Florence Food Share receives grant from Siletz

The Siletz Contribution Fund has awarded Florence Food Share a grant to continue its Culturally Diverse Food Project. "The program is now two years old and going strong," said Food Share executive director Norma Barton. "We are so grateful to Siletz for its continued support." For more information about Florence Food Share, contact Barton at 541-997-9110.

Local RN chosen to receive leadership award

William "Chip" Scott, RN, Emergency Department, PeaceHealth Peace Harbor Medical Center, was one of 10 outstanding young leaders selected by the Catholic Health Association (CHA) of the United States as one of Tomorrow's Leaders, a recognition program to honor young people who will guide health ministry in the future.

Each year, the CHA hands out four awards to recognize remarkable contributions to Catholic healthcare.

As one of Tomorrow's Leaders, Scott attended the recent Catholic Health Assembly in Orlando, Fla., where he was recognized during the annual Awards Banquet by several PeaceHealth senior executives, including Liz Dunne, PeaceHealth president and chief executive officer, and Victoria King, system vice president and chief nursing officer for PeaceHealth.

In addition, he participated in an afternoon formation

retreat, where he was joined by several senior executives from across Catholic health-care.

"Chip's knowledge, even as a relatively new graduate when I first met him, was impressive — and I have been

privileged to watch him grow over the last seven years I have worked with him," said Dr. William Foster, medical director for the Emergency Department. "His calmness in even the most stressful situations is much appreciated by

all his colleagues. "I know how fortunate I am when Chip works the ED with me when a critical patient arrives."

Jan Finley, nurse manager in the emergency department, nominated Chip for this recognition.

"Chip, who has been with Peace Harbor for nearly 14 years, is a natural leader," Finley said. "This is evident as his fellow staff members nominated him as both the ED Council Chair and the House Council Chair, largely due to his ability to remain calm and focused during an emergency and his passion for improving processes related to patient care and safety."

In addition to his contributions at Peace Harbor, Scott finds a way to connect with the community as well. He and his family regularly donate and volunteer with a local church to provide food, clothing and shelter for the homeless in Florence.

ASK THE DENTURIST..

Q What are Implant Dentures?

A Implant dentures are a great solution for many patients who want their dentures to be more stable. A dental implant consists of titanium post similar to the material that is used to replace a knee or hip, which is surgically implanted into your jawbone replacing the root of a tooth. The implant denture is made to fit on top of and attach to the implants for a secure fit. There are many different options for implant dentures. Schedule your free consultation with our dental team at Natural Dentures to understand what options are available to you.

'American Pickers' filming episodes in Oregon

Mike Wolfe, Frank Fritz and their team are returning to Oregon. They plan to film episodes of the hit series "American Pickers" throughout the region this summer.

American Pickers is a documentary series that explores the fascinating world of antique "picking" on The History Channel.

The hit show follows Wolfe and Fritz, two of the most skilled pickers in the busi-

ness, as they hunt for America's most valuable antiques.

The duo is always excited to find sizeable, unique collections and learn the interesting stories behind them.

As they hit the back roads from coast to coast, Wolfe and Fritz are on a mission to recycle and rescue forgotten relics. Along the way, the Pickers want to meet characters with remarkable and

exceptional items.

The pair hopes to give historically significant objects a new lease on life, while learning a thing or two about America's past along the way.

Wolfe and Fritz have seen a lot of rusty gold over the years and are always looking to discover something they've never seen before. They are ready to find extraordinary items and hear fascinating tales about them.

American Pickers is looking for leads to explore local hidden treasure. If you or someone you know has a large, private collection or accumulation of antiques that the Pickers can spend the better part of the day looking through, email the name, phone number, location and description of the collection with photos to: americanpickers@cinetflix.com or call 855-653-7878.
