## FEC to 'Go Green' during annual Green Fair

"Living green" has become more than a catchphrase as more people try to live green. It's the direction people are taking as the importance of protecting the environment becomes a growing focal point for the planet. While "living green" once just meant sorting recyclables, it has evolved into making lifestyle changes that are environmentally friendly and sustainable. To further these efforts, Siuslaw News, KCST Radio and the Florence Area Chamber of Commerce will host Florence's seventh-annual Green Fair on Saturday, June 11.

Businesses will assemble at the Florence Events Center with information and displays demonstrating how consumers and businesses can choose products and take simple steps to create less waste, save money, be healthful to the environment and leave a smaller carbon footprint on the planet.

Whether it is about recycling, using less energy or protecting the soil, air and foods we eat, the Florence Green Fair will offer ideas and solutions for adopting a greener lifestyle.

"Businesses will gather to show local consumers how to improve their lifestyle while preserving this planet," said Siuslaw News general manager Jenna Bartlett. "Children and adults will learn how easy it is to be environmentally friendly. Equally important, the show is an opportunity for vendors to introduce their products and services in a way that is meaningful to people who want to make such changes."

Exhibits, seminars and interactive activities are scheduled through the day, from 10 a.m. to 5 p.m.

Admission to the Florence Green Fair is \$3.
