Flu vaccinations now available at PeaceHealth

PeaceHealth Primary Care clinic is offering adult flu vaccinations.

Annual flu vaccination should begin soon after flu vaccine is available, and ideally by October. However, getting vaccinated even later can be protective, as long as flu viruses are circulating.

While seasonal influenza outbreaks can happen as early as October, most of the time influenza activity peaks in

January or later. Since it takes about two weeks after vaccination for antibodies to develop in the body that protect against influenza virus infection, it is best that people get vaccinated so they are protected before influenza begins spreading in their community.

Flu vaccination is the first and most important step in protecting against the flu.

To schedule an appointment, call 541-997-7134.

Disabled vets seek drivers

The Disabled American Veterans (DAV) is in desperate need of volunteer drivers who are willing to drive veterans in the DAV van on day trips to Portland for medical appointments.

The drive is about four hours to Portland, plus four

hours waiting for vets, plus four hours for the return trip, a total of about 330 miles and 12 hours.

Anyone interested in contributing time as a DAV van driver should call Jim Swant at 541-997-3695 or Tom Zahara at 541-997-1123.
