#### DEVELOPMENT OF THE PACIFIC COAST.

#### The Chamber of Commerce and its Usefulness.

The following is a contribution to the Los Angeles Times by W. D. Curtis and is a very timely and useful article for any community:

"More than two hundred cities in the Pacific Coast States have a regularly organized public body of some sort. They are variously called Chamber of Commerce, Board of Trade, Commercial Club, Improvement Club, or some other other less common but similar name.

I will venture that no other group of States has a proportionate number of such organizations. But such an organization is the community expression of the public idea, and it is to be expected that the far Western country would lead the older and more conservative sections.

Now a Chamber of Commerce or Board of Trade stands as the concrete representative of a community which desires to do something for itself. Therefore the natural inference is that any community which has not organized in some form to further its interests is not determined to push itself forward.

Just as a live, hard-working Chamber of Commerce is a blessing to a community, so a dormant or dead organization is a curse. A town afflicted with an organization which has ceased to produce results is helpless until freed from its incubus.

There are lots of communities even in the stirring bustling West which are afflicted with a sort of dry rot, and half a dozen Chambers of Commerce will not help such a town. In other words, a Chamber of Commerce will be effective in its work for a town in exact proportion to the capacity and the interest of the men who direct it.

An organization of some kind is necessary in order for a group of men to work harmoniously together, but it is also the handiest way in the world for a group of men to shift responsibility and get rid of work.

First of all, then, organize a Chamber of Commerce and see that the men in direct charge are men who will give it the same vital, personal attention which they expect to give to their own business; or if your town already has a public body which is doing what it should, take the proper steps to reorganize, to draw in new blood, rejuvenate the skeleton.

Many of the present organizations are models and the good they have done cannot be estimated.

Perhaps you will not be able to advertise in a list of Eastern magazines in order to secure the addresses of intending settlers to whom you can send printed matter.

Do not get the impression from this that I think that the main purpose of such organization is to place advertisements in Eastern publications. By all means no. That is simply an feature of the manifold labors which lie before such an organization. Moreover it is not the point at which to begin. There are plenty of things close to hand which must be attended to first.

What would be the sense in inviting people to settle in your community when their first visit there might shock them over some of the conditions which you have neglected and which might have been corrected by concerted action. I say first of all, make your community what it should be as a place to live in and a place to do business in. Now just "what it should be" is a point that no one can know so well as the leading business men of the town—the men who should be in control of your Chamber of Commerce. It is a question to be decided entirely by local environment.

Prepare figures and institute careful comparisons between your own town and other towns situated similarly. If you find that your town is doing less for the surrounding country, and consequently is not in good repute, you can be sure that it will lose trade. Here is a work for you to do.

If you find that the products of the territory which you should draw from are not flowing through your town, you are not offering the proper marketing conditions. Get to work, and make them right.

If it comes to your ears that traveling men are not properly entertained, or that tourists go away dissatisfied, it is a big mistake to let it continue. A few people of this kind traveling about the country will soon do you irreparable damage. Appoint a committee, find out what is the trouble and correct it."

#### Notice

Will buy all kinds of hides, furs, old rubber boots and shoes, old copper etc. Will be in Enterprise the first week in every month, in Joseph the second, in Lostine the third and in Wallowa the fourth. In case of my absence leave all furs and hides at Calvin's or Funk & Sons.

### Good Literature

The Northern Pacific is noted among railways for its advertising matter. Its pamphlets, folders, booklets, etc., are tastefully gotten up and are valuable for what they contain. Here is a partial list of what Mr. Chas. S. Fee, General Passenger Agent, St. Paul, Minn. will send out carefully mailed, upon receipt of prices given. Any combination can be made, and money or express orders, silver or stamps will be accepted. This is a fine opportunity to obtain good descriptive reading matter for little or nothing.

**Wonderland 1901**—An annual publication, beautifully illustrated in color and half-tone. This number treats particularly of the history of the Northern Pacific's Trademark, the Custer Battlefield in Montana, and the Yellowstone Park. SEND SIX CENTS.

**Miniature Wonderland**—A neat and dainty publication containing a complete history of the Northern Pacific Trademark. The artistic covers of the Wonderland 1901 are used in miniature. SEND FOUR CENTS.

**Wild Flowers from Yellowstone**—A book of pressed wild flowers from Yellowstone Park, showing the real flowers in their natural colors. A dainty and beautiful souvenir—ten specimens of flowers and six full page illustrations of Park scenery. SEND FIFTY CENTS.

**Yellowstone National Park**—A new 112-page book in strong flexible covers, good paper, plain type, illustrated, pocket size, a compendium, and descriptive of the World's Wonderland. SEND TWENTY-FIVE CENTS.

**Climbing Mount Ranier**—An illustrated pocket-size book, 72 pages, in strong flexible covers, printed on heavy paper, descriptive of an ascent of the highest peak in the United States—outside of Alaska—of a glacial nature. SEND TWENTY-FIVE CENTS.

### THE QUESTION OF Good Reading Matter.

is now uppermost in a great many minds. Men, women and children have begun to think about good reading matter for each member of the family.

In a great many cases they they have not the slightest idea what it shall be.

Then, nine times out of ten you are not satisfied because you took some little old worthless thing.

#### Stop and think

Let us settle the question. You will feel better satisfied, because the most popular and useful presents now-a-days are the monthly and weekly magazines. They are interesting and instructive, not foolish story papers. We are the agent for every magazine published in the United States or Europe, and we can furnish you magazines for the children of any age as well as for grown people.

#### Another Point

Good magazines are not expensive these days. A few of the most popular "dollar a year" magazines are given below. They contain the best literature of modern times, which cannot fail to please all who are fortunate enough to be a reader. Here they are,

- The National Magazine,
- Ladies' Home Journal
- Woman's Home Companion,
- Delineator,
- Designer,
- Munsey,
- McClures,
- Cosmopolitan,
- Leslie's,
- Success,
- Saturday Evening Post,
- Junior Munsey.

The higher priced magazines, varying in price from \$2 to \$4 per year are

- Review of Reviews,
- World's Work,
- Harper's publications,
- Scientific American, etc.

If you want a Teacher's magazine, or one devoted to Music, or any other profession, we can secure it for you.

Nearly all the magazines are published so as to reach the subscriber between the 20th and 25th of each month.

Drop in and see the samples, and if they suit you, you can leave your order.

### PULLMAN ORDINARY SLEEPERS.

The tourist travel between the East and the Pacific Coast has reached enormous proportions in the last few years, and calls for a special class of equipment. To meet this demand the Pullman Company has issued from its shops what it technically calls the "Pullman Ordinary Sleeper." These cars appear similar to the regular sleepers being built on the same plan, but not furnished with the same elegance. They are equipped with mattresses, blankets, sheets, pillows, pillow-cases, towels, combs, brushes, etc., requiring nothing of the kind to be furnished by the passenger. Each car has a stove for making tea and coffee and doing "light housekeeping," and each section can be fitted with an adjustable table. A uniformed porter accompanies each car, his business being to make up berths, keep the car clean, and look after the wants and comforts of the passenger. In each of the trains which are dispatched daily from Portland by the O. R. & N. Co. is to be found one of these "Pullman Ordinary Sleepers." The car attached to the "Chicago-Portland Special" goes through to Chicago without change, and the one in the "Atlantic Express" runs to Kansas City without change. Passengers in this car for Chicago change to a similar car at Granger.

Much of the first class travel is being carried in these cars, the rates being lower, and the service nearly equal to that in the palace sleepers.
