Workshops from 1B

But after I show them how fun and easy it is, then their faces light up.
 "There is nothing more rewarding than watching a kid feel a sense of accomplishment. These clinics are great character building exercises for kids and kids at heart."
 The first crabbing clinic will be Wednesday, June 8, at 9

a.m., at the SW 51st Street beach access (near Mo's Restaurant) in the Historic Taft District of Lincoln City.
 Each participant over the age of 12 will need a five-gallon bucket, a large package of chicken legs for bait, a pair of rubber gloves, and a valid shellfish license.
 Crab traps and gauges can be purchased from Lackner at the clinic.
 Prior to crabbing, partici-

pants will meet for a brief orientation on crabbing regulations, harvest methods, identification, and cleaning and cooking techniques.
 The first clamming clinic is Thursday, June 9, at 10:30 a.m., beginning with a presentation at Driftwood Public Library, 801 SW Highway 101, on the second floor of City Hall.
 Talks last approximately 45 minutes, followed by clam digging on Siletz Bay. Participants

will need a five-gallon bucket, a pair of gloves and a shellfish license.
 Clam bags and shovels will be available for purchase on site.
 Looking back on four years of hosting the crabbing and clamming clinics, Lackner thanked the city for its support of the clinics.
 "Lincoln City is a leader in supporting recreational opportunities like crabbing and clam-

ming," says Lackner. "When we started these clinics, we wanted to show off the wonderful bay-front here in town and all of the great things you can do on it. Now it has taken on a life of its own, and I am thankful that the city continues to support it."
 For the full clinic schedule and more information on the crabbing and clamming clinics, call 800-452- 2151 or visit www.oregoncoast.org.

Fishing from 1B

Casting small spinners, spoons or fly fishing streamers or dry flies can be very effective.

SIUSLAW RIVER:
 The river is now open to all fishing or cutthroat trout. This fishery can offer anglers of all experience levels good opportunity. Casting small spinners, spoons or fly fishing streamers or dry flies can be very effective.

WILSON RIVER: Steelhead, Chinook, cutthroat
 Fishing for steelhead and spring Chinook is slow. More fish should be moving into the river. The water is low and clear, so use lighter gear and target the deeper holding areas.

Trout season is now open.
YAQUINA RIVER: Steelhead

The river basin is now open to all fishing, including above the head of tide.

COOS COUNTY LAKES and PONDS: Trout, warmwater fish

Legal size trout were stocked this month into **Powers Pond, Empire Lakes, Bradley Lake, Butterfield Lake, Saunders Lake, Sru Lake, and Tenmile Lakes.**

Anglers that catch a tagged trout in Empire Lakes can report the tag number to ODFW by stopping by the Charleston Office, calling 541-888-5515, or report tags online.

A few of these tags are worth a \$50 gift card. Fishing in the area lakes for trout has been ok with anglers having the best success using small spinners, spoons, or garlic flavored Powerbait. The daily trout bag limit in these lakes is five trout per day with only one trout over 20 inches.

There are trout available for kids in the Millicoma Pond at the Millicoma Interpretive Center and fishing is excellent. Millicoma Pond is set aside for kids fishing only and is a great chance for them to hook into fish.

Call before traveling to Millicoma Pond to make sure the gates are open. The phone number is 541-267-2557.

Largemouth bass and bluegill fishing is picking up with the warmer days. This time of the year bass and bluegills will be found in shallow water typically near a weedline or structure. Plastic worms, shallow crankbaits, and spinner baits are good to use for bass.

Bluegills will bit on worms, small jigs, or flies.

COOS RIVER BASIN: Dungeness crab, bay clams, rockfish

Trout season is now open in rivers and streams.

Anglers have been catching rockfish along the jetties and submerged rock piles. An occasional ling cod is also being caught in the bay. The marine fish daily bag limit for bottom fish (rockfish) is seven fish and a separate daily limit

for lingcod (two). Anglers can only keep three blue rockfish and one canary rockfish as part of their daily limit and there will be no harvest of China, quillback or copper rockfish.

Retention of cabezon is prohibited through June 30.

Crabbing has been decent with the best crabbing near high tide. There has been a mixture of hard shell and soft shell crab in the catch. It is still recommended you discard the crab viscera (guts/butter) before cooking.

Recreational harvest of bay clams remains open along the entire Oregon coast.

TENMILE BASIN: Trout, steelhead, bass

Trout season is open in rivers and streams. Angling is restricted to artificial flies and lures in streams and rivers

above tidewater. Tenmile Lakes is open all year for trout but trout fishing has been slow but the lake was recently stocked with legal size rain-bows.

Largemouth bass fishing has been good over the past month. Anglers are catching bass in shallow water on spinner baits, jigs, and rubber worms.

UMPQUA RIVER, NORTH: Steelhead, spring Chinook

Winter steelhead angling is about over, but summer steelhead angling will be picking up as we move towards the summer months. Remember all wild steelhead must be released unharmed.

Spring Chinook fishing has been improving and should continue to do so as water temperatures warm. There

have been reports of Spring Chinook being caught below Winchester Dam and around Rock Creek.

Note that through June 30, fishing in the fly water area is restricted to fly angling only with a single barbless fly. Per the new regulation on page 31, 32 of the 2016 Oregon Sport Fishing Regulations booklet, from Feb. 1 – July 31, 2 wild Chinook per day can be harvested.

Ten wild Chinook may be harvested in the North during this time frame in aggregate with wild Chinook harvested in the Main.

WINCHESTER BAY: Bottomfish, perch

Fishing for bottom fish in the Triangle and South jetty has been successful.
