

Helping local businesses grow

It's what we have been doing through our print products for over 100 years

As technology changes and more and more people look to online solutions, most local businesses get lost in the national shuffle, with the big box stores and their large bankrolls making it tougher and tougher for our hometown businesses to compete.

That's where we step in.

Shope is a low-price option designed specifically for our local communities. Shope helps users find your business easier. Shope capitalizes on the searches of savvy online shoppers by enhancing your visibility in these and other online resources, whether it be on a personal computer, tablet or smart phone:

- Google searches
- Facebook
- Twitter
- Other popular search engines

Let us continue to help you grow your business, all for only \$49.99 per month. We are more than happy to give you a complete demonstration and will be contacting you in the near future to set up a short meeting.
