## Rules

from 1C

— one of several examples of illegal helmet contact listed in Rule 2-20.

Spearing is now defined as "an act by any player who initiates contact against an opponent at the shoulders or below with the crown (top portion) of his helmet."

With "targeting" now defined as contact to an opponent above the shoulders, the committee more clearly defined "spearing" as contact to an opponent at the shoulders or below. Colgate said the

implementation of the first spearing rule in 1971 has played a significant role in reducing injury in high school football.

"The committee spent considerable time discussing and clarifying expectations related to contact involving any player that is deemed excessive or unnecessary — including spearing — that may occur during play," said Brad Garrett, chair of the NFHS Football Rules Committee and assistant executive director of the Oregon School Activities Association. "Minimizing risks to players involved in these sit-

uations must remain at the forefront of the game."

In other changes, the rules committee revised the 2014 rule change regarding free-kick formations. A new Rule 6-1-4 was added to state that the timing of the foul for not having at least four players on each side of the kicker now occurs when the ball is kicked.

A change also was made in the listing of penalties in Rule 9-4, Illegal Personal Contact. Beginning next season, an automatic first down will not be awarded for a 5-yard incidental face mask penalty against the passer. Previously,

this violation was included in the penalty for roughing the passer, which calls for a 15-yard penalty and an automatic first down.

The rules committee also approved new language in Rule 10-2-5 regarding the enforcement of dead-ball fouls. The distance penalty for unsportsmanlike, non-player or dead-ball personal fouls committed by teams can offset.

Equal numbers of 15-yard penalties by both teams will

cancel and remaining penalties may be enforced.

The final change approved by the Football Rules Committee related to a series of downs. A new Rule 5-1-1b will read as follows: "The referee shall have authority to correct the number of the next down prior to a new series of downs being awarded."

A complete listing of all rules changes is available on the NFHS website at [www.nfhs.org](http://www.nfhs.org).

According to the 2013-14 NFHS High School Athletics Participation Survey, football is the most popular sport for boys at the high school level with 1,093,234 participants in 11-player football.

Another 28,790 boys participated in 6-, 8- and 9-player football.

In addition, 1,828 girls participated in football during the 2013-14 season.
