The cowboys have been gathering cattle in this vicinity.

Cole & Bacon, from Lost Prairie, are running their thresher on this creek.

Miss Cora Jones will attend school at the Enterprise Academy this winter. Hattie Bambill is stopping at Enter-prise with Geo. Craig's family this week.

After the next meeting of the Trout Creek Alliance the membership will num-ber twenty-seven. J. B. Olmstead is out at La Grande after a threshing machine engine & Olmstead always keep up with the times. They believe in getting just what

the country demands. The delegates from this precinct to the alliance convention held at Alder last week report an enthusiastic meeting, and say that they are well pleased with the

work that is being done. I am glad to note that our friend Mr Parkyn in his argument last week made a thrust at general agencies on the Pacific slope. Your itemizer has talked and written about this swindle for years, and even asked our representative ast winter to introduce a bill in our legislature to prohibit general agencies in the state of Oregon. It seems hard to educate the people to understand that they are being swindled, but the light is dawning, and before the sun croses the equator many times, middle-men will do to write about, but will seldom be seen. Let the factories sell to the local dealar, and he to the consumer. Or, if a man wishes to order an article from the factory, he should have privilege to do so. All honest men should cry down this curse. We are going to give agencies a flip,

And farmers will give us praise;
So Mr. Dealer don't turn up your lip,
And say it's but a local craze.

A Sad Case.—Mr. John W. Hall, of Paradise, was brought before Judge Veasey last Friday and by him adjudged insane. On Saturday morning Sheriff Humphreys, accompanied by J. F. Hall, started for Salem with the patient. His Legore Bros. & Ross have been engaged the past few days making the first clean up at their Hurricane creek arrastre. The results, we understand, are such as indicate that the ore from the "Sullivan" mine is rich enough to pay working, and the boys are satisfied with the wealth obtained by their experiment. Another run, we are told, will be made at once.

A Dentist Coming.

Pr. T. J. Bethel, a practical dentist from Denver, will arrive in Joseph about October 17th, and will be prepared to do all work in his line. Dr. Bethel is said to be a competent dentist, and no doubt he will receive a liberal patronage. It is possible that the Doctor will locate permanently at this place.

Mr. T. F. Rich, accompanied by Miss Mabel Creasey, visited our office last Taesday, and inspected our mechanical department. We are pleased to state that Mr. Rich has returned to Wallowa to remain. His is now busily engaged in carving out another home on the funaha, and he will soon succeed in surrounding himself with all the comforts of modern civilization. Such men deserve success.

Mesers. Beddingfield & Cole have purchased Simmons' blacksmith shop on 2d street, and will enlarge the building in a short time. They desire us to inform the public that they will do any repairing that can be done outside of a foundry, at reasonable rates, and that one of the firm will always be found at the shop ready for business.
