Fishing from 1B

SILETZ RIVER: Steelhead
Steelhead fishing is slow to fair. Fish are being caught in most sections depending on river conditions. This time of year tends to produce a good percent of native fish and/or post spawn fish. Typical steelhead tactics apply such as side drifting, bobber and jig / bait, or casting spoons or spinners.

WILSON RIVER: Steelhead, Chinook
Winter steelhead fishing should be slow to fair. Last weekend's rain brought good numbers of fish into the system. Fish will be holding ups as flows are low. Bank anglers can find success throughout the river. Boaters should fish

the lower drifts until more rains come. Use lighter gear in the clear water. Spring Chinook fishing opens April 1, but few fish will be present for several weeks.

YAQUINA RIVER: Steelhead
The winter steelhead fishery is slow in the Big Elk. The fishery is typically very slow for the rest of the season. Anglers are advised to watch for private property. Typical steelhead fishing tactics apply but the Big Elk is bed rock dominated and does have a lot of snags.

UMPQUA RIVER, SOUTH: Steelhead
Fish have been caught in the Canyonville area and hatchery fish have been reported. The hatchery program for winter steelhead is centered in the South Umpqua, which offers the best chance for catching an adipose-fin clipped steelhead for harvest. Most hatchery fish are caught from Canyonville

downstream.
All wild fish must be released unharmed. Plunking should be good at places such as **LAWSON BAR, MYRTLE CREEK** and behind Seven Feathers. The water has been low making it harder for long boat drifts, but still suitable for bank anglers.

COOS COUNTY LAKES AND PONDS: Trout
Trophy trout were stocked last week in Bradley Lake and Johnson Mill Pond. Legal-size and trophy trout were also stocked last week in Empire Lakes. Legal size trout were stocked in the past month in **BRADLEY LAKE, SAUNDERS LAKE, POWERS POND, MINGUS PARK POND, and JOHNSON MILL POND.**
Trout are biting on bait fished near the bottom or lures like spinners or spoons. There are several lakes like **TENMILE, EEL, and BUTTERFIELD** with holdover rainbow trout from last year's stocking.

COOS RIVER BASIN: Dungeness crab, bay clams, steelhead, rockfish
Steelhead fishing is open until April 30 in the Coos Basin although many anglers have put away their steelhead gear for the season. River levels have been low but there are still a few steelhead around. There is bank access on the West Fork Millicoma at the Millicoma Interpretive Center and on the East Fork Millicoma at Nesika Park. Access to the South Fork Coos River is through Weyerhaeuser property and anglers must have the appropriate permit from Weyerhaeuser.

WINCHESTER BAY: Bottomfish
Fishing for bottomfish in the Triangle and South jetty has been successful. Crabbing has been slow recently.

PACIFIC OCEAN and BEACHES: Bottomfish, Dungeness crab, surf perch
The ocean is open for harvest of Dungeness crab.
Anglers continue to catch surf perch from the beaches near Bandon and Coos Bay. The best fishing is usually on the incoming tide. Sand shrimp is one of the best baits to use when fishing for surf perch.
