Tourist's Excursion to the East.

The traveling public will be interested to learn of the system of personally conducted excursion cars operated over the Rio Grande System, popularly known as "The Scenic Line of the World." They are the Regular Pullman tourists or "ordinary" sleepers, provided with comfortable berths, bedding and linen of the Pullman standard. They have separate lavatories, and are all well lighted and heated and, in fact, are a most successful substitute for the more expensive "standard" sleepers, the difference arising from the character of upholstery furnished. A colored porter is in attendance with every car and besides him an excursion conductor, whose sole duty is to look after the pleasure and comfort of passengers in his charge.

These cars are run through to Kansas City, Omaha, St. Louis and Chicago, making close connections for Boston, New York and all eastern points.

This feature of travel has become so popular that there is now established a regular service of nine cars each week, offering a variety of routes, and schedules so arranged that stop-overs may be made, if desired, at Salt Lake City, Denver, or any point between.

No extra charge is made beyond regular tourists rates.

To those interested will be glad to quote the lowest fares and furnish full information about the scenic beauties of the Rio Grande Route and its superior accommodations.
