WANTS MORE BONDS.

The Government Will Purchase More of Its Own Securities

WASHINGTON, Sept. 22.-The circular published this morning offering to purchase \$14,000,000 of four and four and a half per cent. bonds, is now being printed at the treasury department, and will be distributed this afternoon. The effect of the publication was made instantly apparent at the department by the re-ceipt of offers to sell within a short time after the doors of the department had been opened. Acting Secretary Thomp-son was at the White House and the treasury department last night until after midnight, consulting with the president and the financial officers of the treasury relative to the prices to be offered, the amount of bonds to be purchased, and other details of the new plan for releasing some of the treasury surplus. Several treasury officers are of the opinion that after the first few days there will not be any considerable amount of bonds offered to the government, but the moral effect of the circular, it is believed, will be good, as the knowledge that the government stands ready to purchase \$14,-000,000 of bonds and throw that amount of money upon the market will, they say, tend to reassure timid financiers.

A WISE PROVISION.

The Indian Bureau Insists That Pure English Only be Spoken.

Washington, Sept. 22.-In a letter to Gen Clinton B. Fiske, commissioner of Indian affairs, Atkins says the Indian bureau does not intend to recede from its position that no language but the English shall be taught in Indian schools, notwithstanding the opposition manifested against the order. The letter states that the order does not forbid the teaching of scriptural and other truths to adult Indians in their native tongue, but simply forbids the teaching or reading of the vernacular to Indians in schools. The commissioner says: "I am thoroughly convinced that an Indian cannot become useful and civilized unless he is educated in the English language. If the Indian is ever to become a citizen, as the land in severally act contemplates, he must know the language of the constitution, laws and people."

A BOOMING MARKET.

Wall Street Speculators Climb Over One Another to Get to Buy.

NEW YORK, Sept. 22.-The government circular offering to buy 4 per cent. bonds at a fixed price and to pay interest without rebate, caused a sharp turn in the sentiment of operators on the stock market, and the offering this morning was excited, at advances raging from 1/2 to 11/2 per cent. Buyers were so eager that they actually climbed over each other for the first few minutes. London was a heavy buyer in stocks, the heaviest orders for that account being in Louisville and Nashville, Reading, St. Paul and Union Pacific. At 11 o'clock the rush had quieted down and the market became heavy at material declines from opening figures.

HUNTINGTON ON THE STAND.

The Pacific Railroad Commission Exam ines the Great Magnate.

New York, Sept. 22 - The members of the Pacific Railroad commission were on hand this morning to resume their labors. Mr. Huntington was not present, but within half an hour after the appointed time he appeared. After some sultory conversation, Huntington took the stand, and examination into the different letters sent to Colton was again entered upon. The first was in relation to having convinced a certain senator from Florida of the advantages of the Southern Pacific road to the gulf states. The witness did not know whether it was Senator Jones or Senator Conover he referred to. He knew both gentlemen personally. The next was relative to having a California senator friendly to the road.

BUYING MORE BONDS.

The Government Throwing an Immense Amount of Money into Circulation,

Washington, Sept. 22.-The acting secretary of the treasury to-day bought bonds to the amount of \$674,700, of which \$480,000 were 4 per cents, and \$194,700

436 per cents. Washington, Sept. 22.—Three million more bonds were purchased after three

THE DREADFUL SCOURGE.

A Ship having Asiatic Cholera on Board Quarantined at New York.

New York, Sept. 23 .- The steamship Alesia, which arrived below last night from Marseilles and Naples, with 600 gers, has Asiatic cholera aboard. Eight of her passengers died on the passage, and on her arrival at quarantine health officer found four cases aboard. He has sent the Alesia and her passengers to West Bank in the lower bay. Jean Lenivin, a sailor aged 40, died the following day. On the 17th, Jean Somma, a sailor aged 30, was taken sick; he died on the 19th. Lerafin Delis, aged 21, a ge passenger, died on the 20th. Veltri, aged 45, a steerage passen-ied on the 21st. Francisco Matteo, ged 41, was taken sick before coming on soard, and died on the 22d, probably of bronchitis. Maria Anionia Scala Veno, aged 59, was also ailing at the time of coming on board, and died on the 22d, though without symptoms of cholera. All were buried at sea. The Alesia is in the lower bay. The sick passenger in the lower bay. ow in the lower bay. The sick passen-ers will be transferred to Swinburne dand hospital. All the remaining pas-engers will be transferred to Hoffman sland for observation. The ship will re-main in the lower bay until she has been thoroughly furnigated and cleaned.

THE "WESTERN PATHFINDER."

Gen. John C. Fremont Before the Pacific Railroad Commission.

New York, Sept. 23 .- The "Pathfinder," Gen. John Fremont, was a prominent figure at to-day's meeting of the Pacific railroad commission. He *had been subposned at his New Jersey home by Sergeant at Arms Waish and had come to testify with reference to some of Gen. Stone's statements to the commission when it was in Omaha.

The examination of Gen. Dodge was esumed as to the cost of constructing the Union Pacific railroad.

IT WAS MRS. PARSONS.

She Scattered the Anarchist Circulars and Defied the "Cops."

CHICAGO, Sept. 24.-Mrs. Parsons, wife of the condemned anarchist, was arraigned before Justice Lyon this morning for refusing to comply with the police officer's warning to desist from violating the city ordinance against distributing incendiary circulars on the streets. Policemen testified that even on the way to the station she continued the obnoxious work. In court Mrs. Parsons assumed the air of a martyr. She claimed the ordinance was a dead letter. "I hope," said she, pleading to the jus-tice; "I hope you will remember where my husband is, and deal with me as you world like your own wife to be dealt with under similar circumstances." The justice said he would continue the case until Tuesday and allow Mrs. Parsons to depart on her own recognizance. A large number of the woman's friends were in court.

THE PACIFIC BAILBOAD.

The Commission, after a Busy Session Adjourns to Wednesday.

New York, Sept. 24 .- In the Tribune this morning appears a communication to the effect that after investigating the Central Pacific Railroad Co. at San Francisco, the U. S. Pacific railroad commission borrowed money of the investigated company to pay its hotel bill and get out of town. The writer of the communication thought the story should be denied. "It can't be denied," said Commissioner Littler, at this morning's session, "because it is true. We did borrow \$4000 from the Central Pacific, for that purpose. We thought nobody was more beholden to the government than this road. Within an hour after we had borrowed the money we received notice from the secretary of the treasury that money had been placed to our credit, and we paid the loan the next day.

Isaac E. Gates, clerk of C. P. Huntington, who has signed many of his vouchers and made many of the payments on which they were based, came before the commission this morning and asked to be excused from testifying until he could communicate with Mr. Cohen, counsel for the Central Pacific. His examination was postponed until Wednes-

day next. A letter was read from Congressman Kasson, of Iowa, objecting to the reported language of one of the Huntington letters, in which he (Kasson) is spoken of as "an able fellow, on whom we never lost any money." He says he saw the letter reported that way before, and desired the commission to probe the matter to the bottom, to ascertain if he had ever been paid anything by the Central Pacific company or by Huntington, or whether any of these parties had even loaned any money. The commission placed the letter on the table, together with a statement that there was nothing before the commission to raise the implication or suggestion that Mr. Kasson had ever received any money on account of said road or for any other purpose. A letter was directed to him to this effect.

Mr. Gates not being ready to testify, and two other witnesses not being found by the sergeant-at-arms, there was no public business before the commission. Charles Francis Adams will testify Wednesday at 10 a. m., and to that hour the commission adjourned.

TEN DAY'S QUARANTINE,

The Alesia's Passengers and Baggage to be Fumigated.

NEW YORK, Sept. 24 .- J. T. Kuile, general agent of the Italian steamship line, said this morning that he had given orders last night for three days' provisions to be sent to Hoffman and Swinburne islands, where passengers of the Alesia, which brought cholers to this country, are being kept. He was of the opinion that the passengers would have to be quarantined for eight or ten days, and hat after that time there need be no fear of further infection. He places great confidence in the ability of Dr. Smith and the quarantine officials to prevent the spread of the scourge. He said that the passengers' baggage would have to be very thoroughly fumigated, as considera-ble danger would have to be feared from that source.

THEY HAD IT OUT.

Deadly Enemies Ambush Each Other and End a Quarrel.

PRESCOTT, A. T., Sept. 24.-Under Sheriff Waddell has received word from Tonto basin that a fight occurred there on the 18th, in which Thomas Graham. Joseph Ellingwool and a man named Middleton were killed on the Graham side, and George Newton and James Tewkesberry on the Tewksberry side. The Graham party was ambushed near John Tewksberry's house and found Tewksberry on guard. When the Graham party was discovered both commenced firing. John Tewksberry, who was recently ambushed and killed, was found ten days later. Sheriff Mulvenon, three days after the fight, reported that Lewis Parker, of the Graham party, was missing.

ALBANY NEWS.

Suicide-A Short Hop Crop---John Priest Not Expected to Live.

ALBANY, Or., Sept. 22.-From a letter received from Yaquina City, it is learned that John Priest, collector of customs for that port, was found insensible by his bedside yesterday. He has been ill for bedside yesterday. He has been ill for some time with consumption. It is thought he will not recover.

He has been ill for his wife and begged her to forgive him. His wife left the jail twenty minutes before the hour set for the execution.

Hop picking throughout Linn county develops the fact that the yield this year will be unusually light, in many yards there being not over half a crop. Hop growers ascribe the shortage to the unusually dry season.

S. White, aged about 45, a milkman of this city, took an ounce of laudanum this morning. His physicians say he cannot recover. With his wife and three children he came here one year ago from Columbia county. He was not a drinking man. The cause of the rash act is ascribed to temporary insanity, resulting from financial trouble.

Shelby Promoted.

PORTLAND, Or., Sept. 22.-The Evening Telegram says: This morning a telegram was received here that P. P. Shelby, late assistant general traffic manager of the Union Pacific at Salt Lake, and well known in this city, had been appointed general manager of the Montana Central with headquarters at Helena, at a salary of \$10,000 a year. Mr. Shelby is the gentleman who engineered the lease of the O. R. & N. Co. to the Union Pacific at Salem. It does appear a little odd that all of Mr. Potter's deposed heads should be appointed to more lucrative positions by other corporations.

Death of a Young Attorney.

PORTLAND, Or., Sept. 22.-Intelligence was received here this afternoon from Prineville stating that J. C. S. Richardson, a promising young attorney of Portland, had died there of typhoid fever. Mr. Richardson was scarcely thirty years of age, and was a native of Washington, D. C., where his parents now reside. He is the young man who distinguished himself as the orator of the last session of the grand lodge of the Knights of Pythias. His remains will no doubt be brought to this city.

A Lady Professor.

PORTLAND, Of., Sept. 22.-Miss Lillian E. Poole, a graduate from the Portland high school of the 1880 class and a graduate from the Wellsley College of this year's class, has been appointed to a professorship in the Pacific university, Forest Frove. The young lady will occupy the chair made vacant by the resignation of Professor Lyman.

TWO FATAL ACCIDENTS.

Heartless Comrode of a Man Who Fell From a Train---Kicked to Death.

PORTLAND, Or., Sept. 23.-Dr. A. C. Panton, of this city, who came down from The Dalles with the remains of the late J. C. S. Richardson, informs the Telegram of a fatal accident that occurred this morning on a train on which he was a passenger. Just as the train was pulling out of The Dalles station several intoxicated men, wearing the garb of laborers, got aboard. They made considerable noise, but one of the num-ber was particularly hilarious. He made himself obnoxious to the other passengers, till he was throetened with a boating. This somewhat curbed his flow of artificial spirits.

This man, whose name the doctor could not furnish, soon thereafter left the car and was seen standing on the rear platform. The train must have run a mile when he was last seen on the platform, and not a vestige of him could be found aboard the train. The conductor telegraphed to several of the back stations that a man had fallen from his train and suggested the ex-pediency of an immediate search for him. In the meanwhile the conductor said to one of the missing man's companions, one who had the former's ticket in his keeping, that he had better return and see whether his friend was alive or dead. The fellow brutally replied, "Oh, let him go to ---," and continued to act as if he were on a picnic excursion. Before the train reached this city the conductor received a telegram to the effect that the missing man had been found dead on the track.

A young man named Floyd, aged 20 years, who is employed as driver by Mr. Reed, a wooddealer on the Macadam road, met with a very serious accident last evening. Floyd was near the Red House and stopped his team to adjust the harness. While doing so he slipped and fell beneath the horses heels and one of the animals kicked him over the right eye, fracturing the skull. He was picked up for dead and Coroner DeLin was notified. Subsequently it was discovered that ife was not extinct and Mr. J. R. Welch. of Milwaukie, who was passing en route home, kindly brought the injured man to this city and placed him in the Good Sa-maritan hospital. Floyd died this morn-ing at 20 o'clock.

HANGED AT LAST.

Kernaghan, After a Restless Night, Rises Early and Goes to the Scaffold,

San Francisco, Sept. 22 .- John Kernaghan was hanged in the county jail in this city at 12:04 p. m. to-day for the murder of his sister-in-law, Martha Ann Hood, October 29, 1885. He entered her room and killed her with a hammer. The only cause ever given for the crime by the murderer was that the murdered woman had estranged him from his wife. He was a worthless fellow and depended

upon his wife for support.

San Francisco, Sept. 23.—John Kernahgan, the condemned murderer, passed a very restless night and awoke be o'clock this morning. He proceeded to dress in a deliberate manner, and it was apparent he was far from nervous. A light breakfast was brought into the cell and he ate slowly. He afterwards knelt down and engaged in prayer for fifteen minutes. He then changed his attire for one of a more sober hue, and sat down

and opened a testament which he read for some time until he was interrupted

by the chief jailer, who removed him to another cell in close proximity to the

About 9 o'clock this morning a man named Harris appeared at the jail and requested to see Kernaghan, saying he belonged to the same lodge that Kernaghan did. After some parleying he was admitted, and after conversing with the prisoner the latter wrote a letter to his wife, begging her to come and see him before he died. Harris disappeared him before he died. with the letter and at 11:30 the wife of Kernaghan appeared at the jail and was admitted to her husband's cell. Kernaghan was visibly affected upon seeing

ALBANY NEWS.

A Sawmill Burned---Attempted Suicide and Priests Recovering.

ALBANY, Or., Sept. 23 .- A Herald spe cial from Harrisburg this evening says H. Bundy & Sons' steam sawmill caught fire about 1 o'clock this morning and burned to the ground. The mill was built by Hiram Smith in 1883, at a cost of about \$12,000, and was insured for \$6,000, principally in the London, Liver-pool and Globe. There was \$1,500 on lumber, covered by insurance in the New Zealand, this being only a partial loss. The cause of the fire is unknown. A tramp was seen coming from the direction of the mill shortly after the fire was dis-

S. W. Hite, who attempted suicide, yesterday, will recover. A gentleman from Yaquina says John Priests, collector of customs of that port, who was found in a supposed dying condition by his bedside, is recovering.

TO CHANGE ITS TIME.

A New Time Table on the Oregon & California Through Trains

PORTLAND, Oregon, Sept. 24.—On the ist of next month the O. & C., it is stated, will issue and inaugurate a new time table over that line. It is not known just what changes are contemplated, but the time of the through train which leaves here in the afternoon at 4 o'clock will be changed so as to leave here about 12 noon, or leave in the night. Just what will be done will be known when the time schedule has been gotten out.

The First Sign

Of failing health, whether in the form of Night Sweats and Nervousness, or in a sense of General Weariness and Loss of Appetite, should suggest the use of Ayer's Sarsaparilla. This preparation is most effective for giving tone and strength to the enfeebled system, promoting the digestion and assimilation of food, restoring the nervous forces to their normal condition, and for purifying, enriching, and vitalizing the blood.

Failing Health.

Ten years ago my health began to fail.
I was troubled with a distressing Cough,
Night Sweats, Weakness, and Nervousness. I tried various remedies prescribed by different physicians, but
became so weak that I could not go up
stairs without stopping to rest. My stairs without stopping to rest. My friends recommended me to try Ayer's Sarsaparilla, which I did, and I am now as healthy and strong as ever. — Mrs. E. L. Williams, Alexandria, Minn.

I have used Ayer's Sarsaparilla, in my family, for Scrofula, and know, if it is taken faithfully, that it will thoroughly eradicate this terrible disease. I have also prescribed it as a tonic, as well as an alterative, and must say that I honestly believe it to be the best blood medicine ever compounded.—W. F. Fowler, M. D., D. D. S., Greenville, Tenn.

Dyspepsia Cured.

It would be impossible for me to describe what I suffered from Indigestion and Headache up to the time I began taking Ayer's Sarsaparilla. I was t the care of various physicians, and tried a great many kinds of medicines, but never obtained more than temporary re-lief. After taking Ayer's Sarsaparilla for a short time, my headache disappeared, and my stomach performed its duties more perfectly. To-day my health is completely restored.—Mary Harley, Springfield, Mass.

I have been greatly benefited by the prompt use of Ayer's Sarsaparilla. It iones and invigorates the system, regulates the action of the digestive and assimilative organs, and vitalizes the blood. It is, without doubt, the most reliable blood purifier yet discovered.— H. D. Johnson, 283 Atlantic avenue, Brooklyn, N. Y.
