Whiskey Creek Organics

Whiskey Creek Organics is a local, certified organic farm located seven miles from the Oregon coast in Mapleton. Now in our eighth year of farming, we proudly offer the residents of Florence and the surrounding areas our 2016 CSA (Community Supported Agriculture) membership program.

With this program, once a week, members receive produce that has been picked at its peak (usually within a day or two of delivery) and delivered with all of its freshness intact.

Our CSA produce box comes full of the food you actually eat, like red leaf lettuce, snow peas, carrots, beets, kale, apples, raspberries, blueberries, cucumbers, peppers and tomatoes.

Membership fees are \$525 for a full box (feeds four to six) and \$325 for a half box.

As a certified organic farm, we go through rigorous testing and evaluation procedures every year to provide you with the peace of mind that your organic food is truly organic.

There is no cross contamination of pesticides or chemical fertilizers from any neighboring farm. Our own farm is home to amazingly rich river bottom soil that we augment with tons of organic compost we make ourselves from our own grassland.

Memberships in our CSA are limited. Visit our website at whiskeycreekorganics.com for more information or to sign up.

Corium 21 *Premium Aloe Healing Cream*

Risk-free 100% money-back guarantee.

Never have dry skin again.

www.medcream.com

THE SECRET TO BEAUTIFUL, HEALTHY SKIN

Corium 21 contains only genuine Barbados Miller aloe, the species with the most potent healing properties in the world. Nothing else compares. But the reason you can expect such fast, dramatic results goes even deeper.

ABSORBS SEVEN LAYERS DEEP

It's reassuring to know that Corium 21 is 100% natural and safe and your skin will drink it up! Reaching an amazing seven layers deep, the pure aloe vera in Corium 21 softens your skin, dilates the tiny capillaries to increase circulation (which carries away toxins) and stimulates and repairs your skin at the cellular level. Corium 21 penetrates so quickly and deeply into the skin that it cannot be washed off.

THE MIRACLE OF ALOE

Science is now proving what naturalists have known throughout the ages: natural aloe vera contains six anti-septic agents that fight infection; three analgesics to reduce pain and at least three anti-inflammatory agents.

Even psoriasis sufferers who have "tried it all" report spectacular results with Corium 21. Order today and discover the secret of beautiful, healthy skin with the confidence of our 100% money back guarantee.

Stop by our booth at the Home and Garden Show and sample our creams!
