Goals being realized by 2014 WLCF scholarship winner

In 2014, Jacob Kirby was one of 19 Siuslaw graduates to receive a scholarship from Western Lane Community Foundation (WLCF).

Actually, Kirby received two, the Dick and Barbara Whitmore and Willard Meyers scholarships.

Kirby is currently a sophomore at the University of Portland with a major in elec-

trical engineering and a minor in computer science. Within the last two years at the University of Portland, he said that among his major successes have been making his own Android apps and real life circuits. With the experience and knowledge that he received through his classes, he has been able to job shadow at companies such as Garmin and has an internship with a company that tests Apple and amazon products.

"The scholarships have helped make all these achievements possible because it helped me afford the university that I'm going to," said Kirby. "The University of Portland is

a great school for engineers and the scholarship money allowed me to attend and take part in a lot of different engineering activities and clubs."

Kirby is just one of the many graduating seniors from both Siuslaw and Mapleton High Schools who are — and have realized — their dreams and potential over the last 42 years that the foundation has given out scholarships.

The WLCF Scholarship application deadline for 2016 graduating seniors is Friday, April 15. WLCF administers 15 scholarship funds, most of which are awarded annually and range from \$500 to \$2,500

each. The funds represent yearly earnings from funds WLCF manages on behalf of generous donors of our local community.

Applications can be obtained at the High School Counseling offices or on line at www.wlcflonline.org and must be post marked or received no later than April 15 at P.O. Box 1589, Florence, OR, 97439, or submitted to the web address above by the same date.

The opportunity to help graduating seniors further their educational goal is just a short WLCF application away but the opportunity is only there if they apply.

Siuslaw Friendship Club to elect new officers

The Siuslaw Friendship Club will elect new officers for the 2016-17 year at its April 14 meeting.

Nominations are: President Janet Van Kleek, vice-president Pam Thompson, secretary Jeanette Bratcher and treasurer Dee Darrow.

The club meets on the second Thursday of the month, September through June, for lunch and a general meeting

at the Elks Club, beginning at 11 a.m.

A primary goal of the club is raising funds to support Florence charities, such as Food Share, SOS, Florence Humane Society, Habitat for Humanity and Helping Hands Coalition.

The club sponsors card games: Five crowns on the third Tuesday; pinochle on Thursdays; hand-and-foot on

the second and fourth Fridays of the month; and triple play on the first and third Mondays.

Annual dues are \$15. Everyone is invited to a meeting or a card game to get to know members.

For more information, contact membership chairwoman Betty Fieldson at 541-997-2842.

The Dairy Of Anne Frank

Presented by the Last Resort Players
Directed by Jennifer Conner and Cathy Dupont

The Diary of Anne Frank will warm your heart and strengthen your soul as the Last Report Players cast bring to life the characters in Anne's diary. Written by Frances Goodrich and Albert Hackett and now newly adapted by Wendy Kesselman. This adaptation gives us a powerful new look into the daily lives of the eight people hiding in the Annexe. Through Anne's diary we experience the honest historic changes during World War II for the Jewish people. Her determination to share her life in the pages of her diary captures a maturity as she documents the two dark years of living in a claustrophobic environment with 7 others. Anne gives us examples of fear, hope, grief and laughter as they live each day not knowing what tomorrow will bring. "Wendy Kesselman finely textured new Diary of Anne Frank tells a deeper story. A sensitive, stirring and thoroughly engaging new adaptation."

The cast of The Diary of Anne Frank invite you to experience this powerful production.
