Rhododendron Drive shoulder extension to begin construction

City of Florence plans to begin construction of the Rhododendron Drive Shoulder Extension Project the week of July 7.

Construction will occur during the day, and residents will experience single lane closures with flaggers conducting traffic control. The intersections of 11th Street, Wildwinds and Center Road (to Greentrees) will remain accessible from Rhododendron Drive.

No detours are planned. The contractor will first set up traffic control and remove

vegetation from both the east and west side of the road. Construction work will begin on the east side of the road first, followed by the west side in mid summer.

The city hopes to have construction completed by the end of October.
