

TELEGRAPHIC SUMMARY.

Grand Army men are beginning to gather at St. Louis. Rev. Dr. Pettigrew, of McMinnville, was seriously injured by his team's backing off a precipice. George Francis Train, the "psycho" idiot, has espoused the cause of the condemned anarchists. The New York Tribune says the New York brewers are going to raise \$100,000 for campaign purposes. Ex-Gov. St. John seems to be mixing politics with his temperance views. His speech at Los Angeles last evening was mainly an attack on the republican party for its course upon the liquor question. He had little to say about the democratic party. The Canyon City stage was robbed this morning, five miles beyond Auburn, by two men. They took the mail sacks. It was at the same place where it was held up about a year ago. They got a gold watch and a few dollars from the passengers. There was no express box aboard the stage.

Sept. 26.

Joe Cannon has been held in bonds of \$5000, for setting fire to Wilmington. Jay Gould and his party, it is said, have gotten complete control of the Pacific Mail. Sissons, the new station on the O. & C. R. R., is said to be a very lively town, and a new building is started there every day.

Sept. 27.

George Francis Train is still at it. He says that in case the condemned anarchists are hanged, he will lead twenty millions of men to Chicago to avenge their death. Republican anti-prohibitionists in Iowa say, in an extended address, that taxes have increased 20 per cent., while rents and property values have decreased 20 to 40 per cent., under Iowa's prohibitory law.

Sept. 27.

Twenty Chinamen will be tried at Tacoma for illegally entering the United States. Another death from cholera among the Alesia's quarantined passengers has occurred. There is a movement looking to the entrance into Chicago of the Union Pacific railroad.

Stanford and Crocker both speak well of Oregon and her future, to the San Francisco papers. R. E. Marple, the murderer of D. I. Corker, at McMinnville, has been sentenced by Judge Boise to be hanged.

The U. S. fish commission's steamer Albatross is to sail for the Pacific coast next month, where she will cruise in the interest of fishermen. The imperial government has subsidized the Canadian Pacific in the sum of £45,000 per annum for a monthly mail service between China and Japan and Vancouver, B. C.

STATE AND TERRITORIAL.

John Lloyd, living northwest of Colfax a short distance, lost a valuable \$400 stallion by death last week. There is over 200 feet frontage of brick buildings in progress of construction in Yakima this year, says the Republic. Seventeen hundred dollars has been raised at Spokane Falls to pay the expenses of the firemen's tournament.

When the track is laid through the Siskiyou tunnel it is likely that the stages will connect with the train at or near the north end of the tunnel, thus cutting off several miles of the most tedious part of the stage journey. The Farmington Post is authority for this statement: The wheat buyers refuse to buy the wheat which was threshed in Columbia county when damp, directly after the rain. The damage of this county by the rain is estimated at \$100,000.

The total receipts of the Walla Walla postoffice during the last official year were \$10,272, being \$465 from the postal note and money order department and \$9827 from box rent, registry business, sale of stamps, envelopes, postal cards, etc. Tunnel 14 in the Siskiyou is progressing steadily, but is estimated that six weeks more work will be required to complete it, as nearly 400 feet yet remain between the benches. Owing to its curvature, the tunnel is about two feet wider than the other tunnels.

Friday the prisoners engaged in brick-making at the Walla Walla penitentiary began work at 7 o'clock in the morning and quit at 6 in the afternoon, and between those hours made 15,726 bricks. They have made over 200,000 bricks since they began work, and will quit for the season Saturday.

Mike Sullivan, who so brutally ent John Petersen, at the Siskiyou tunnel, that he died soon afterward, is still at large, although Sheriff Dean and his deputies have spared no pains to apprehend him. There seems to be no doubt of the fact that he has received much assistance from different parties, which enables him to elude the vigilance of the officials. Grasshoppers in the foothills near Kerby are doing considerable damage, and are said to be thicker than at any time since 1862, when they devoured everything before them. Farmers, says an exchange, in affected districts should do what they can to destroy the eggs deposited, and in other ways destroy the cloud while it is still no bigger than a man's hand. Hale & Smith have now let daylight clear through the long Siskiyou tunnel, says the Ashland Tidings. There is seventy-five foot space yet between the timbers, but they expect to have the tunnel finished by October 5th. They will complete their grading contract by the last of this week, and it is understood that most of their men will then go to work at grading on the Oregon Pacific railroad.

A few days ago M. Jacobs, one of the miners working at Sparks, Baker county, met with a very serious accident. While engaged operating his placers he had occasion to go up on the bank, which he had no sooner done than it caved with him, precipitating him with the large amount of debris to the hard bedrock in the bottom. His leg was so badly broken and crushed that surgeons were compelled to amputate the limb.

Ashland Tidings: Leuit. Swift, who has come to take charge of the government telegraph line, will have his office and headquarters at Ashland, and will probably retain as his clerk, Mr. D. Moore, who has had charge of the signal and telegraph office during Mr. Newman's vacation. Mr. Newman will probably remain here as signal observer during the coming year, although he has had an opportunity to choose a more prominent position.

MARION'S MULDOONS.

The Tax Roll of 1887--List of Taxpayers who are Assessed at \$10,000 and Over.

Tuesday evening the clerical force which has for the past two weeks been engaged in compiling the assessment roll of Marion county's taxpayers, completed their labors. From the roll it is learned that the gross amount of property in the county is \$9,356,528; indebtedness, \$2,345,896; exemptions, \$588,948; total amount of taxable property, \$6,421,684. The amount of taxable property in 1886 was \$6,191,190, an increase in one year of \$230,494. The commissioners' court will meet Friday and fix the levy. From the roll the following taxpayers who are assessed at over \$10,000 are taken:

RETURNED.—Henry Oilschlager, who left in March last on a visit to his old home in "Faderland," arrived home Tuesday, and will again take up his residence in this city. During his absence, Mr. Oilschlager was transformed from a bachelor to a benedict, and Mrs. Oilschlager accompanied him on his return.

SOUTHERN OREGON GRAPES.

Yesterday, a magnificent box of grapes, with the following letter, was received from Hon. Robert A. Miller, from his vineyard near Jacksonville. For the grapes, Mr. Miller has the STATESMAN force's hearty thanks, and the letter speaks for itself: EDITOR STATESMAN—Dear Sir:—By today's express I send you a ten-pound box of grapes. You have heard, doubtless, that grapes could not be grown successfully in Oregon. I believe the sample sent you from my father's vineyard at Jacksonville will prove the falsity of the report. Any way, our grapes bring more in the market than California grapes, which speak well, at least, for the southern Oregon grape. We have sixteen acres in grapes, which is the largest vineyard in Oregon. I believe, with an estimated crop this year of fifty tons. These grapes, according to the verdict of dealers, keep better than the California grapes, and are therefore more highly prized for retail trade. In point of flavor, the opinion is unanimous in favor of these grapes over any grown. The variety is not known, but they are doubtless a product of the Mission of California, and are improved by transplanting and climatic conditions. In brief, this is a general description of the grapes you are called upon to sample. I send the box in accordance with a promise made the STATESMAN reportorial staff. Please credit me with having kept my promise. I am, very truly, yours, ROBERT A. MILLER. Jacksonville, Sept. 27, 1887.

Tilmon Ford and A. Grant started for Corvallis last evening to appear in a lawsuit in which the Salem Capital Flour Mills company is interested.

BORN.

MYER.—At Corning, Cal., on Thursday, Sept. 22, 1887, to the wife of George Myer, a daughter.

The mother of this addition to California's population was formerly Miss Corlie Holman, of this city, and John Holman is therefore a grandpa. This is his first election to that honorable office, but he bears up very well.

MARRIED.

BOWER—McKINNEY.—At Spokane Falls, Tuesday, Sept. 20, 1887, Miss Mary E. McKinney, of Turner, to E. J. Bower, of Spokane Falls.

Mrs. Bower is well known to the people of Turner as an estimable lady. The residence of the newly married couple will be at Spokane Falls.

DIED.

McCLURE.—At the asylum, September 27, 1887, of general debility, Wm. McClure, aged about 24 years. Deceased had been an inmate of the asylum for about two months. He was from Eugene City.

BROPHY.—In Salem, Oregon, at midnight of Sept. 23, 1887, infant child of H. B. Brophy, aged 7 weeks and 2 days. The funeral will take place to-day from the family residence, 334 Winter street, at 2 o'clock p. m. Friends invited.

GILLET.—In Portland, at the home of her mother, 404 Third street, Thursday morning, Sept. 22d, at 6:20 o'clock, Miss A. E. Gillett, aged 22 years and 11 days.

The family of the deceased at one time lived in Salem, where her father was in the employ of John Hughes. The funeral services were held last night at the family residence, and the remains will be brought up on this morning's 11 o'clock train and interred in the Odd Fellows' cemetery. Friends of the family invited to attend.

THORNE.—At the residence of her son, James Thorne, in South Salem, on Sunday evening, September 25, 1887, Mrs. Sarah Thorne. Deceased was born in Green county, New York, in the year 1799. She leaves three sons, one a prominent lawyer of Pittsburg, Penn., a second in the practice of law in Madison, Wisconsin, and James, a resident of Salem, but now absent engaged in abstracting titles for Los Angeles, Cal. Also two daughters, one a resident of Greeley, Colorado, the other a resident of Milwaukee, Wisconsin.

The funeral will take place on Tuesday morning at 10 o'clock from the family residence in South Salem. Friends of the family are invited.

When baby was sick, we gave her Castoria. When she was a child, she cried for Castoria. When she became Miss, she clung to Castoria. When she had children, she gave them Castoria.

AYER'S Sugar-Coated Cathartic PILLS. If the Liver becomes torpid, if the bowels are constipated, or if the stomach fails to perform its functions properly, use Ayer's Pills. They are invaluable.

For some years I was a victim to Liver Complaint, in consequence of which I suffered from General Debility and Indigestion. A few boxes of Ayer's Pills restored me to perfect health.—W. T. Brightney, Hesperon, W. Va.

For years I have relied more upon Ayer's Pills than anything else, to regulate my bowels. These Pills are mild in action, and do their work thoroughly. I have used them, with good effect, in cases of Rheumatism and Dyspepsia.—G. F. Miller, Attleborough, Mass.

Ayer's Pills cured me of Stomach and Liver troubles, from which I had suffered for years. I consider them the best pills for years, and would not be without them.—Morris Gates, Downsville, N. Y.

I was attacked with Bilious Fever, which was followed by Jaundice, and was so dangerously ill that my friends despaired of my recovery. I commenced taking Ayer's Pills, and soon regained my customary strength and vigor.—John C. Pattison, Lowell, Nebraska.

Last spring I suffered greatly from a troublesome humor on my side. In spite of every effort to cure this eruption, it increased until the flesh became entirely raw. I was troubled, at the same time, with Indigestion, and distressing pains in the bowels.

By the advice of a friend I began taking Ayer's Pills. In a short time I was free from pain, my food digested properly, the sores on my body commenced healing, and, in less than one month, I was cured.—Samuel D. White, Atlanta, Ga.

I have long used Ayer's Pills, in my family, and believe them to be the best pills made.—S. C. Darden, Darden, Miss.

My wife and little girl were taken with Dysentery a few days ago, and I at once began giving them small doses of Ayer's Pills, thinking I would call a doctor if the disease became any worse. In a short time the bloody discharges stopped, all pain went away, and health was restored.—Theodore Esling, Richmond, Va.
