## Moppets Take Over Adair

### Command Car Paid for By War Bonds of Noti School Kids; Royal Treat at Camp Adair

Some eighty-four children and teachers from the Noti School, Noti, Oregon, were rewarded here this week when they enthusiastically witnessed the naming of an army command car in honor of their efforts at procuring scrap and purchasing war savings bonds and Stamps.

Lt. Louis J. Hanley, Camp Adair War Bond officer, literally turned the camp over to the moppets for a celebration.

The Noti school children have purchased a record \$1800 of War Bonds since the drive began, and have in addition, collected over sixty tons of scrap iron.

The party, arranged by Lt. Hanley, started off with a parade through the camp where stops were made at all points of interest with the caravan led by the command car with the name "Noti School" emblazoned on its side. Lt. George H. Godfrey, post public relations officer, photographed the patriotic kids grouped about their newly named vehicle.

The afternoon was topped off, amid screams of delight from the children, by a demonstration of "How to mow the enemy down with a Tommy-gun" by Capt. Harry Kautz of the post ordnance department.

At the conclusion of the excitement-filled day the Noti children all vowed that they would return to their homes to start a new campaign for the purchase of bonds and the collecting of scrap so that they would be sure to be invited back to Camp Adair for another day with the army.

### Government Insurance To Be Given Army Men

Official word has just been received that any person in general or limited service, while in the army shall be granted National Service Insurance without a medical examination or without a medical history statement.

The order to relax the insurance requirements was issued on April 12 and will remain in effect for 120 days.

Not only is no medical required during this period in effect for sure that everyone has a chance to avail himself of the opportunity, the government will allow men to apply who have previously been rejected as a result of medical examinations.

### DANCE TONIGHT

Club 1 has invited the Zonta Club from Salem tonight for their weekly Latin-American dance. The girls will eat in the cafeteria. They will participate in the dance class at 8 p. m.

### Hairline Decision

The moral to this picture is work hard and get to be an officer so you can assign yourself to pleasant duties. Seriously, though, experts declare that Rosemarie Werline's beautiful red hair is perfect for hairline precision in bombsights. Lt. Col. J. M. Fraser, Post Ordnance Officer, examines the tresses. Miss Werline came all the way from Independence to pose for this Public Relations photo.

### Extra! Extra! New G.I. Zoot Suit; Cool Warm, Hot, Cold, Green, White—But G.I.

The Quartermaster announces a new basic uniform which in time will be regular issue for everyone in the Army.

It's an all around, reversible outfit—one side white and the other dark green. In hot countries the green will be worn outside ... it blends perfectly with trees, grass and even desert colors and is cool and comfortable. In cold areas the white will be worn outside as perfect snow camouflage. To keep warm, men will wear inside the new uniform either one or two

suits of a special new material instead of the old style mackinaw worn on the outside.

That all around cloth is described as wind-resistant, water-repellent, and rip proof poplin. It's in two pieces—a jacket and pants just like the herringbone twill now being worn all over the world by the A.E.F. Orderly rooms will be handing out the new issue some time in July ... starting with men in the States about to go overseas. Later on when present uniforms are worn out, it will be worn by everybody.

### What's Your Cut, T 5?

War expenditures by the United States Government reached a new high of \$7,122,000,000 in the month of March. This was \$1,031,000,000, or 17.0 per cent, higher than in February. The previous high for monthly war expenditures, January, 1943, was exceeded by 13.7 per cent, or \$858,000,000.

### Big War Movie In Camp May 5-10

#### British Eighth in Pix of Rommel Rout

The Army Motion Picture Service has scored another hit with the announcement that the film "Desert Victory" will be shown in camp in the very near future.

The lives of several cameramen of the British Eighth Army, the Royal Navy and the RAF, were forfeited in the filming of this epic. These men lost their lives bringing to you, the retreat of Rommel. In stark reality, you see just why Rommel lost 75,000 men, 500 tanks, 600 pieces of artillery, and a thousand planes. The terrific punch of the Eighth Army, the rout of the Italians at Tripoli, and captured pictures of the "Fox" himself, all go to make this the greatest war picture. It was not staged. It is the real thing, and there are no punches pulled.

"Desert Victory" will be shown at theatres No. 1-2 on May 5 and 6, at No. 3 and 4 on May 7 and 8, and at No. 5 on May 9 and 10. The Army Motion Picture Service urges that you see this picture.

### Club 1 Features Show This Sunday at 8 P. M.

Three motion pictures are scheduled at Club 1 for this coming Sunday at 8 p. m. A South American film entitled Guatemala will be in technicolor.

"The Marine Hymn" and "1000 Days" will also be shown.

In charge of procuring these pictures were Miss Ann Caddy, recreational hostess and Cpl. Rudolph Jacobi.

## Elaborate USO Opens Formally

### Col. Ferch to Speak; Chaplain Harmon Will Offer Invocation at Big Corvallis Event

Hold your hats men, the long awaited and much heralded opening of the new Corvallis USO is now upon us.

No small amount of merry-making and celebration will accompany it. And rightfully so. The new USO is one of the biggest and most well equipped that you can find anywhere.

Although the whole week end is chock-full of things to do down there, the formal opening will be held on Sunday.

On that day, Col. Ferch, Ass't. Post Commander, will be among speakers at formal dedication, after an invocation delivered by Major Lloyd V. Harmon, Post Chaplain.

#### Celemony Broadcast

The whole ceremony will be broadcast by Radio Station KOAC, 550 kilocycles.

On the Saturday preceding the big opening, there will be enough to do for almost anyone who wishes to drop in.

Between 3:30 and 5:00, Bob Platner's orchestra will play for a matinee dance, and at 7:30, the Oregon State Victory Review will go on, followed by a May Day dance featuring the Mountaineers dance band. Plenty of delicious gals, and chow. That, by itself, ought to be enough to make anybody want to come.

### We Assume M. Hodgson Missed Linn, Benton, Lane, Polk Counties

A public notice appeared recently in the "Burns Times-Herald" whose publishers proudly proclaim that it "Covers Harney County Like the Sagebrush."

We quote: "To Whom This May Concern: I wish to say that anyone accusing me of making false statements, in obtaining Gasoline Rationing Coupons, is a Liar, and one one concerned can contact me at my home on the 5 mile ranch or by appointment. Your for success, (Signed) M. A. Hodgson."

#### The Better 'ole

Quoth Cpl. Jerry Van Tongeron, "Nevermore ..."

"All I did was step off the stairs, turn the corner, and it was so damn dark you couldn't see your hand in front of your face ... all of a sudden there I was, right up to my hips in it."

Thus runs the saga of Van Tongeron, a corporal in the Military Intelligence office at Post Headquarters. He was returning from the SCU non-com's club last Monday night, all decked out in his best OD's, when he stepped off into a mudhole four feet deep, he said.

### School Kiddies Earn "Key to Adair"

For their splendid work in the War Bond effort these 85 (you count 'em) youthful lads and lasses, all students of the Noti school, were rewarded this week with a day-long tour of Camp Adair, which all climaxed when a command car was "Named" in their honor. They had one word for their trip—"Swell."
