

## Monmouth Stages Big Picnic for Soldiers

### Give Full Afternoon To Food and Contests

Over 100 soldiers from Camp Adair enjoyed a unique form of entertainment last Sunday on the campus of the Oregon College of Education, when 50 families from Monmouth and vicinity gathered on the grounds with picnic lunches. The soldiers arrived at noon, mixed and mingled with the families until 1 o'clock when Lt. Mix called them together, the women from each family each picked two boys and led them to where lunch had been spread on the ground under the trees. Hot coffee and cream were furnished by the chamber of commerce.

After eating, some of the families took soldiers to their homes for a couple of hours, others took them in their cars and let them get a look at the holly grove and walnut orchards, but most stayed on the grounds. Some played tennis, some just visited. Two games of softball were played, the first between two army teams, the second between the team from the army and a girls team. The boys were scheduled to leave at 4 o'clock to reach camp in time for supper, but the soldiers were willing to forego supper rather than leave, so they did not leave until 5 o'clock.

## Four Builders Still Top Corvallis Clubs

### Pepsi Team Wins With Triple Scoring Two

 Laundries 8, Lumber Co. 3.  
 Pepsi-Cola 5, Soldiers 3.

A triple in the fourth inning by Bob Quesinberry, Pepsi-Cola shortstop, scoring two men proved to be the deciding factor of a fast, tightly played contest in Corvallis Monday night in which the Bottlers squeezed out a 5 to 3 victory over the hard-trying Soldier outfit.

After Varrelman, first man up for the Pepsis in that inning, had hit a double and scored on an error, breaking a 2-2 deadlock, Powell got on base with a single and was followed by Clark who drew a base on balls. This was followed by Quesinberry's long triple into right-center.

The Soldiers came right back in the fifth inning in an attempt to even things up again, but after one run had been scored on two walks and a sacrifice fly, the Bottlers settled down to retire the side. Another rally in the next inning was quelled by the tight pitching of Miller after the bases had been loaded and only one man put out.

The Pepsis garnered two runs in their first time at bat when Bob Urban drove in two tallies with a high double to center field. Incidentally, Urban was playing his last game for the Bottlers, having been drafted and expecting to leave Wednesday. His consistent hitting will be missed considerably by his team.

The opening game saw the Laundries score a win over the Lumbermen by an 8 to 3 count. Doc Quesinberry hit a triple in the first inning and pushed across three runs after one tally had been scored by Beard, first man up for the winners. Quesinberry then scored on an error by the Lumber Co. third baseman and was followed by Miller who stole home. The winners

added to these six runs a counter in each the third and sixth innings to make the final total of eight.

The Lumbermen were able to get only four scattered hits off Kruger and scored just three runs.

The hitting for the winners was led by Doc Quesinberry who hit twice in four times at bat. He was the only man on either team able to collect more than one hit.

## Moose Pinochle Club Turns in Big Scores

With a tie for second place in the men's scoring, the men again defeated the women in the regular weekly pinochle game of the Corvallis Moose Pinochle club.

Tobe Watkins took first place with a score of 8160. Clarence Edwards tied with K. C. Reitsma for second place with a score of 8000. Mrs. W. A. Kirk scored high for the women with 8030. Mrs. Stebens was next, 7820, and Della Edwards trailed with 7800. Several melds of 300 pinochle were made during the evening and one score of 1580 for one four-deal game was hung up by another couple.

A special prize will be awarded to the player melding 300 pinochle at Friday evening's game this week.

## Canning Pea Crop Calls for Workers

With one-sixth of the nation's 1942 canning pea crop at stake, eastern Oregon and Washington growers today sent out an emergency appeal for harvest help.

Nearly 40,000 acres are ready for harvesting. More than 5000 men, women and children already are in the fields and canneries are working three shifts a day.

But peas are spoiling on the vines because of a labor shortage. Don

Robbins, Pendleton manager of the federal employment service, estimated at least 3500 additional men are needed.

Hundreds of women and children are being hired to work in the canneries and drive harvest trucks. They will not solve the problem, however, because they cannot do the heavy field work—tossing the pea-laden vines into harvesting machines.

Other complications make this the most difficult harvest.
