

## Wherever You Go, Whatever You Do, Our A.R.C. Will Be Following . . . Here's How

Regardless of whether you are at home, at Camp Adair, or in a detached unit adjacent to the camp, the American Red Cross is there to help the soldier.

Elwood Miles, assistant field director, yesterday explained how the Red Cross has established an itinerant service to take care of outlying military, naval, coast guard, and air base units in which there is no regular field office.

Miles, in charge of this service, makes regular field visits to these units; so he may be available to the enlisted men to help solve personal and family problems.

Assistance is also given in providing for the recreational needs of the men on these various posts

and stations.

Many of the Junior Red Cross organizations in this territory have been making and filling recreational chests containing books, games, magazines, etc., which are being distributed to these small isolated detachments.

Miles, who has ably handled this work, is forty-two years of age, has three children. A boy, 18, is in the navy. Then there are a boy, 16, and a girl of 14.

Prior to his employment in the Red Cross last June, he was associated with the Boy Scouts of America as a volunteer scout leader. He was a professional scout for a period of 11 years. Mr. Miles was born in Portland.

#### Hoisted Glass

Ft. Greeley, Alaska (CNS) — A soldier was on sentry duty, when a lieutenant approached in an official car. The soldier waved the officer through the gate, failing to give the proper military salute.

The lieutenant stopped his car and inquired, "Sentry, what is General Order No. 10?" The soldier answered by reciting the order verbatim.

"Then why didn't you salute?" the officer asked.

"Sir," replied the sentry, "the order says to salute all officers, colors and standards not cased. The glass in the windows of your car was raised—so I presumed that you were cased."

The swan never sings a swan song because the mute swan of Europe, about which the swan song legend is told, has no note at all.

## Chapel Beautiful

From aid received through the Commander's Fund and via the charitable interest of Post Commander, Col. Gordon H. McCoy, the interior of Chapel I was recently redecorated. Standing before the now beautifully arranged altar are (left) Post Chaplain, Captain Lloyd V. Harmon and Chaplain, Lt. Victor E. Newman.—Signal Corps photo.

### Christian Science Churches

"Are Sin, Disease and Death Real?" will be the subject of the lesson-sermon in all Churches of Christ, Scientist, on Sunday, April 11. The Golden Text is, "God be merciful unto us, and bless us; and cause his face to shine upon us; that they way may be known upon earth, thy saving health among all nations" (Ps. 67:1,2).

Among the citations which comprise the lesson-sermon is the following from the Bible: "I, even I, am he that bloteth out thy transgressions for mine own sake, and will not remember thy sins. He that is our God is the God of salvation; and unto God the Lord belong the issues from death" (Isa. 43:25, Ps. 68:20).

The lesson-sermon also includes the following correlative passages from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "All reality is in God and His creation, harmonious and eternal. That which He creates is good, and He makes all that is made. Therefore the only reality of sin, sickness, or death is the awful fact that unrealities seem real to human, erring belief, until God

## Commander's Fund Diverts to Chapel

### New Furnishings Beautify Interior

Through the cooperation of Col. Gordon H. McCoy, gifts from the Post Commander's fund have made it possible to embellish the interior of Chapel No. 1.

Adding to the spiritual atmosphere in the chancel is a blue carpet. A rich red dossal serves as background for the altar, and the aisle and vestibule are furnished with inlaid linoleum.

Post Chaplain Lloyd V. Harmon and assistant Post Chaplain Victor Newman feel that Col. McCoy's generosity in acquiring these furnishings has added to the devotional services in the chapel.

Chaplain Harmon and Newman jointly conduct the religious services in complete ecclesiastical vestments at ten o'clock every Sunday morning. Irvin Whetsal, representing the IVth corps, also participates in this service.

The chapel opens at 8 a. m., at which time Chaplain Newman has a Communion Service for members of the Episcopal faith. At nine Father McLaughlin offers Mass for Catholics. The Latter Day Saints hold their services at eleven and Pvt. Alma Neilson is in charge.

The Jewish services are conducted on Friday evenings at 7:30 by Chaplain Abraham Chill.

### 4-1 Batting Average Set By Yanks in Europe

The Chief of the Army Air Forces in the European theater announced the other day that since they began operating last July Yank airmen have shot down at least 856 enemy planes against a loss of ninety of our own.

That's a batting average of four to one—one of the best in the history of air fighting. All the more impressive when you figure that their primary military objective was to drop bombs.

### WAACs and More WAACs

The latest news on the WAACs is that the War Department is planning to ask Congress to increase their maximum allowed strength from 150,000 to 375,000.

Requests for the GI gals are pouring in from station commanders all over the world.

strips off their disguise. They are not true, because they are not of God" (p.472).

## A Westerner, Partner! Meet Lt. Col. Butler

Lt. Col. Leo J. Butler of the Med. Bn. radiates the confidence one would expect from a commander assigned such responsibilities.

Quiet spoken and pleasant in manner he controls with dignity and efficiency that branch of our Timber Wolf Division that means so much to all of us.

He is a true Westerner, having been born in British Columbia, raised in California, educated in the vicinity of San Francisco, claiming the University of San Francisco and University of California as Alma Maters respectively giving him his degrees as Bachelor and Doctor. After completing his medical education he spent a year in a surgical residency and began his monetary career as a contract surgeon in the Letterman hospital of San Francisco.

#### To Active Duty

While there the Army on April 10, 1938, called him to active duty

as a 1st Lt. and he received his commission in the regular Army July 1, 1939.

He stayed on at the hospital until the day Germany invaded Poland, September 1, 1939, most of his work being in the Neuro-Psychiatric field.

The majority of his subsequent service has been with medical components of field units and he has spent many months in the field.

He has had the experience of organizing, commanding and training the enlisted personnel of station hospitals.

During this busy career time has been found for refresher courses at various schools with special emphasis on diseases of other lands that might be contracted by our boys as they travel abroad.

In recognition of his ability, promotions have been rapid; a captain in 1940; major in 1942; and lieutenant colonel in 1943.
