Support humane society at Saturday barbecue

Hot dogs and hamburgers hot-off-the-grill plus homemade pastries will be available Saturday, Aug. 15, at the Grocery Outlet parking lot. The event, from 11 a.m. until 2 p.m., raises money to help provide care for the once-homeless cats and dogs awaiting their forever home at the Florence Area Humane Society's no-kill shelter. Hamburgers cost \$4, hot dogs and Polish dogs are \$3. Customers may add cheese to any order for 50 cents.

Drinks are \$1 and include a variety of soft drinks plus bottled water. Baked goods, homemade by FAHS volunteers, are priced individually, advises Sandee Gallimore, who chairs this event. Inside the store, FAHS volunteers will be greeting visitors with adoptable cats. Grocery Outlet owner Woody Woodbury sponsors this fundraising event for FAHS and donates all of the food.

PeaceHealth schedules disaster drill Aug. 19

PeaceHealth Peace Harbor Medical Center in Florence, in coordination with local emergency responders, will be conducting a mock mass-casualty drill on Wednesday, Aug. 19. The drill is scheduled to start around 8 a.m. at Siuslaw High School and will continue throughout the

morning, concluding around 11 a.m. The drill will test the preparedness and response of local agencies should a real disaster occur. The event, staged by PeaceHealth, will focus on response plans for an actual disaster that would trigger a sudden influx of patients, media, and concerned community members in addition to the day to day patient activity at the hospital. It will also provide on-scene training for local emergency responders. The full scale mass-casualty drill is being conducted in collaboration with multiple partner agencies including PeaceHealth, Western Lane Ambulance District, Siuslaw Valley Fire and Rescue, Florence Police Department, City of Florence, Citizen Emergency Response Teams (CERT), Life Flight, REACH Air Medical Services and Siuslaw School District,

through use of the district's property. The scenario for the practice event is a simulated explosion in the high school shop. Volunteers will be participating in the exercise to play the roles of patients and family members. In addition to the planned participants, community members are welcome to view the training as it will provide real-life crowd control training for emergency responders. Onlookers are encouraged to watch but are reminded to be respectful to the fact that it is a training to better prepare the hospital and responders. Organizers caution that the event is a significant exercise and the local community can expect to see emergency responders at PeaceHealth Center and Siuslaw High School looking and acting as if it were a true disaster.

Emergency staff and drill participants with mock injuries may be seen by motorists and pedestrians in the area. Citizens may also hear drill communication over the police, fire, EMS and other emergency response radio frequencies. Florence media outlets are asked to alert the public not to be alarmed if they see drill equipment and participants around the main hospital entrance and the high school or hear information over the radio frequencies between 7 a.m. and noon on Aug. 19. Normal hospital Emergency Department operations and patient care will not be affected by the drill in any way. Hospitals are required by the hospital accreditations to have disaster response plans in place and conduct periodic drills for improvement and training purposes.
