

A Shoe Letter

To THE CHIEFTAIN READERS:—

We have just concluded arrangements with W. J. Funk & Sons of Enterprise, Ore., whereby they contract with us for certain goods we are to manufacture for them exclusively, which includes Boots & Shoes, which they are to have exclusive sale of in Enterprise—a high grade all solid line of goods throughout, and from selected stock on which we give them a guarantee on every pair as to workmanship and material. Hence on every pair of shoes you buy from them, you have a guarantee from one of the largest manufacturers in the world of our class of goods, i. e. Custom made Boots & Shoes, we standing sponsor to you should W. J. Funk & Sons fail to live up to their agreement with you. No offer of this kind has ever been made by any other large manufacturer before, and the name of "Giesecke" is in itself a guarantee, and from past experience have no hesitancy in making this offer.

If you want a shoddy shoe for a price, do not buy our make of shoes, but if you want shoes that will fit well, and give a good account of itself in service—A Cheap Good Shoe.—then buy our shoe from W. J. Funk & Sons. If you want a medium shoe, ask them for our "Shamrock" at \$2.75, if you want a work shoe, ask them for our 41 at \$2.25, and if you want a dress shoe, ask for our "King Kind" at \$3.25 to \$3.75.

As a further inducement, when you buy a pair of shoes from these parties, ask them to let you register your name opposite a number in their register book, and on December 24, 1902, take your number back to their store, and ascertain if you have won a premium, for on that day, we will telegraph them certain numbers we have selected, and anyone holding any of said numbers will be entitled to another pair or his money back for the pair he bought.

Messrs. W. J. Funk & Sons will carry a general line of our goods and you can procure a shoe or boot from \$2.25 to \$6.00. Give them a trial and take this letter as a letter of introduction.

Yours very truly,

GIESECKE-D'ONCH-HAYS SHOE CO.
St. Louis, Missouri.

Here's
Comfort.

Here are shoes that are more comfortable than you have been wearing, because they are built on natural lines. No doubt about their fitting your foot, for we have them in several widths, and they are all soft and flexible. Easy to wear and easy to buy. Made for ladies, gents and children
