The way for many folks to get rich
is to back money and not spend it
for anything. If everybody should do
this nobody would get rich. It takes
a certain amount of money to make a fortune.
A man who would not spend his money
for anything would be as good as a
block. It takes all kinds of people to
make a world.

Some children who are Wallowa City
have a good deal of money in which to
invest. They are the right kind of money
to make marriage proposals. He who
is willing to spend for himself will make
a fortune. If you do not spend your
money for anything, you will never
get rich. It takes all kinds of people to
make a world.

The domestic economy in the U.S. will
be a popular one in the future. It is
not so difficult to supply the domestic
demand. Last year Germany imported
nearly \$22,000,000 worth of raw cotton
and it is coming from the United
States. The use of the dollar is rapidly
expanding in Germany. Last year
the total of dollars was estimated
at over five times as many as the
gold dollar.

One of the proposed locations of the
St. Louis fair is a removal of a large
red oak tree from the highest section
of Arkansas to Forest Park St. Louis.
Without injuring it. The tree is 100
feet high and 12 feet in diameter at
the base. A double railway will be
built from the tree to the river, where
it will be floated and towed to St.
Louis. It is estimated that this will
cost \$500,000. The effort can be
made and perhaps it may succeed, but
the money and time expended can be
put to a far more profitable use.

The buffaloes are increasing in
each proportion in Canada that
they promise in the course of a few
years to become again fairly abun-
dant. Some time ago they threat-
ened to become extinct.

According to the almanac, there
will be five eclipses this year—
three of the sun and two of the
moon. Only one will be visible in
the United States and that will be
a total eclipse of the moon, which
will occur on October 16-17. The
moon will enter the shadow at 10:
17 p. m., the eclipse will be total at
11:19 p. m. and ends at 12:48 a. m.

Suicide continues to increase in
the United States. The total number
reported to the Chicago Tribune
for the year 1900 is 7,245, as com-
pared with 6,755 in 1900 and 5,340
in 1899. Of this total 5,859 were
males and 1,395 females, which
curiously shows the same propor-
tion of nearly five males to one
female for several years past. Physi-
cians, as usual head the list, among
professional men, the record stand-
ing; Physicians, 33; attorneys, 19;
clergymen, 10; bankers, 6; journal-
ists; college professors, 1.

my absence leave all furs and hides
at Calvir's or Funk & Sons.

Good Literature

Nothing

The Northern Pacific is noted
among railways for its adver-
tising matter. Its pamphlets
folders, booklets, etc., are tastefully
potten up and are valuable for what
they contain. Here is a partial list
of what Mr. Chas. S. Fee, General Pas-
senger Agent, St. Paul, Minn., will
send out carefully mailed, upon receipt of
prices given. Any combination can be made, and money
or express orders, silver or stamps will be accepted. This is
a fine opportunity to obtain good descriptive reading mat-
ter for little or nothing.

E. W. BARTLETT,

PULLMAN ORDINARY SLEEPERS.

The tourist travel between the
East and the Pacific Coast has
reached enormous proportions in
the last few years, and calls for a
special class of equipment. To
meet this demand the Pullman
Company has issued from its shops
what it technically calls the "Pull-
man Ordinary Sleeper." These
cars appear similar to the regular
sleepers being built on the same
plan, but not furnished with the
same elegance. They are equipped
with mattresses, blankets, shams,
pillows, pillow-cases, towels, combs,
brushes, etc., requiring nothing of
the kind to be furnished by the
passenger. Each car has a stove
for making tea and coffee and de-
voting light housekeeping, and each
section is fitted with an ad-
justable table. A uniformed por-
ter accompanies each car, his busi-
ness being to make up berths,
keep the car clean, and look after
the wants and comforts of the pas-
senger. In each of the trains
which are dispatched daily from
Portland by the O. R. & N. Co. is
to be found one of these "Pullman
Ordinary Sleepers." The car at-
tached to the "Chicago-Portland
Special" goes through to Chicago,
without change, and the one in the
"Atlanta Express" runs to Kansas
City without change. Passengers
in this car for Chicago change to a
regular car at Chicago.

Much of the first class travel is
being carried in these cars, the
rate being lower, and the service
nearly equal to that in the palace
sleepers.

For rates and full information,
including folders, write to
A. L. Craig,
General Passenger
Agent, O. R. & N. Co., Portland,
