

KID ZONE

Family fun will be easy to find this year in the Florence Green Fair's Kid Zone, a special area packed with activities and entertainment, all planned with our young fairgoers in mind!

Try out your green thumb at the potting station sponsored by Laurel Bay Gardens, join in the hands-on activities at one of the many tables or learn about our national parks from rangers from both Honeyman State Park and Siuslaw National Forest.

Admission to the Green Fair is free for children, and the first 100 youth will receive a super recycler cape!
