Montgomery, Alabama, and one at Atlanta, Georgia, have officially resolved to withdraw from the national drill, to take place at Washington. This action was caused by the entry of two colored companies.

#### Steamship Foundered.

BALTIMORE, April 4.—News has been received here that the steamship Saratoga, fruit laden, has been foundered on the coast of Bermuda. All on board were saved.

#### Notable Death.

WASHINGTON, April 4.—Joseph H. Bradley died at his residence in this city yesterday. General debility was the cause. His age was eighty-four years. He was a prominent lawyer, and was engaged in many celebrated cases, including the trial of Mrs. Surratt for conspiracy in Lincoln's assassination.

#### Burned to Death.

CHICAGO, April 4.—Dispatches state that the charred remains of Mrs. Maniece were found in the debris of her house near Mitchell, Dakota, yesterday. The fire occurred Friday, and foul play is suspected.

#### Still on a Strike.

CHICAGO, April 4.—The Chicago carpenters are still on a strike. Ninety out of 300 contractors have acceded to the demands of the strikers.

## THE COLLECTORSHIP.

The President Appears to be Afraid of Oregon Appointments.

WASHINGTON, April 4.—Word comes from the White House that the president is very much annoyed about the contest that is made for the Portland (Oregon) collectorship. He has already suffered somewhat by bad appointments of Oregon people. He will not soon forget how the country was stirred up by his nomination of Judge Dawne, and has not lost sight of the fact also that another Oregon man not long ago appointed to office in Washington territory did not pan out as well as he thought. He will go slow in the collectorship matter. The report that he has had under consideration all the papers in the case is erroneous. Within the past few days numerous protests have been received against the appointment of Abrams, who appeared to be the most likely man. It is alleged he is not a straight-out democrat, but more of a mugwump or galvanized republican. It would create little surprise if Abrams were left out in the cold and the place given to a man who had but recently removed from New York to Oregon.

#### Herrmann's Trunk.

WASHINGTON, April 4.—Representative Herrmann's trunk has been occupying the attention of the treasury department for the last week or so. While en route home, via Buffalo and Niagara Falls, Mr. Herrmann parted with his trunk at Detroit, Mich., where it will be opened and officially examined. It is not supposed that there are any dutiable goods in it, but an examination is made necessary by the rules of the department. The correspondence in relation to this trunk, if published, would fill a good-sized letter book.

#### Will Attempt Its Repeal.

WASHINGTON, April 4.—Without doubt a strong effort will be made in the next congress to either repeal or at least modify the new interstate commerce law. The very classes who were most clamorous for its passage are among the first to make complaint of the harshness of its provisions. The folly of trying to make ironclad rules for the government of commerce is already apparent. The railroads in every direction have been compelled to change their rates in anticipation of the carrying out of the statute, which makes the burden to be borne by the people all the greater, and even for short distances the prices of tickets for carrying passengers have advanced 25 per cent.

#### New Oregon Postoffice.

WASHINGTON, April 4.—A new postoffice has been established at Switzerland, Marion county, Or., with John Green as postmaster.

#### THE CHICAGO ELECTION.

The Republicans Have Carried the Day by Big Odds.

CHICAGO, April 5.—A very large vote was cast in this city to-day. The greater portion of the labor vote was polled early. One-third to one-half the registered vote was in by 9 a. m. The contest lies between the republican and labor candidates, although the prohibitionists have tickets out. Indications are that the total vote will reach seventy-five to eighty-five thousand. No disturbance has been reported in the eleventh and twelfth wards. Both republicans and democrats are voting almost solid for the republican candidates, and the absolute defeat of the labor ticket is assured, but estimates are founded only upon conjecture, and they vary widely.

#### THE MICHIGAN ELECTION.

Prohibition Defeated and the Republican Ticket Elected.

DETROIT, April 5.—The Michigan electors cast their ballots on two justices of the state supreme court, two regents of the state university, and two amendments to the constitution, besides county officers. The amendments were for an increase of the salary of state officers, and for the prohibition of the liquor traffic.

The latest returns from all sections of the state indicate that the republicans have a majority of ten thousand, and the prohibition amendment is defeated by nine thousand.

#### The Cincinnati Election.

CINCINNATI, April 5.—The republicans elect Smith Mayor of Cincinnati by six hundred plurality, also other city officers by small majorities. The ward officers elected are as follows: Republican, three; labor, nine; democrats, three. Board of education: Republican, fifteen; labor, eight; democrats, two.

#### Indian Appointments.

WASHINGTON, April 5.—The president to-day appointed George W. Gordon, of Tennessee, to be commissioner to select a reservation for the confederated bands of the Cayuse, Walla Walla and Umatilla Indians, vice George R. Pearson resigned.

#### Herr Most's Reception.

NEW YORK, April 5.—John Most, the ex-convict and apostle of anarchy, was

given a reception Monday night in Cooper Union. It was the largest anarchist meeting ever held in this city, the hall being packed. It is stated that the majority present were not anarchists, but socialists, and that many were there merely out of curiosity. A large squad of police, in citizens' clothes, were present. There was no more disorder than is usual in large meetings. Most spoke in English and German, denouncing the legal authorities who convicted him and sentenced him, and the prison authorities who failed to show him respect. He loudly reasserted his adherence to the principles of anarchism. His remarks were enthusiastically received.

#### Gen. Hart and Kissane.

NEW YORK, April 4.—A dispatch has been received from San Francisco by J. B. Hart, William Kissane's lawyer, who is now in the city endeavoring to get quashed a thirty-three year indictment against Kissane for forgery, to the effect that papers showing Mr. Hart to be properly authorized to represent Kissane, and which Recorder Smythe insists upon having before he will decide the matter, have been forwarded by mail. As they cannot reach here before the end of the week, Hart will do nothing further in the case until that time. That Kissane's present name is Rogers was confirmed by a talk had with Hart, who referred to him several times as Mr. Rogers.

#### Wants the Money Refunded.

WASHINGTON, April 5.—A claim has been presented at the treasury department for the refunding of money paid for seized property sold as opium, but which proved to be nothing but oatmeal. The sale was made by the collector of customs at Portland, Oregon, and the innocent purchaser was a Chinaman named Seid Back. The seizure consisted of thirty-nine small cans, each of which was designated as prepared opium, and all was sold as such at the rate of \$6 per can. Of this number thirty-nine cans contained oatmeal, which was worth about \$1, for which the purchaser paid \$174. The question is, shall the collector be directed to return the money.

#### Grabbling at Oregon Appointments.

WASHINGTON, April 5.—Assistant Secretary Thompson states that he cannot disclose why the treasury department has refused to confirm the appointment of Wm. H. Watkins as deputy collector at Colville, W. T. As yet the name of the new applicant has not been received. The matter is being quietly looked into at the request and suggestion of the president. It is understood that the gentleman under investigation was appointed from Oregon.

#### Took His Office.

WASHINGTON, April 6.—Judge Maynard has relinquished the office of second comptroller, and formally entered upon the discharge of his duties as assistant secretary of the treasury.

## FOREIGN.

### Record of News from Over the Atlantic.

#### A Bill to Believe Ireland.

LONDON, April 1.—The News says the land bill introduced by Lord Cadogan in the house of lords yesterday evening convicts the ministry of the grossest inconsistency, and entirely justifies Parnell's action during the last autumn's session of parliament. The first thing that strikes a reader of Lord Cadogan's speech is that, inadequate as the bill may be, it entirely dispenses with the necessity for coercion, or, rather, it would if the necessity existed. Balfour argues that an illegal combination prevents tenants in Ireland from paying their rents. Lord Cadogan formally admits that tenants are evicted for not paying impossible rents.

#### Honoring the Queen.

## SUPREME COURT.

SALEM, March 31.

A. I. Weiler, resp., vs. D. V. B. Henarie; judgment affirmed. Opinion by Thayer, J.

[The respondents commenced an action in the circuit court of Multnomah county against the appellant to recover the sum of \$400 alleged to be due upon a written guaranty executed by him to the respondents. On March 1, 1886, respondents leased certain premises in Portland to Edward Martin for 25 1/2 months, at \$250 per month, payable monthly in advance, and the appellant guaranteed the payment of \$200 per month during the whole period, also payable monthly in advance. The rent for November and December, 1886, being due and unpaid, plaintiffs, after due notice and demand, sued the guarantor for \$400. The case was decided in favor of plaintiffs in the lower court. It is held by the latter that by the terms of the guaranty the defendant's agreement was direct, and that a failure to pay according to its terms was a breach of his agreement, for which an action would lie, without any showing as to notice or of Martin's insolvency or failure to pay.]

N. H. McKay, resp., vs. N. A. and W. H. Musgrove, apps., appeal from Multnomah county; argued and submitted.

Docket for next week: Monday, April 4th, Policio vs. Biggie, and Fisk vs. Henarie; Tuesday, April 5, State vs. Neil Shutz, and State vs. Colvig; Wednesday, April 6, Tolman vs. Neil et al.; Thursday, April 7, State ex rel. S. G. Reed vs. Elijah Smith.

April 4, 1887.

Motion to dismiss appeal in Moore vs. Love argued and submitted by Hon. Geo. G. Bingham.

Josiah West, app., vs. James and E. A. Taylor, resps.; judgment reversed. Neither party will be allowed costs against the other. Opinion by Strahan, J.

[The object of this suit is to restrain the defendants from maintaining or repairing a certain dike or dam, erected by them on their own land in Clatsop county, whereby the waters accumulating and flowing out of Cullaby lake are caused to flow back upon the plaintiffs' lands, by means of which their use for agriculture or pasturage is entirely destroyed. It is held that the water in question was pursuing its natural outlet from the lake and cannot be considered as surface water; therefore defendant had no right to erect a dike stopping its natural flow. Since both parties acted in good faith neither recovers costs from the other.]

In the matter of the petition of Rachel Policio to have John Bigie removed as executor of the estate of Perre and Petra C. Manciet, deceased, appeal from Multnomah county; argued and submitted.

James H. Fisk, app., vs. D. V. B. Henarie et al., resps., appeal from Multnomah county; argued and submitted.

April 5.

Motion to dismiss appeal granted in the case of Moore vs. Love; appeal from Baker county.

Motion to dismiss appeal denied in State ex rel. Kent vs. Colvig.

State of Oregon, respondent, vs. V. Schutz, appellant; appeal from Jackson county; argued and submitted.

State of Oregon ex rel. T. B. Kent, appellant, vs. Wm. M. Colvig, respondent; appeal from Jackson county; argued and submitted.

#### THE MACLEAY SCHOOL.

EDITOR STATESMAN:—In school matters we have come to look for something much above the average of other schools, in the Macleay district, and we were not disappointed in the closing exercises of that school, which has been taught so successfully the past year by Miss Lizzie Cornelius. A large and appreciative audience was present, to listen to the well-arranged programme. The exercises began in the afternoon with a public examination of the various classes in reading, grammar, arithmetic, etc. Nearly all the pupils passed a perfect examination, which spoke well both for teacher and children. The various declamations, recitations, etc., on the programme of exercises were well rendered. The school paper was good, abounding in wit, humor, and a little sarcasm for Turner. It would require too much space to mention all the children by name who deserve praise for the splendid manner in which they acquitted themselves on this occasion. The teacher left nothing undone that should have been done to make the entertainment a success. The directors deserve special mention for the interest they have taken in the school for several years past. They employ only competent teachers, and they visit the school and see that everything is as it should be, thus helping the teachers in their work. Miss Cornelius receives \$50 per month, and she can continue to teach the school, if she so desires.
