February is the month to Love Your Body!

February is Heart Month and Dental Health Month. Use the tips on today's page to exercise your heart and be sweet to your teeth!

Your heart is a muscle. And, like all of your muscles, it works best when you exercise, rest, drink water and eat healthy. Love your heart, and your heart will love you!

Do you feel with your heart?

Are you making pictures of hearts and giving little heart-shaped candies to friends for Valentine's Day? When you make a promise you really, really mean, do you "cross your heart"? Or, do you listen to songs about broken hearts?

We see and hear about hearts everywhere. Long ago, people thought our feelings came from our hearts. Maybe because strong feelings can make our hearts beat faster. Now we know feelings come from the brain, not the heart.
