

Fishing

from 1B
spinners, drifting bait or using a bobber and jig can be effective. Cover water and fish small and simple as the river conditions are low and clear. For cutthroat trout, casting small spinners, spoons or fly fishing streamers or dry flies can be very effective.

WILSON RIVER: Steelhead, Chinook, cutthroat

Fishing for steelhead and spring Chinook is slow. The water is low and clear, so use lighter gear and target the deeper holding areas. Trout angling should be fair.

YAQUINA RIVER: Cutthroat

For cutthroat trout casting small spinners, spoons or fly fishing streamers or dry flies can be very effective. Angling for all species in streams above tidewater is restricted to artificial flies and lures until Sept. 1.

COOS COUNTY LAKES AND PONDS: Trout, warmwater fish

Legal and trophy size trout were released earlier this month in Empire Lakes, and legal-size trout were put into Tenmile Lakes. This was the last trout stocking until fall.

Anglers that catch a tagged trout in Empire Lakes can report the tag number to ODFW by stopping by the Charleston Office, calling 541-888-5515, or report tags online.

A few of these tags are worth a \$50 gift card. Fishing in the area lakes for trout has been ok with anglers having the best success using small spinners, spoons, or garlic flavored Powerbait.

The daily trout bag limit in these lakes is five trout per day with only one trout over 20 inches.

TENMILE BASIN: Trout, steelhead, bass

Angling is restricted to artificial flies and lures in streams and rivers above tidewater. Tenmile

Lakes is open all year for trout. Anglers have been catching rainbow trout trolling wedding ring spinners. Use of bait is allowed in lakes year round.

Largemouth bass fishing has been good over the past month. Anglers are catching bass near structure or on the deep end of the weed lines using spinner baits, jigs, or rubber worms. Top water lures have been effective in the early mornings or evenings.

UMPQUA RIVER, SOUTH: Bass, trout

Trout fishing should remain viable in cold water areas. Trout fishing is catch-and-release only in the South Umpqua and tributaries. Bass fishing should be good with warming water temperatures.

WINCHESTER BAY: Bottomfish, perch

Fishing for bottom fish in the

Triangle and South jetty has been successful.

PACIFIC OCEAN AND BEACHES: Bottomfish, Dungeness crab, surf perch, salmon, halibut

Recreational harvest of crab is open along the entire Oregon Coast. It is still recommended you discard the crab viscera (guts/butter) before cooking.

Anglers fishing the beaches from Coos Bay to Bandon have been catching redtail surf perch. Sand shrimp or Berkley Gulp sand worms have been working the best for bait. Surf perch fishing is usually best on the incoming tide.

Recreational ocean salmon fishing from Cape Falcon to Humbug Mt. is open for all salmon except coho salmon. Anglers are allowed two salmon per day with a minimum size for

Chinook at 24 inches or larger. The selective coho (fin-clipped) season will open June 25 with a quota of 26,000 coho.

The Nearshore Halibut season is open seven days a week from Cape Falcon to Humbug Mt.

Fishing for bottom fish is now closed outside of a line approximating the 30-fathom curve.

Fishing for black rockfish has been good from Coos Bay south to Bandon. Fishing for ling cod has been decent.

The marine fish daily bag limit is seven fish and a separate daily limit for lingcod (2). Anglers can only keep 3 blue rockfish and 1 canary rockfish as part of their daily limit and there will be no harvest of China, quillback, or

copper rockfish.

• **OCEAN SALMON**

The Cape Falcon to Humbug Mt. Chinook salmon recreational fishing season continues through Oct. 31. This season is open for all salmon except coho salmon, with a bag limit of two salmon per day, and minimum sizes for Chinook at 24 inches or larger, and steelhead at 20 inches or larger.

Ocean Chinook fishing so far this season has been relatively slow, due to overall low effort levels. Most anglers are concentrating on bottomfish for now.

Just a reminder: Anglers are restricted to no more than two single point barbless hooks when fishing for salmon, and when fishing for any other species if a

salmon is on board the vessel.

• **BOTTOM FISHING**

Bottom fishing is good on both the north and south coasts last week. Anglers out of Garibaldi averaged over five fish per angler and south coast catches averaged 3-5 fish per angler on private trips, and limits on charter trips.

Lingcod has dropped off somewhat along the majority of the coast, but Garibaldi anglers averaged one lingcod per angler and Depoe Bay anglers brought in nearly two lings per angler.

There were also some lingcod landed on the south coast, averaging one lingcod per angler out of Charleston.
