To Zillow OR not to Zillow, that is the question!

Making a decision of whether to stay or to go?
To hold on for awhile longer? Or, to take advantage of the current surge in Real Estate sales and list your house now?
Need an estimate of your home's value in today's market?
Do not rely on an unreliable "Zestimate"!

These computer generated estimates can be way off base, giving you an inflated impression of your property's value.
Or, the computer generated estimate could set you up for a discouraging value leading you to sell your home for less than you should, or certainly for less than you would with the assistance of a trained and licensed Real Estate Broker.

Call Mike and Wanda! You can rely on them for a true estimate called a CMA (Comparative Market Analysis). The CMA is based first of all on Sold comparable properties over the last 6 months and secondly, based on the current Listed prices of Active comparable properties.

Call Mike and Wanda! They will visit your property and coach you through a successful selling process from "A" to "Z"; (listing preparation through to close of escrow).
