1	40.0	8.0	B	D. MacNeil - L. Little
4	40.0	8.0	B	R. Parker - K. Hampsten

## Fishing

from 1B

well in the upper to mid river sections. With so much rain this winter, many fish have pushed upstream quickly. During higher flows, the upper river fishes well. During lower clear flows, it's better to focus efforts in the mid to lower river sections. Casting spinners / spoons, or floating bait or a jig are good options.

### SALMON RIVER: Steelhead

Winter steelhead fishing is fair and fish can be found throughout the mainstem as river conditions allow. Casting lures, bouncing the bottom or drifting jigs or bait under a bobber are good techniques to consider.

### SILETZ RIVER: steelhead

Winter steelhead fishing is fair to good with both bank and boat anglers hooking fish through the mainstem as river conditions allow.

The river should fish well most of this week. Side drifting, bouncing bottom or bobber fishing can be productive.

### WILSON RIVER: Steelhead, Chinook

Steelhead angling should be good as the river drops from recent high water. Fish are spread out through the system. Angling for Chinook is closed.

An error in the 2016 Fishing Regulations mistakenly lists river as open for hatchery Chinook beginning Jan. 1; the correct opening date is April 1.

### YAQUINA RIVER:

### Steelhead, Chinook

The winter steelhead fishery is fair in the Big Elk and should continue to produce over the next few weeks.

Look for the next good rain to push in another batch of fish.

Anglers are reminded that there is a lot of private property along the Big Elk. Casting lures or bobbers fishing are the best techniques for this river.

### COOS COUNTY LAKES AND PONDS: Trout

Lakes in Coos County are open all year for trout fishing. Last week 30 hatchery steelhead, that returned to Eel Lake trap, were stocked into Butterfield Lake to provide additional fishing opportunity for trout anglers.

## SOLVE

from 1B

recreational activities that contribute to our identity as Oregonians," said Tim Morgan, president and CEO of AAA Oregon. "The coast is shared by all of us, and the Spring Oregon Beach Cleanup gives citizens the opportunity to join together to keep it clean and healthy."

From the 1,000-pound fishing net to the tiniest piece of plastic in the sand, litter and marine debris on Oregon's coast is an issue that affects everyone, threatening the health of the environment and impacting the economy.

Every year, fish, shorebirds and other wildlife ingest and become entangled in discarded debris. It's a problem that is preventable. Everyone has a role they can play in helping to reduce the impact of wayward trash.

"The chance to walk in a quiet place and make it cleaner, safer and more pristine is priceless," said John Andersen, SOLVE Beach Captain in Netarts. "We have a duty to be stewards for all creatures that exist now or will exist in the future, and these annual cleanups are a big part of the solution."

Volunteers at this year's event are encouraged to bring

old colanders or kitty litter scoops to sift the tide lines for tiny plastic pieces, harmful to local wildlife. Bags and gloves are provided, but bringing reusable gloves and buckets is encouraged to reduce the amount of plastic waste.

Safety is the top priority, and volunteers are urged to keep an eye out for sneaker waves, stay off logs near the water, steer clear of sea lions, look out for signs and ropes limiting beach access around snowy plover nesting areas, and refrain from touching hazardous items like oil drums.

The Spring Oregon Beach Cleanup is presented by AAA Oregon. Additional sponsors include major sponsors Fred Meyer and The Standard; coordinating sponsors Local Coast Haulers and the Oregon Parks and Recreation Department; and media sponsors K103fm and KOIN 6.

SOLVE is a statewide nonprofit organization that brings people together to improve the environment and build a legacy of stewardship. Over four decades, the organization has grown from a small, grassroots group to a national model for volunteer environmental action.

Today, SOLVE mobilizes and trains tens of thousands of volunteers across Oregon to cleanup beaches and rivers and restore watersheds.
