

Fishing from 1B

River conditions should be good through the weekend.

**SIUSLAW RIVER:**  
*Steelhead*

The winter steelhead fishery is producing fish in both the Siuslaw and Lake Creek.

The next few weeks should see a good push of fish. River

View from 1B

If we still had record players, that would have been the moment where the needle scratched across the disc.

Where did that come from? And why?

A second earlier, I was thinking to myself that Stoudemire would give the Mavericks an added dimension at the low post if he could stay healthy, and now I feel like a useless jerk for even thinking about him coming off the bench for Tyson Chandler.

This game is ruined. All games are ruined. Why watch any games?

I know I'm not alone in this. I want to give credit to one of favorite comics, Bill Burr.

“As a football fan, those ‘No more’ commercials are driving me up the wall,” Burr told Conan O’Brien during a recent

conditions should remain good through the weekend. Typical steelhead angling tactics apply.

**YAQUINA RIVER:**  
*Steelhead*

The winter steelhead fishery is fair to good in the Big Elk. River conditions should remain in good condition through the week. Anglers are advised to watch for private property.

talk-show appearance. “It’s like, I’m sitting down watching the game and all of a sudden I start getting reprimanded ... like I know a woman who’s getting beaten and I’m not saying anything. It’s driving me nuts because what I love about sports is that it’s a great way to tap out from the news and, you know, just watch a game and get away from it. Now all of these causes are getting attached to it.”

I felt guilty for feeling the same way during the World Series when everyone stood up against cancer. Again, Bill Burr:

“There’s a time and a place. I know somebody who has died of cancer. But I would never go to the movies with you and in the middle be like, ‘Oh, by the way ... I know this guy, he died of cancer. It was horrific. By the way, I got molested when I was 9. Well, enjoy the rest of

Typical steelhead angling tactics apply but the Big Elk is bed rock dominated and does have a lot of snags.

**COOS RIVER BASIN:**  
*Dungeness crab, bay clams, steelhead*

Steelhead fishing is good.

There is bank access on the West Fork Millicoma at the Millicoma Interpretive Center and on the East Fork

Millicoma at Nesika Park.

Access to the South Fork Coos River is through Weyerhaeuser property and anglers must have the appropriate permit from Weyerhaeuser.

In the Coos Basin one additional fin clipped steelhead may be retained per day for a total aggregate of three adult fish harvested daily.

**UMPUQA RIVER, SOUTH:**

*Steelhead*

The South Umpqua is open for steelhead fishing. Although the peak numbers of fish normally show up through late March, recent rains have moved fish into the Canyonville area and hatchery fish have been reported.

The South Umpqua offers the best chance for catching an adipose-fin clipped steelhead

for harvest. The hatchery program for winter steelhead is centered in the South Umpqua.

Most hatchery fish are caught from Canyonville downstream. All wild fish must be released unharmed.

As the river drops from last weekend’s rain, plunking should be good at places such as Lawson Bar, Myrtle Creek and behind Seven Feathers.
