## County clears landslide on North Fork Siuslaw

Lane County announced the reopening of North Fork Siuslaw Road this week after a landslide on Dec. 18.

The landslide debris at milepost 15.8 has been cleared from North Fork Siuslaw Road and the road is now open to traffic.

Wet weather conditions and the potential for additional landslides at that location kept Lane County Public Works crews from clearing the landslide in December. As conditions improved, crews were able to safely remove debris and repair road damage.

## Dunes City hearing on septic proposal postponed

The Dunes City Council's scheduled hearing on proposed Ordinance Number 228, proposing amendments to the current Code regarding septic maintenance, has been postponed until the March regular meeting of the City Council.

"Councilor Ken Platt will be unavailable to attend the Council meeting on Jan. 14," said Acting City Administrator, Jamie Mills. "The other City Councilors have expressed concern that because this issue is so important, all Councilors should be here to participate."

For that reason, Mayor Rebecca Ruede decided to remove the planned hearing from January's agenda and place in on the March 10, 2016 agenda.

Both the current septic maintenance Code, Ordinance No. 203, and the proposed Ordinance No. 228, can be viewed online by visiting the Dunes City website at [www.dunescity.com/ordinances](http://www.dunescity.com/ordinances).
