SHO! THIS'S CNETICUT!

Norwalk, Conn. (CNS)—There was a hot time in Norwalk the other night when 60,000 quarts of distilled spirits, including bonded, 100 proof whiskies, were placed on sale to satisfy a Treasury claim against a local distilling firm for unpaid taxes. At the conclusion of the sale there wasn't a bottle of rye, bourbon or scotch, or even a dry cork left on the shelves and thirsty Norwalkers were headed home loaded down with ingredients for the happiest weekend they had enjoyed since the spirit shortage started.

10. Purple Heart—for wounds sustained in action against the enemy.

11. Good Conduct Medal—for exemplary behavior, efficiency and fidelity of enlisted men.

The War Department recently placed the Air Medal above the Purple Heart in the order of precedence.

YOU CAN TAKE IT WITH YOU

Several years ago, the well-known comedy, "You Can't Take it with You," depicting the era following the depression, humorously showing us that we cannot take our material possessions with us beyond this life. The title of this play seemed strangely true when you received from our President his "Greetings," for you saw all around you things you could not take with you in the Army—family, business, friends, possessions. However, the really worthwhile things of life are portable—you CAN take it with you!

You CAN take with you the certainty of God's presence. Wherever you go, God is there. "I will fear no evil, for Thou art with me." You CAN take with you the love and prayers of your loved ones. These sacred ties are more meaningful now than ever before, and no day passes that you are not

thought of and remembered. You CAN take with you your high ideals, your character, and your proud family name. No one need compromise his ideals to be a "good fellow." Let the flag of personal honor fly high. You CAN take with you your freedom of worship. Rich promises may be found in God's Word, and prayer is a true weapon of any soldier. You CAN take with you your hope. The world is waiting for the sunrise which will surely come before too long. Thank God for the victories of the past and the hope of the future. Americans have been chosen by Providence to play a leading role in the greatest event since Calvary—the liberation of mankind from the shackles of tyranny. Surely this is something worth living for, or dying for, if need be. The future is ours. Dream on, American! You CAN take it with you!—Samuel E. Maddox, Chaplain, P.R.T.C.

As death findeth mortal man, so shall he be after death, until probation and growth shall effect the needed change" (pp. 290, 291).

Lt. Sullivan New Provost Marshal, Major Transferred

Coming to his new post following duties as Assistant Director of Training and Range Officer, Lt. Frederick C. Sullivan has replaced Major Thomas Chambers as Director of Security and Intelligence Division and Provost Marshal.

Lt. Sullivan's previous experiences in the MI field were at Fort Shafter, Honolulu, T. H., where he was with the Military Police and also worked with the District Attorney of that Territory, in 1921 and 1922. He enlisted again in this war at Camp Hood, Texas, where he was commissioned in the Tank Destroyers. He is the only officer with that insignia at Camp Adair, and also has the distinction of being a graduate "camoufleur."

Maj. McIndoe New Post Control Chief

Two years to the day after he was called back to active service, Major William C. McIndoe, newly-appointed Post Control Officer, returned to Oregon.

Major McIndoe served in World War I, was later active in the reserve. He was long connected with the Bonneville Power Administration at Portland as a chemical engineer.

Called back to active service April 18, 1942, and reporting to Ft. Douglas, Utah, he acted as commanding officer for the SCU 1902, later being transferred to Boise Barracks, Idaho. For a year he held the office of executive officer, provost marshal and detachment commander.

From there he was transferred to a Prisoner of War Camp at Pappago Park, Arizona, where he was commanding officer for several months, and later post intelligence and executive officer, before coming to Adair.

He replaces Lt. Arthur Endres, who is going to the Post Engineers.

Major McIndoe said while driving up the coast from Arizona the weather was beautiful, but as he entered Oregon it began to rain and he felt at home again.
