

2016 Green Fair Exhibitors — cont'd

Three Rivers Casino Resort is silver-certified by Green Seal, Inc. under one of the toughest national environmental standards GS-33 based on waste minimization, water and energy efficiency, hazardous substance handling and environmental purchasing policy. Our commitment to maintaining this certification is one of the many ways we do our part to support a cleaner, greener Oregon coast. At the Green Fair, Three Rivers Casino Resort will host a community soap collection program for Clean The World from 10 a.m. to 4 p.m. Bring any unwanted soap, shampoo, conditioner and lotion you would like to donate to our booth at this event. Clean The World will deliver your recycled product donations to domestic homeless shelters and developing countries suffering from high death rates due to acute respiratory infection and diarrheal disease.

Upwell Art Designs is a local art business featuring eco-friendly clothing and jewelry. Artist Lara Owens loves to upcycle, recycle and repurpose materials into new designs. Popular items that

will be available at the booth are "Sweater Skirts." Lara uses donated sweaters and purchases gently used sweaters to create one-of-a-kind sweater skirts. Also popular are her earrings; there will be lots of styles to choose from.

Washed Ashore Project is a non-profit, community-based organization with a mission of educating and creating awareness about marine debris and plastic pollution through art. Washed Ashore is a project of the Artula Institute for Arts and Environmental Education, whose mission is to provide opportunities to express and teach environmental issues through the arts.
