Lisa's Avant Gardener Tips for July

Water landscapes in the early morning for best results. Plant midsummer crops such as broccoli and beets for fall dinners. Watch for adult root weevil damage on rhododendrons. Check leafy vegetables for caterpillars! Hand pick off or use Bt (*Bacillus thuringiensis*) or appropriate insecticide. We'll help you put the "Oh!" in organic gardening.

Bamboo Dave says:

Check out our HUGE SELECTION of bamboos! We have varieties that spread slowly, do not run, and add a graceful grass-like dimension to your landscape! We also do large and small-scale irrigation systems.

"We're glad to get you growing!"
