## WELL-TRAINED SURFMEN

**U.S. Rep. Peter DeFazio (OR–District 4) attended the U.S. Coast Guard Surfman Training Graduation on Feb. 5, during which BM1 Ryan Clendenen from Station Coos Bay and BM2 Klaus Eisbrenner from Station Siuslaw River (above with DeFazio) were certified. Only 505 Surfmen, the most seasoned and well-trained boat operators in the Coast Guard, have ever been certified. They are trained to conduct search-and-rescue in breaking surf, the most hazardous weather conditions that the Coast Guard sees. Each Surfman spent 45 hours training in the surf in the National Motor Lifeboat School in order to earn certification from Surfman Training. Now, they must receive practical training with their unit in order to earn full certification.**

## Florence residents involved in 2-vehicle crash near Veneta

Oregon State Police (OSP) is continuing the investigation into a two-vehicle accident on Highway 126 near Veneta that involved three people, including two Florence residents, one of whom suffered critical injuries.

On Thursday, Feb. 11, at 9:32 a.m., OSP troopers and emergency responders were dispatched to the crash on

**Two Florence-area men were involved in a crash Thursday morning on Highway 126 between Veneta and Noti.**

Highway 126 at milepost 46, near the Oregon Country Fairgrounds.

Once on scene, troopers determined that a 1997 Chevrolet pickup, operated by James Swain, 49, of Florence, was eastbound when, for unknown reasons, he lost con-

trol and side-swiped the guardrail on the eastbound side of the highway.

Swain's pickup continued eastbound and crossed the centerline and into the path of a westbound Oregon Department of Transportation (ODOT) pickup, operated by Dominic

Luebbers, 19, from Salem.

Swain and his passenger, Timothy Driver, 26, also of Florence, were both taken to PeaceHealth Sacred Heart Medical Center at RiverBend in Springfield.

Swain is being treated for critical injuries and Driver is being treated for non-life threatening injuries. Luebbers was also taken to RiverBend for precautionary reasons.

OSP troopers from the Springfield Area Command are continuing the investigation into the cause of the crash.

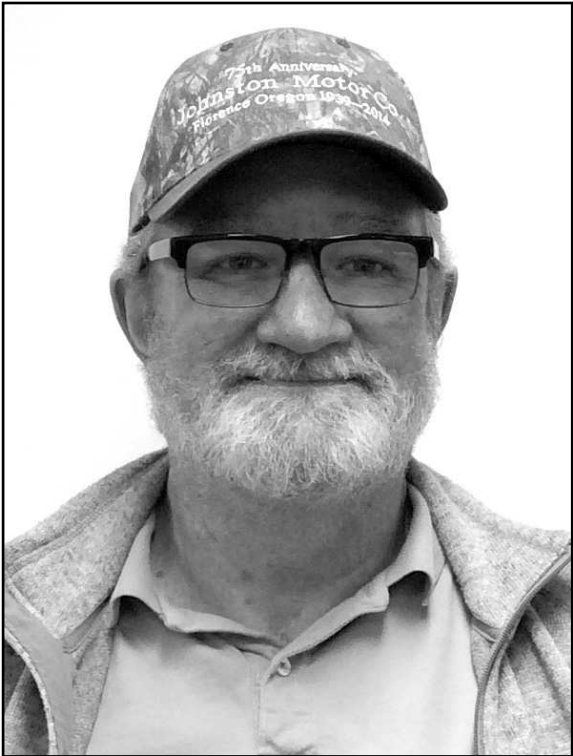

Seatbelt usage is undetermined.

The highway was closed until 1 p.m. while troopers investigated the scene.

ODOT detoured traffic onto Suttle Road during the closure.

OSP was assisted at the scene by ODOT, Lane Rural Fire and Eugene/Springfield Fire.

## Johnston Motor Company Welcomes New Body Shop Manager Pat Hopkins!

(Body Shop Manager Pat Hopkins and Team: John, Larry, and Mel)

Johnston Motor Company is pleased to announce the hire of new body shop manager Pat Hopkins.

Pat, and wife Nancy, have owned a home in Florence for the past 10 years. They recently moved to the area from Aloha, Oregon where they had lived for the last 26 years and raised their children. Pat is excited for the opportunity to continue in the auto body field. Nancy also recently found employment within the community. Pat and Nancy eventually plan to retire in Florence. Pat joins us with 41 years of automotive background.

Pat enjoys riding his motorcycle, walking, and dining at Florence's restaurants with his wife.

Johnston Motor Company has been offering auto body services to Florence and the surrounding area since 1957! Using state-of-the-art equipment and products, all work is completed in a timely manner. We work on all makes and models, anything from minor repairs to major accidents. All repairs come with a lifetime guaranty from our highly trained I-CAR staff.

Pat works with all Insurance companies. We are a direct repair facility for multiple insurance companies, making the process streamlined for our customers resulting in quicker, more efficient repairs.

Free loaner cars are available when necessary. We also provide free rides to home or work within the Florence area.

*Pat and his crew look forward to helping you in any way they can!*

### LOVE YOUR TIRES

Tire inflation: The vehicle manufacturer's recommendations for tire pressure can be found on a label affixed to the driver's door or door jamb, or in the vehicle owner's manual. Remember that tire pressure should be checked at least monthly when the tires are "cold," which means when your car hasn't been driven for three hours or for less than a mile at moderate speed.
