JOSEPH METHODISTS PLAN NEW CHURCH

MONEY NEARLY ALL SUBSCRIBED FOR \$4000 STRUCTURE—WAREHOUSE OFFICERS.

Joseph, Jan. 5.—There is lots of activity in real estate in Joseph and vicinity these days, showing the faith of investors in the growth of the town. Jesse Marr has bought 130 acres of land 1 1/2 miles from town of J. H. Thompson and A. Wurtzweiler. Mr. Thompson bought a house and five lots in the Knight addition. Myrtle Hays, daughter of W. S. Hays, has bought two lots in Bellevue addition. All these sales were made by the Wurtzweiler and Caviness agency. J. D. Walek reports the sale of block 25, Bellevue addition to L. G. Page of The Park, and of block 28 to J. J. Rezac, the electrician. County Surveyor R. I. Long was here on business Monday.

Representative J. P. Rusk left Tuesday morning for Portland to be ready for the session of the legislature. He was accompanied by his mother, Mrs. E. B. Rusk, who had been visiting him for several months. Don't forget Joseph will build a \$20,000 school house this summer.

An order has been entered by the circuit court dismissing the suit of Edith Jennings vs. the Joseph Mercantile company and discharging the receiver, Messrs. Eben and Houser have bought the interest of Mrs. Jennings in the business.

Mary Baudan returned Tuesday to school at La Grande. Her brother Fred accompanied her for a few days visit.

SAM PACE BUYS HALF INTEREST IN O. R. & I. CO.

There is probably no man who knows the land of Wallowa county like ex-Assessor Sam Pace. He has been on nearly every quarter section for valuation purposes, and it seems natural and fitting that he should go into the real estate business. He has bought a half interest in the well known O. R. & I. company, L. E. Jordan, who organized and has been connected with it ever since, retaining the other half interest. *The company has fitted up fine quarters in the old Chieftain office, and will be a power in the development of this great county.

Plan For County Choral Society

MUSIC LOVERS TALKING OF SUMMER MUSIC FESTIVAL WITH 150 CHORUS

Music lovers in Enterprise are discussing plans looking to the organization of a Choral society to include singers from every part of Wallowa county, the intention being to unite the various sections into one grand chorus of at least 150 voices, in a summer music festival extending over two or three days. If the singers of the county will unite in the matter, it is proposed to engage Prof. Boyer, of Portland, who will give his undivided attention to the training of the chorus during the months of July and August. The good results of such training by a man of Prof. Boyer's exceptional ability are so apparent as to require no demonstration.

Prof. Boyer is now at work with the Portland chorus for the annual spring festival to be held in that city in March next. The chorus numbers 500 and everything points to a triumphant success.

In the New Year's issue of the Oregonian, Frederick W. Goodrich, president of the Portland Festival chorus, contributes the following, which will doubtless interest Prof. Boyer's many friends in Wallowa county:—"Here in Portland is a permanent choral organization which those in charge have determined to make the best of its kind in the Pacific West. Composed of many of the finest musicians in the city, it cannot fail to exercise a powerful influence on the musical life of the entire section. It would be making invidious comparisons to mention the names of the many professional musicians who sing in its ranks, but every musician in the city, worthy of the name, is either singing or exerting a powerful influence in its favor. The director is Wm. H. Boyer, a veteran in the cause of choral music. A fine trainer and brilliant chorus master, no one is more fitted than he to direct such an organization."

ASSESSOR MILLER TAKES UP DUTIES

NEW OFFICER IS FAMILIAR WITH THE WORK—COUNTY COURT CONVENES.

The new county assessor, E. F. Miller, was sworn in Monday morning by County Clerk Boatman, and at once went to work in business-like fashion in the assessor's office.

PROFESSOR BELL AND HIS AIDS IN AERIAL EXPERIMENTS.

Alexander Graham Bell, the aged inventor, is a most ardent believer in the practicability of aerial navigation and hopes to improve the means of flight already discovered and demonstrated by the Wright brothers. It was with this idea in view that he planned his tetrahedron and provided, with his several youthful aids, for a series of elaborate experiments at Baddeck, Nova Scotia. The tetrahedron is an absolute novelty in aerial craft and comprises, in its application to heavier than air flying machines, some absolutely new ideas.

He has made no announcement of a deputy yet, but Arthur Pace is assisting on the books for the present.

Mr. Miller is not a new hand at the business by a long way. He held a similar position in the East, and for several years in this county has made the assessment in the county north of Wallowa for Mr. Pace.

County Court This Week.

County court convenes today, Wednesday. As usual at the January session there is a large amount of business on hand. Probably the most important item is fixing the levy for the coming year, and it is said that in spite of the fact of building the court house and large expenditures for roads, the total levy will be no larger and probably less than last year's record low levy of 1 1/2 mills. Wallowa county's portion of the state expenses this year amounts to about \$9300.

Circuit Court.

Judge Knowles is expected in about January 18 to hold a session of circuit court.

CONTRACTING ACREAGE TO RAISE SUGAR BEETS

Job Pingree, field superintendent of the Amalgamated Sugar company, F. S. Bramwell and S. Storey, the latter field foreman of the La Grande factory, are in the valley this week closing contracts for acreage for the sugar beet test. They were in Enterprise Tuesday and today, and will be at Lostine Thursday and Friday. Their proposition is a good one for the landowner and shows faith in this valley as a beet country.

STOCK SHIPMENTS.

Dishman and Day shipped five carloads of cattle and hogs Tuesday morning, three from here and Joseph and two from Wallowa. B. T. Long went with the shipment to Portland.

Editor Will Turn Sanchman

Mr. and Mrs. Bert Huffman and children were guests last week of his sister, Mrs. J. H. Dobbins, and family of Prairie Creek. Mr. Huffman was until a few months ago editor

of the Pendleton East Oregonian, which he made one of the most quoted papers in the state. He is also an author of both merit and reputation. He sold out his interests in the E. O. and has bought a ranch in Alberta, Canada, where he will remove in the spring.

ENTERPRISE WINS GAME.

Enterprise won the football game from Joseph Sunday by the score of 9 to 0. Both teams had more weight in the line-up than at the game in Joseph, the latter having the heavier line while the locals' backs had the advantage in weight. The game was a good one. Pace drop kicked

ANNUAL MEETING OF WOOLGROWERS

COYOTE BOUNTY CONTINUED—HOPE TO GET BACK \$1000 FROM COUNTY.

The Wallowa County Woolgrowers association met in the directors' room of the Wallowa National bank in this city, Monday. There was a large attendance of prominent flockmasters. Hon. J. H. Dobbins and Thos. Morgan were re-elected president and secretary of the association, respectively.

An assessment of one-half cent a head on the 192,630 sheep in the county was levied to continue the \$1.50 bounty on coyote scalps. It is believed this fund will be swelled by about \$1900 from the county, which was given by the wool men several years ago in the expectation that the state would give a bounty. That act of the legislature was turned down and the money contributed by the Wallowa woolgrowers sent to our county court, which has since held it. The statutes provide the court may at its option give a bounty, and the present court will be asked to do so, thus returning the money to the purpose for which it was originally contributed.

The resolutions in regard to forest reserve and the tariff adopted by the state association at the Heppner meeting were endorsed with the further recommendation that all grazing land in the national forests not covered with timber be set out from the reserve.

Warehouse Company Officers.

The directors of the Woolgrowers Warehouse company met Monday afternoon and organized by electing Jay H. Dobbins president and W. H. Graves secretary.

Rumble To Move To La Grande.

E. W. Rumble has bought an interest in the Bolton-Bodmer company at La Grande and will remove to that city from Elgin as soon as he rounds up his other business interests. The Bolton-Bodmer company is incorporated for \$15,000 and handles agricultural implements.
