CHICAGO'S DERBY DAY.

California Likely to Win the Prize for the Third Time.

CHICAGO, June 23.—Saturday will be Chicago's Derby day at Washington park, and the roll of honor is already adorned with the names of Modesty, Volante and Silver Cloud, and will soon have another added. The burning question of the hour is, Will California, for the third time in succession, carry away the rich prize or not? Looking at the recent performance of Miss Ford, and adding thereto the formidable reputation of Goliath, C. H. Todd and Ichi Ban it is hard to see how California can lose the race. The Derby is likely to be contested for by the Duke of Bourbon, Carrey, Unite, Clarion, Terra Costa, Fencilon, Libretto, White Nose, Montrose, C. H. Todd, Wrayford, Jim Grove, Procrastinator, Goliath, Miss Ford, Wary and Safe Ban. These have received special preparation for this race alone. Of the last Duke of Bourbon, Procrastinator and White Nose have no winnings, but they have credentials this year sufficient to entitle them to consideration. Each of the others have at one time or another done something to justify the opinion that a chance exists for their winning the race. Miss Ford and Goliath seem to be the favorites.

SOMEWHAT SHAKY.

That is What Conservative Bankers Think of the Stock Market.

NEW YORK, June 23.—Money is in demand to-day at 10 per cent., but there seems to be a great deal of hesitation by banks to replace the loans called yesterday. The weakness of the early morning has spread all through the list, but at present there are some signs of supporting orders being put in the market. To add to the depression, just as supporting orders were given, private dispatches were received from Chicago stating that one of the banks in Chicago needed assistance, and these dispatches were followed by denials from officials of the bank. The break in stock is generally believed to be the sequel to the wheat panic in Chicago, and bankers are of the belief that if rumors regarding the weakness of banking firms in Chicago and Boston, the failure of the Fidelity bank, Cincinnati, should prove unfounded, the course of prices would be upwards at once.

COMING WEST.

The Civil Service Commission to Make a Sort of Triumphant Tour.

WASHINGTON, June 23.—It is stated the civil service commission propose next July to make a sort of triumphal tour to the Northwest, Pacific coast and Southwest for the double purpose of giving those persons who desire to retain a governmental salary a thorough display of their literary qualifications, and opportunity to be examined. The tour will be made by way of the Northern Pacific to Portland, thence to San Francisco and back to Washington by way of the Southern Pacific through the Southwest and New Orleans. The examinations are to be held at Chicago, Milwaukee, St. Paul, Minneapolis, Bismarck, Fargo, Helena and Portland, and at the principal cities of the Pacific coast and through the Southwest.

THEY PROTEST.

One Hundred Thousand Catholics Stand by Dr. McGlynn.

NEW YORK, June 23.—The following cablegram was sent to Rome yesterday to Cardinal Simeoni, prefect of the Propaganda: "One hundred thousand Catholics in mass meeting in this city Saturday, June 18, have denounced the threatened excommunication of Dr. McGlynn, with whom they are prepared to stand and have protested against ecclesiastical interference with the political rights of American citizens. Signed: Jeremiah Coughlin, M. D. chairman; James Gahan, secretary."

Heavy Damage Suit.

PORTLAND, Or., June 23.—The case of August Anderson vs. Nelson Bennett came up for hearing in department No. 1 circuit court to-day. This is a suit in which Anderson seeks to recover \$25,000 damages for injuries sustained by him in an explosion in the Cascade tunnel some time since. The case is one to which special interest attaches, and is being conducted by able counsel. The case has been continued.

The Captured Flags Again.

SAN FRANCISCO, June 23.—A Washington special says that the war department returned a number of captured rebel flags before the publication of the president's order. It is believed a good many of those captured from the regiments belonging to Fitzhugh Lee's command were turned over and taken to Virginia.

AN EXCITING DAY ON 'CHANGE.

A Rapid Decline in Stocks Followed by a Partial Recovery.

NEW YORK, June 24.—The exchange this morning became extremely active and excited, with heavy declines. The market opened with a feeling of confidence in many stocks which has suffered so severely yesterday and large supporting orders were given all over the room. In a few moments there was very heavy selling apparent. Reports were circulated that Jay Gould was dead and there had been a falling out between Jay Gould and Russell Sage and Cyrus W. Field. At the same time some heavy blocks of Manhattan stock were offered, causing the price in that stock to break from 126 1/2 to 120. The room was crowded with brokers and the decline brought out selling orders in all classes of securities. Western Union began a break-down about 11 o'clock, and in fifteen minutes dropped eight points. The fall in other stocks was correspondingly great.

LOANS REFUSED.

The greatest excitement was in the loan crowd, where many inquiries were made for loans on call, but parties prominent in loaning money refused to lend any

amount no matter how small. The excitement reached the greatest height shortly before noon and a veritable panic was developed. No attention was paid by brokers to fractions in sales made by them, and fluctuations were so wild that sales were sometimes from 5 to 10 per cent. apart. Stocks bought near opening were thrown over when the break occurred and this selling completely demoralized the speculators. Wall street was the scene of more excitement than has been witnessed since the May panic of 1885. The greatest declines recorded were Manhattan, 40 1/2 points; Missouri and Pacific, 11; Western Union, 8; Cotton Seed, 7; Richmond Terminal, 7 1/2; New England, 6; and Lake Erie and Western, 5.

A PANIC AVERTED.

Increased short interest saved the room from a money panic by its demand for stocks for delivery, and some large operators entered the market and began buying freely. They soon gathered a large following, and buying turned the market almost as rapidly as it had fallen, and stock took long jumps back to former prices. Manhattan recovered 2 per cent. of its loss, and other stocks generally recovered about one-half of the decline recorded. No failures were announced.

Gould denies the story that he and Field had quarreled, and says they are as good friends as ever.

TAKING THEIR NAMES.

A Game that Two Can Play at, and Uncle Sam Ahead.

LOCKPORT, N. Y., June 24.—The recent order of the Dominion government to Canadian officials at Windsor to make record of all Americans residing at Detroit and vicinity who daily cross the line to engage in work, has led to a counter move by the collector at Niagara Falls and Suspension Bridge. This morning, when the Canadian laborers engaged in employment on this side, reached the frontier, United States deputies demanded their names, ages, residence, occupation, and where and by whom they were employed. During the day, notices were served upon the employers of these foreigners that, if they should continue to employ such foreign labor after July 1st, the district attorney would be recommended to proceed against them according to law.

THE WALL STREET SCARE.

Jay and Russell After Cyrus W. Field, Red-Eyed.

NEW YORK, June 25.—The Times says: There are people in Wall street who do not credit all the statements made by the Gould crowd yesterday. Gould and Sage called in loans by the wholesale. They did their best to corner money; they tumbled a basketful of stock on the market. The break was of their own designing. At least so believes every one who presumes to have an independent opinion. It was their own Western Union and Missouri Pacific and Manhattan they used to "slug" the market with, and if they were not going gunning after Cyrus W. Field, every indication seemingly worth attention is all wrong. It has been an open secret this many a day that Gould and Sage did not love Field, for all their speculative copartnership with him. Sage is on record as saying that the time was not far distant when "Cyrus W. Field will go pater, pater." Field, according to common fame, is loaded heavily with Manhattan.

MONEY TROUBLES.

Russel Sage and Jay Gould Get in and Paralyze Their Friends.

NEW YORK, June 25.—Jesse Seligman predicts that within the next few days gold will be on the way here from Europe, and that tight money is no longer a danger. Other bankers of foreign connections give Seligman's opinion their endorsement. Large loans on stock collateral were made after the market closed yesterday as low as 5 or 6 per cent. The Times says this morning: "The contingent that is always on parade as possessing Gould information were among the weariest citizens this town can boast. Every one of them was caught loaded with stock at top prices, and Russel Sage and Jay Gould have slaughtered every one of their friends, as their hangers on love to label themselves." Jay Gould offers as an excuse for his wholesale calling of loans that he thought stocks were cheap, and he could lend money to better advantage in the market than he could by having it out on loans.

ONLY A RUSE.

The Canadian Government Trying to Play a Sharp Little Game.

CHICAGO, June 25.—A special from Winnipeg says: Secret orders have been issued to local volunteer battalions to hold themselves in readiness for active service. It is believed to be a ruse on the part of the dominion government to send volunteers west under pretext. Another uprising among the Indians is feared so that the government can easily carry out its evident intention of preventing Manitoba from building the proposed road to the boundary. It is said to be the government's intention to send into Winnipeg a mounted police in the absence of volunteers, and so coerce the province into submission. Many citizens are discussing the affair, and measures are being devised to meet the government and checkmate its schemes.

A BIG SMOKE.

Several Tobacco Warehouses Totally Destroyed by Fire.

LOUISVILLE, June 25.—The Louisville tobacco warehouses of Thos. H. Glover & Co., Sawyer, Wallace & Co., E. B. Paris & Co., and an adjoining building, were occupying the square between Main and Market and Ninth and Tenth streets, were totally destroyed by fire this morning, together with 350 hogheads of tobacco. The total loss is estimated at \$350,000, partially insured.

Not a Vestige Apparent.

NEW YORK, June 25.—There is no vestige of yesterday's panic apparent, and although the market for a while was ragged, the roughness soon wore away and is now generally steady at the advance of from 1 to 2. Money is offered freely at 6 per cent. by the same parties that were credited with forcing up the rates yesterday.

PACIFIC COAST.

News by Telegraph from West of the Rockies.

INTO A WATERY GRAVE.

A Pleasure Party at The Dalles Capsizes, and Two are Drowned.

THE DALLES, Or., June 23.—A sad accident happened near The Dalles yesterday evening. A party of young ladies and gentlemen were on the Columbia enjoying the pleasure of a sail when a sudden gust capsized their boat and the entire party were thrown into the water. A young man named Snipes, son of Ben Snipes, formerly of Yakima, and a young lady, whose name is not learned, were drowned. Up to the latest advices the bodies had not been recovered.

KICKED BY A HORSE.

Wm. Blanton, Living Near Eugene City, the Victim.

EUGENE CITY, Or., June 23.—Wm. Blanton, living about three miles from this city was seriously kicked by one of his horses about 11 o'clock this forenoon. A messenger arrived about noon and summoned Dr. Jones to attend him. The horse struck him in the mouth with one foot and in the breast with the other. His condition at this time cannot be ascertained, although his recovery is expected.

Another Drowning.

UMATILLA JUNCTION, Or., June 23.—A young man named Johnson, while in the river bathing at Umatilla yesterday, was drowned. He was a good swimmer, and it is supposed the accident was caused by his being attacked by cramps, which rendered him helpless, in the cold water.

A SHORT ROMANCE.

The Story of the Marriage of a Gladly Portland Girl in 'Frisco.

SAN FRANCISCO, June 24.—Evangeline C. Troy, a sixteen-year-old daughter of an engineer residing at 75 West Park street, Portland, Oregon, was married a few days ago, says the Examiner this morning, to Fred C. Andrews, a clerk in an art store of this city. That paper says that Miss Eva left her home in Portland five or six months ago, having become tired of the restraint placed upon her by the watchful care of an anxious father. On her arrival she commenced looking around to see what she might do about earning a livelihood. Being talented with the brush, she obtained a few pupils to learn the art of painting. Her pictures found a ready market in a number of stores. In one of these places she met young Andrews about three weeks back. It was "love at first sight," and prompt binding of the two hearts, for as above stated they slipped the hymeneal noose over their heads a few days ago. It has since transpired that Evangeline's reason for hasty relinquishment of the joys of single blessedness was that she had heard that her father was coming from Portland with the intention of forcing her to return home with him, and she, rather than be compelled to do that, married Fred so that she might be able to hold him up as a barrier between her father and herself. The marriage, however, has never been more than a mere form, the bride positively refusing to live with her illegitimate lord. Mr. Troy is expected to arrive from Portland next Monday or Tuesday, and it is probable that an attempt will be made to have the marriage annulled.

THE INCENDIARY CASE.

The Defense Causes Surprise by Coming to a Sudden Halt.

SALINAS, Cal., June 24.—The trial of Simmons for the alleged firing of the Del Monte hotel came to a sudden close this morning. The prosecution rested shortly after opening court, and the defense, to the surprise of every body, also rested, and expressed a desire to submit the case without further testimony or argument. The prosecution, although taken by surprise, demanded that the case be argued before the jury. Court adjourned till 1 o'clock.

A Good Man Rewarded.

BENSON, Ariz., June 24.—General Sherman has issued an order transferring Capt. H. W. Lawton and his troop Company B, Fourth Cavalry, from Fort Huachuca in this territory, to Fort Meyer at Washington. Capt. Lawton will leave here early in July. Capt. Lawton's record as an Indian fighter is one of the best, and the people here hope he will remain until the present Indian trouble is settled.

ACCIDENTAL SHOOTING.

A Young Man Named Jot Receives a Charge of Shot in the Knee.

EAST PORTLAND, Or., June 25.—Dr. C. B. Smith received a hasty summons last night from Pleasant valley to attend a young man who had been accidentally shot in the knee. He got back last night at 12 m., and this morning furnished these particulars of the accident: Garrot Jot, the son of G. D. Jot, was out hunting with another young man. His companion's shot gun was accidentally discharged in the direction of young Jot, and the entire charge of shot passed through his leg underneath the knee, tearing the flesh away and making a fearfully lacerated wound. Several shot entered the other leg, and these were removed. The surgeon said that, although it was a very bad wound, he thought the young man would come out all right and there would be no necessity of amputation.

ANOTHER HEAD FALLS.

Penumbers Kelly, U. S. Marshal for Oregon, Probably to be Succeeded.

PORTLAND, Or., June 25.—A citizen received a telegram from Washington city this morning to the effect that a democratic United States marshal had been appointed for the district of Oregon, to succeed Marshal Kelly. The name of the new appointee was not mentioned, and nothing is known of the reliability of the report, but it is generally expected that Kelly will be succeeded by a democratic party man, against whom the democratic party can bring no charge on that score; therefore the authenticity of the rumor is somewhat doubted.

FATALEY BURNED.

A Child Aged Eight Years Probably Burned to Death.

PORTLAND, Or., June 25.—Last evening during the absence of the grown people a niece of Mrs. Hughes, residing on Ninth and Taylor Streets, was playing with matches and her dress caught fire. While enveloped in flames she took hold of her little five-year-old sister and ran up stairs crying for help. Some neighbors were aroused by the appeal, but before they could render the unfortunate child any assistance she was so badly burned that it is feared she cannot recover. The little girl is about eight years old.

A HOSPITABLE RECEPTION.

The Salem Excursionists Received Warmly at Albany.

ALBANY, Or., June 25.—At noon to-day the steamer Bentley arrived in this city, bringing 300 excursionists from Salem. The excursion was given under the auspices of the Baptist Sunday school of that city and was attended by both old and young. They were shown about the city by friends, and before leaving were tendered a serenade at the Revere House by the Mechanics' band. At 4 o'clock the boat left for Salem and amid the waving of handkerchiefs and music by the band steamed down the river.

Death at Eugene.

ALBANY, Or., June 25.—Mrs. C. P. Geer, sister of Mrs. N. P. Payne, of this city, died last night at Eugene. Her remains were brought here to-day and will be taken to Butteville, Marion county, tomorrow for interment.

Wedding Near Turner.

TURNER, Or., June 25.—At the residence of the bride's parents, four miles from Turner, this afternoon at 2 o'clock, Julia S. Morris, daughter of D. M. Morris, was united to C. B. McPherson, of Salem, Rev. W. T. Van Scoy officiating. Grange Picnic Over.

JEFFERSON, Or., June 25.—The picnic at Jefferson closed at noon to-day. The attendance before closing reached 2,000 people.

AN INDOLENT ORGAN.

When the liver is indolent, as it must necessarily be when it fails to secrete the bile in sufficient quantities to meet the requirements of digestion and evacuation, it should be set at work with Hostetter's Stomach Bitters. The healthful stimulus to activity imparted by this incomparable alternative, speedily evinces itself in a departure of the uncomfortable sensation in the right side of the nares; fur upon the tongue, indigestion, and sick headache consequent upon inactivity of the liver and the diversion of the bile from its proper channel. Irregularity of the bowels is always and painlessly reformed by the corrective indicated, which is infinitely to be preferred, both because it is safe and more efficacious to blue pill, calomel and drenching purgatives of every class. It cures and prevents fever and ague, and rheumatism.

Terrible Surgical Operation A FATAL MISTAKE.

The Cleveland, Ohio, Press, of February 23d, 1883, published an account of a fatal surgical operation which caused a great commotion among medical men throughout the whole country, Dr. Thayer, the most eminent surgeon in Cleveland, pronouncing it scandalous. It appears that a Mrs. King had been suffering for many years from some disease of the stomach, which had resisted the treatment of all the physicians in attendance. The disease commenced with a slight derangement of the digestion, with a poor appetite, followed by a peculiar indescribable distress in the stomach, a feeling that has been described as a faint, "all gone" sensation, a sticky slime collecting about the teeth, causing a disagreeable taste. This sensation was not removed by food, but, on the contrary, it was increased. After a while the hands and feet became cold and sticky—a cold perspiration. There was a constant tired and languid feeling. Then followed a dreadful nervousness, with gloomy forebodings. Finally the patient was unable to retain any food whatever, and there was constant pain in the abdomen. All prescribed remedies failing to give relief, a consultation was held, when it was decided that the patient had a cancer in the stomach, and in order to save the patient's life an operation was justifiable. Accordingly, on the 22nd of February, 1883, the operation was performed by Dr. Tuckerman, Dr. Perrier, Dr. Arms, Dr. Gordon, Dr. Capner and Dr. Halliwell of the police board. The operation consisted in laying open the cavity of the abdomen, and exposing the stomach and bowels. When this had been done an examination of the organs was made, but to the horror and dismay of the doctors there was no cancer to be found. The patient did not have a cancer. When too late the medical men discovered that they had made a terrible mistake; but they sewed the parts together and dressed the wound that they had made, but the poor woman sank from exhaustion and died in a few hours. How sad it must be for the husband of this poor woman to find that his wife died from the effects of a surgical operation that ought never to have been performed. If this woman had taken the proper remedy for Dyspepsia and Nervous Prostration (for this was what the disease really was), she would have been living to-day. SHAKER'S EXTRACT OF ROOTS, or SEIGEL'S CURATIVE SYRUP, a remedy made expressly for Dyspepsia or Indigestion has restored many such cases to perfect health after all other kinds of treatment have failed. The evidence of its efficacy in curing this class of cases is too voluminous to be published here; but those who read the published evidence in favor of this dyspeptic remedy do not question its convincing nature, and the article has an extensive sale.
