Fishing from 1B

outlet and by the major tributaries that enter the lakes. Casting or trolling spinners or various plugs can be effective. Fishing for the various warm water fish species tends to be slower during the winter months. There are numerous lakes in the Florence area that can provide good opportunity and have both boat and bank access.

SIUSLAW RIVER: Chinook, steelhead

The fall Chinook fishery is very slow and basically over for the season. Any remaining fish are in spawning condition.

Look for small numbers of fish to be in the lower river above the head of tide this early in the season. Casting lures or bobber fishing can be productive during low clear flows.

ALSEA RIVER: Chinook, steelhead

The fall Chinook fishery is very slow. Most remaining fish are actively spawning. A small number of new fish may enter the basin over the next couple weeks.

Winter steelhead season has arrived. The best chances to hook a chrome steelhead at this time would be in the lower section below Five

Rivers. Tossing spinners, or floating bait or a jig are good options during low clear flows.

SALMON RIVER: Chinook, steelhead

The fall Chinook fishery is very slow. Most remaining fish are actively spawning or already spawned out.

Winter steelhead season tends to kick in this time of year. A small number of fish are likely in the system now and look for the numbers to steadily increase over the coming month. Casting lures, bouncing the bottom or drifting jigs or bait under a bobber are good techniques to consider.

SILETZ RIVER: Chinook, steelhead

The fall Chinook fishery is slow. A small number of new fish may be found in the lower river but most remaining fish are actively spawning or spawned out.

The wild coho fishery is now closed for the season.

Winter steelhead season is just getting underway.

This time of year typically sees the first few fish entering the river. Best chances early on during lower flows will come from below the town of Siletz. Side drifting, bouncing bottom or bobber fishing can be productive.

WILSON RIVER: Steelhead, Chinook

The river is still high. When the river drops, fall Chinook

and winter steelhead will be available. Fishing should be fair to good. Anglers are reminded that the river above Jordan Creek is closed to all salmon fishing.

YAQUINA RIVER: Chinook, steelhead

Anglers are having very little success for fall Chinook in the upper section of tide water. Most fish are now on the spawning grounds. The winter steelhead run is now underway. The Big Elk tends to start seeing fish this time of year in small numbers. Look for the next good rain event to get the fishery going.

The wild coho fishery is now closed for the year.

COOS COUNTY LAKES AND PONDS: Trout

Lakes in Coos County are open all year for trout fishing. Trout will not be stocked until the spring. Some trophy trout were stocked in both Bradley and Butterfield lakes in October. Anglers have been catching some of the large trophy trout on small flies or slowly trolling spinners.

COOS RIVER BASIN: Dungeness crab, steelhead, bay clams

Steelhead have been caught in the past few days on the West Fork and East Fork Millicoma rivers along with the South Fork Coos River. Drifting eggs or fishing a jig under a bobber are effective ways to catch steelhead.

...need a friend?

Meet Ivanhoe

I am a true Viking of a cat, stoic and strong and brave...actually I am just a big, red-headed lover boy, but I have to live up to my name. I am mellow and love to hang out in my kitty hammock, just don't tell the other Vikings. I would also like to mention that my best friend at the shelter is Leopold. He is very, very shy of people but he and I are truly VERY VERY attached. I would love it if we could go to a home together! My shelter offers a great better with a buddy deal!
 PLEASE NOTE: I am a INSIDE kitty and that I've had G.I. problems in the past. I have a special food that works for me, it's Natures Variety Instinct, Grain-Free Turkey Meal. If you have other cats, you would have to switch them to my food.

If you would like to meet Chickpea any of her friends, please visit us at:
