

Reading They Like

9th Corps Librarian Explains Set-Up For Collection of Reading Material

By Helen F. Shumaker
Librarian, Service Club No. 2

Whatever your job in this man's army, there is a book to cover it—from "Generals and Generalship," the most excellent discussion of army leadership by General Sir Archibald Wavell, to "See Here, Private Hargrove," by that incorrigible private who demonstrates so ably the necessity for sergeants. "Army Food and Messing," a complete manual of mess management, is a practical guide to all aspects of feeding the inner army. It includes much of the material in technical and field manuals, as well as original ideas toward providing army personnel with better food, properly served and properly safeguarded. Why not suggest it, in a tactful way of course, to the mess sergeant?

For Arm Chair Strategists
If you're an arm-chair strategist, several books in the Service Club Library may be used to prove or disprove your claims. You pay no money and you take your choice. In Rear Admiral Alfred T. Mahan (see "Mahan on Naval Warfare") you find an advocate of strong sea power, whereas Alexander Kiralfy in "Victory in the Pacific," demonstrates the necessity of proper coordination of sea power, air power and land forces.

As for air power alone, quote

"The Face of the War," by Cuff or, negatively, "Defense Will Not Win the War" by Lt. Col. W. F. Kernan. Outstanding among general studies of warfare is "Principles of War" by General Carl von Clausewitz, who lived 130 years ago. Because of the world-shaking manner in which German militarists like Kaiser Wilhelm and Adolf Hitler have applied its contents, no other volume, with the exception of the Bible, ever has had so great an effect upon the destiny and welfare of mankind.

Battlefield Problems
"Infantry in Battle" covers actual battlefield problems of small units, principally American, although the combat experience of other armies has been utilized to supplement our own. If you write C.E. after your rank, "Engineers in Battle" is your meat. Combat intelligence is vividly described in "S-2 in Action" by Lt. Col. Thomas Shipley.

The "Officer's Guide" continues to be a best-seller and contains much helpful information for O.C.S. candidates. Mechanized warfare is treated in "The Fighting Tanks Since 1916," by Jones, Rarey and Ieks. Chemical warfare comes into its own in "The Detection and Identification of War Gases." And if you yearn for military terms in Spanish or Japanese, the library has just the dictionaries for you.

revert to their customary variety program. Next Thursday they will follow with a sequel to last Thursday's show, which revolved around a fast-moving mystery-drama, written by Sgt. John O'Neill.

Called "A Bowl of Goldfish" and somewhat on trend of "Inner Sanctum," the play dealt with the gangster 20's. Sgt. O'Neill himself played the leading role in a cast which included Cpl. John Chapman of the Mountaineers, Pvt. John Stohl of the Geysers and Cpl. Steve Miller of the J.A. office.

CHAPLAIN'S COLUMN

TRAVEL NOTE
"We would like to schedule your camp teams for possible baseball games this season. Of necessity, however, all games must be played on our home grounds."
This is the word reaching us, and passed on to coaches of any ball nines developing now at Camp Adair. If desirous of play communicate with Coach, State Penitentiary ball team, Salem.

ATTENTION OFFICERS, NURSES, ENLISTED MEN

1. All "Class A Pay Reservations" for the purchase of War Savings Bonds now in effect will automatically terminate with the deductions made from pay for the months prior to and including March, 1943.

2. Class "B" Allotment Plan: In order to facilitate the early issuance of United States War Savings Bonds to allottees who are entitled thereto, the "Class B Allotment Plan" is instituted to take effect April 1, 1943. Individuals desiring to continue their deductions are advised to contact your Unit representative, or War Bond office, to execute a new form under the following plans.

Plan No.	Monthly Deduction	Purchase Price	Maturity value of bond
1.....	\$ 3.75.....	\$ 18.75.....	\$ 25.00
2.....	6.25.....	18.75.....	25.00
3.....	18.75.....	18.75.....	25.00
4.....	12.50.....	37.50.....	50.00
5.....	37.50.....	37.50.....	50.00
6.....	25.00.....	75.00.....	100.00
7.....	75.00.....	75.00.....	100.00
8.....	150.00.....	150.00.....	200.00
9.....	225.00.....	225.00.....	300.00
10.....	300.00.....	300.00.....	400.00
11.....	375.00.....	375.00.....	500.00

3. Subscribers earning \$2400 per annum or more can only authorize allotments under Plan Nos. 3, 5, 7, 8, 9, 10, or 11. Subscribers earning under \$2400 per annum may authorize allotments under any of the plans listed above.

4. Again we must remind you to execute this change immediately, as the recording and processing of your application must be completed prior to April 10, 1943, in order to commence with the first deduction paid to you April 30, 1943.

OFFICE OF THE POST WAR BOND OFFICER.

Christian Science Service—Wednesday at 1900.

Christian Science Churches
"Reality" will be the subject of the lesson-sermon in all Churches of Christ, Scientist, on Sunday, March 28.

The Golden Text is "Eye hath not seen, nor ear heard, neither have entered into the heart of man, the things which God hath prepared for them that love him" (I Cor. 2:9).

Among the citations which comprise the lesson-sermon is the following from the Bible: "Thus saith the Lord the King of Israel and his redeemer the Lord of hosts; I am the first, and I am the last; and beside me there is no God" (Isa. 44:6).

The lesson-sermon also includes the following correlative passages from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Reality is spiritual, harmonious, immutable, immortal, divine, eternal. Nothing unspiritual can be real, harmonious or eternal... The Scriptures imply that God is All-in-all. From this it follows that nothing possesses reality nor existence except the divine Mind and His ideas" (pp. 335, 321).

Jewish services for 96th Division service men will be held in Chapel No. 2, D and 3rd Street South, every Friday evening. Chaplain A. Chill, the Jewish chaplain at Camp Adair, will officiate.

Dayton Donates Vintage Cannon

(Continued from page 1)
guns of this type were used in battles and were very effective. Approximately six tons of metal, some of which is valuable bronze, period had been raving about.

can be salvaged from the cannon, Captain Frank stated.

Shared Honor

The cannon shared honors in the Dayton city park with the famous Sheridan blockhouse, an historic Oregon structure, moved from the Grand Ronde agency. This building was erected by Wilamette settlers in 1856, and among famous army officers stationed in it were Sheridan, Wheeler, A. J. Smith, Russell and Hazen.

Photographs of the cannon and the blockhouse were made Tuesday by Lt. George H. Godfrey, public relations officer at Camp Adair.

A certificate acknowledging the gift will be issued by the war department, and this will entitle the city to a relic of the approximate size following the present war.

Club 1 Reopens With Reception

(Continued from page 8)

Quartermaster, and several others. Music during the open house which lasted from 7 until 9 p.m. was furnished by the Timber Wolf Field Artillery Band under the baton of Warrant Officer Rubel, and entertainment was offered by Pvt. Bernard Kovler, who sang, and Miss June Powell, interpretive dancer.

High praise was heaped on the club and club personnel during the course of the evening when brief speeches were given by Col. McCoy, General Cook, General Moore and General Dunckel. Punch and wafers were served.

The following night, Saturday, marked the grand-opening of the club, with a capacity crowd swarming in to see the club that those attending the previous or had dropped in during the redecorating period had been raving about.

Timber Wolf Air Show On Rotation System

The "Timber Wolves on the Air" radio half-hour, presented each Thursday evening from 7:30 to 8 p.m. over KOAC (550 kilocycles on your dial), is now on a rotating schedule which appears to be meeting with fan approval. Lt. Louis Allemann revealed today.

Tonight the Timber Wolves will

Let's get more use from our cars!
Some people can carry more passengers—others need transportation. The bus is okay, but—let's use the car space, too.
Remember there's a Jap in every vacant seat.
We're not going to scare you into being good, but here's a little tip; the O.P.A. is cracking down harder on drivers who don't fill their cars.
"But sir, (says you) I come at odd hours."
"Well, (says we) someone else may be coming the same direction at the same odd hours. Why not report in and see?"
"Okay, (says you) what am I to do?"
"Very simple (says we). If all you drivers who have room for another rider, and you careless (not careless) folks, will fill out the "kupon," and send it in or call up 2888 and give us the information, we'll hire another secretary or two and get some results, you'll get riders to fill your car, sir, till the seats, bumpers and rumbles are full, and maybe you'll get a ride."
Don't forget—gas costs money, the driver is to be paid.

Name _____ Home address _____

I do not have a car, or cannot use, and wish to ride with some, for pay.

I have a car, which I will use, for pay. Room for _____
