Officially, Kay Crosby's role is to help publicize the Los Angeles clean-up campaign (political or street we'll never know) but she would be a big help on a Camp Adair detail. Wouldn't she?

Christian Science Churches

"Doctrine of Atonement" will be the subject of the lesson-sermon in all Churches of Christ, Scientist, on Sunday, April 18.

The Golden Text will be "Grace be to you and peace from God the Father, and from our Lord Jesus Christ, who gave himself for our sins, that he might deliver us from this present evil world, according to the will of God and our Father" (Galatians 1:3,4).

Among the citations which com-

prise the lesson-sermon is the following from the Bible: "These words spake Jesus, and lifted up his eyes to heaven, and said, Father, the hour is come; glorify thy Son, that thy Son also may glorify thee; Neither pray I for these alone, but for them also which shall believe on me through their word; that they all may be one" (John 17:1,20,21).

The lesson-sermon also includes the following correlative passages from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "The Science Jesus taught and lived must triumph over all material beliefs about life, substance, and intelligence, and the multitudinous errors growing from such beliefs" (p. 43).
