## Jack Frost Financial

Charles “Jack” Frost is a respected financial educator and adviser and retirement coach in Oregon and throughout the United States. Since 1988, he has been teaching folks, age 55 and older, how to preserve their assets, increase their income and reduce income taxes. In some cases, people have eliminated some of their tax on social security income through tax deferred actions.

For more than 24 years, Jack has helped individuals and families achieve their financial planning goals by providing advice on investment, insurance and tax planning, retirement and estate planning and intergenerational wealth transfer.

Working with a network of highly skilled professionals, he is dedi-

cated to providing high-quality advice and integrated wealth management solutions that simplify and enhance the quality of his clients’ lives.

Jack retired early in 1988 from a 13-year career with IRS. In the last several years, he has helped many seniors avoid many financial problems through safe asset allocation. His main goal is to help clients plan their retirement finances to avoid exhausting their financial reserves — and more.

“I focus on helping you clarify your goals for retirement, investments and other specific goals, such as college, weddings and dream vacations. I then create a detailed plan based on those objectives, implement the plan and monitor the results,” Jack says.

## Hillside Retirement Community

Hillside Retirement Community is a premier continuing care retirement community set on 57 lushly landscaped acres with 99 homes in a safe and secure neighborhood setting, two independent living apartment buildings and a continuum of care for your future health care needs.

Hillside is a Life Care community, which means it charges an upfront entry fee in exchange for long-term care as well as health-related services. In addition, as a Brookdale Life Care resident, you have their contractual guarantee that you will not outlive your means.

As you compare Hillside with rental communities, you will be

struck by how much lower its monthly fees are compared to the monthly rental retirement communities.

This is because your entry fee is “buying down” the monthly fee now and in the future.

Hillside offers an enriched lifestyle with walking paths, exercise areas, two spacious dining rooms and a variety of programs and activities to stimulate your mind and body.

Set in the heart of Oregon’s wine country in the bucolic town of McMinnville, Ore., which was named America’s favorite main street west of the Mississippi by Parade Magazine, Hillside is retirement living at its finest.
