How To Help Your Kids In School

(NAPSA)-Whether your child is
just entering elementary school or
looking at senior year of college, the
right equipment can help make things
go more smoothly. You may care to
contemplate this checklist of important
stuff to have to at every level:

- Elementary School Students**
- **Backpacks,** whether a space-
themed model or one focused on prin-
cesses, can be a great way for students
to show their personality.
 - **Technology.** One good way for
students to get online for research,
write documents and stay in touch is
with Acer Chromebook 15. U.S.
schools now buy more Chromebooks
than all other computers combined,
so having one at home, too, can help
your kids keep their learning on track.
It features a huge 15-inch display that
lets multiple people enjoy the system
for projects, running multiple apps and
having lots of tabs open. Once home-
work is done, it can stream Netflix and
movies and crisp and powerful speak-
ers deliver first-rate audio. In addition,
the Supervised Users feature lets par-
ents control the settings to keep their
students safe while online.
 - **Furniture:** See if your young stu-
dent has outgrown his or her desk and

The right materials may make a ma-
terial difference in your child's school
year.

- consider getting an ergonomic chair for
more comfortable studying.
- Middle-School and High School
Students**
- **A USB drive** can do last-minute
storing, transferring files and printing
documents.
 - **Scientific calculator:** Check with
the class list first to make sure you're
getting the recommended model.
 - **Computer:** Older students may
particularly appreciate a flexible note-

book that works in almost any position,
such as the Acer Chromebook R 11
because of its 360 degrees dual-torque
hinges. It stores files, documents and
photos safely in the cloud, which pro-
tects them and ensures that the most
current version is safe and available. It
also has a fast boot time of 10 seconds
or less. The 11.6-inch touch screen
LED-backlit display with IPS technol-
ogy has integrated 10-point touch capa-
bilities making it easier to use Android
apps. Plus, Chromebooks are known
for excellent battery life.

- **Printer:** Many teachers want as-
signments printed, so consider a laser
or inkjet printer. A color model lets kids
print photos, graphs and other school
projects.

College Students

- **Ear buds.** Invest in a quality pair
that fit well and provide the right bal-
ance of sound.
- **Think about protective gear** –
not so much for your kid but for his
or her devices. A case for the phone or
tablet can mean drops and spills won't
ruin it.
- **Computer:** For one that's large
enough for people to enjoy and share
video and multiple tabs or collaborate
on projects, yet portable and easy to

fit into a backpack or book bag, con-
sider the Acer Chromebook 14 with
a 14-inch display. The all-aluminum
chassis adds protection and is light-
weight and comfortable to the touch.
It provides advanced 802.11ac Wire-
less, so connecting to local hotspots
and networks is fast and easy. The 14-
inch display screen also has wide view-
ing angles and is complemented by an
HD webcam for enjoying video chats
and Hangouts, whether for work or to
catching up with family and friends
back home. Security is a key benefit of
the Chrome OS, as it's automatically
updated to guard against ever-changing
online threats. Chromebooks are even
great for sharing with someone who
forgot theirs. They can simply log onto
any Chromebook to get access to all
their bookmarks, apps, email and files.

- **Music:** To help your kid have fun
when studies are done, you can get a
Bluetooth speaker that will play mu-
sic from any paired Bluetooth-enabled
device. It's a welcome addition to any
party or gathering and can even play
background noise to prevent distrac-
tions.
