Elmer Cleaver, of Cleaver Bros., well known mining men of Baker City, Prairie City and Sumpter, with W. L. Meyers of Cornucopia were in Enterprise Monday, and report flattering prospects of gold on upper Innahu and Sheep creek. They think the prospects rival the celebrated Cripple Creek, or those of the Sumpter gold fields. They prophesy that in a short time, a large mining camp will be established and railroad facilities will meet the demand, the most accessible way being through Wallowa valley by way of Enterprise, Joseph and other valley towns. They went from here to Lostine to investigate the Probst-Rumble claims.

On Tuesday Rev. Walker took Mrs. Wm. Wagner to the lake to camp with friends for a few days, and on his return was accompanied by Miss Lena DeVore, and the Messrs. Will Zurecher and Donald Lewis, who have been rustating for several days at Wallowa county's famous resort.

On Monday J. D. Zurecher purchased half of the electric light plant of Fred Miska. Mr. Zurecher and C. C. Stacy are now the owners and proprietors. James has another year at the Agricultural College and then he will devote his time to the business.

H. P. Manley, of Coeur d'Alene City, Idaho, arrived in the city on last night's stage on a visit to his daughter, Mrs. T. E. Wood of Alder Slope. Mr. Manley is about 80 years old but showed the top fairly well.

Fleats, hot winds and pestilence are numerous to mention have visited the south and central states the past two weeks while the Pacific coast has the greatest crop and prosperity ever known.
