## REAL FOOD CO-OP CLOSES FOR GOOD

PHOTOS BY JACK DAVIS/SIUSLAW NEWS

Real Food Co-op board members met Tuesday, July 19, to discuss disposal of coolers, shelving, containers and other items and a final reconciliation of payables. Co-op members voted 39 to 1 in favor of a board resolution to close the organic food co-operative because of lack of support and financial difficulties. Final liquidation of assets will be today from 10 a.m. until 2 p.m. at the co-op, 1379 Rhododendron Drive.

## Watershed focuses on salmon ecosystems, coastal lake health

During the Siuslaw Watershed Council (SWC) general meeting Wednesday, July 27, at 6:30 p.m., the topics will be "The Salmon River Experiments: Lessons for Intelligent Tinkering in Salmon Ecosystems" and "Aquatic Invasive Species and the Oregon Lake Watch Program."

SWC's meeting will be held at the Honeyman State Park Meeting Hall (big yurt), 5543 Canary Road. Doors open at 6 p.m. for the meeting at 6:30 p.m.

The meeting includes a presentation by Dan Bottom, who has led research efforts in the Salmon and Columbia rivers to understand what is behind the changes in salmon populations and the impacts of human efforts to reverse declines in salmon populations.

Bottom will share lessons

learned, including the results of the most recent work to understand the impact of coho hatchery program suspension that occurred on the Salmon River.

Rich Miller, from Portland State University's Center for Lakes and Reservoirs, will discuss aquatic invasive species in lakes. This includes harmful algae blooms and a new Lake Watch Volunteer monitoring program.

Miller will also conduct a Lake Watch training in the afternoon from 2 to 5 p.m. at the meeting site. Interested persons can sign up at [pdx.edu/oregon-lake-watch](http://pdx.edu/oregon-lake-watch).

As always, the SWC board of directors and executive director will give project updates and announcements of upcoming activities.
