# Rotary raffling painting to raise money for clean water

Each year, the Florence Rotary Club reaches out somewhere in the world to help less fortunate people.

Last year, Rotary helped fund a grant to put water filters into 14 schools in India. Many school children in India do not have access to safe drinking water, and as a result they suffer great hardship and sickness.

The Rotary Club of Florence and The Rotary Club of Bangalore India will bring clean water to approximately 17,000 students by delivering water filtration systems to 14 primary schools in and around Bangalore — India's fifth-largest city.

The Rotary Club of

Florence donated \$4,000 and four other Oregon Rotary clubs donated \$500 each.

These donations were matched by the Oregon Rotary District 5110. The Rotary Foundation matched these contributions to provide the \$34,000 needed for this project.

This year, the Rotary Club of Florence is working on a grant to provide clean water to a village in Peru. The village of Belen de Urco's water source is contaminated, like 70 percent of all water sources in Peru.

Peruvian children get sick from the water and miss school. The parents are trapped wanting better lives for their families.

Having a community water system providing clean safe water will help them improve their lives.

A grant for Peru will require the Rotary Club of Florence to come up with \$6,000.

Florence Rotary's world community service chairman Ron Caputo said, "We're still about \$1,000 short, so I am raffling off a painting by previous Rotary club of Florence member George Lewis, titled 'Wild Flowers.'"

For anyone who wants to help fund this grant, Caputo can be reached at the Florence Events Center on Tuesdays at noon.
